Shades Of Sheol:

Shades of Sheol Philip S. Johnston, 2002-08-14 Philip S Johnston examines Israelite views on death and afterlife as reflected in the Hebrew Bible and in material remains and sets them in their cultural literary and theological contexts

The Last Things George E. Ladd, 2004-01-09 In recent years scriptural prophecies about the end times have become the subject of an increasing number of books Many of these however are popularized accounts containing little thoughtful biblical scholarship Yet the serious studies available are often too difficult for the average reader to understand George Eldon Ladd has endeavored to rectify this situation with a serious discussion of eschatology written for the layperson Two radically different interpretations of the relationship between the prophecies of the Old and New Testaments have been offered One view sees separate programs for Israel and the Christian church while the other recognizes progressive revelation and a unity of the Testaments Professor Ladd holds the latter position basing his doctrine of the last things on the conviction that our final word is to be found in New Testament reinterpretation of Old Testament prophecy Only as the prophecies are seen in the light of God's revelation through Christ can we clearly comprehend what they mean in relation to the end times

Soul-Searching Luke Jeffrey Janssen, 2019-08-06 There are well over one hundred different views of the nature of human existence though the Bible may rule out many of these there still remains a large number that are all compatible with Scripture The Bible never explicitly defines the nature of the soul or spirit which is actually quite puzzling or even ironic given that one major aim of Scripture is spiritual development and ultimate questions about the soul In fact Judeo Christian thinking on those questions has been evolving over the course of four thousand years This book documents that evolution as a man named Abram left Babylon four thousand years ago journeying through the lands and the philosophies of civilizations preceding him by many more thousands of years while he and his descendants both physical and spiritual unpacked their understanding of our inner being the human soul and the afterlife That journey is followed to the present day and examines how a critically thinking Christian can embrace a theology of the human soul that is fully compatible with modern scientific findings including explanations for consciousness mind and soul

Ray Clendenen,2024-04-15 What happens after we die The Ultimate Guide to Heaven and Hell is a summary guide to the afterlife that seeks to provide answers based on biblical teaching Throughout readers will encounter questions like What is heaven and how can I be sure I will get there Is it different from the new heavens and the new earth Will my body be there or just my spirit soul What is hell and how can I be sure to avoid it CHAPTERS INCLUDE Is it Just Hype How Can I Know Geography of Heaven and Earth Heaven the Celestial Fire Heaven Avoiding the Fire Is Heaven Our Home The New Creation The Necessity and Power of Jesus s Resurrection How Can I Know Jesus Was Raised What Is a Person Intermediate State Old Testament Evidence Intermediate State New Testament Evidence What Do We Know about Hades Did Christ Descend to Hades Gehenna the Lake of Fire Tartarus and the Abyss Death and Dying Human mortality can be quite paralyzing to some people but the truth remains our individual bodily lives will one day come to an end What happens after The Bible has much to say in response to that question and ultimately provides hope on this topic as we look to Jesus the one who has conquered death **Silencing Satan** Sharon Beekmann,Peter G. Bolt,2012-02-01 Silencing Satan A Handbook of Biblical Demonology is about the nature and strategies of Satan and the demons and their defeat through the life death and resurrection of our Lord and Savior Jesus Christ The book is for Christians in ministry whether seminarians pastors Bible teachers Christian counselors or lay leaders It is for all who desire an informed faith relevant to supernatural evil and the Gospel of Jesus Christ Each chapter reflects extensive research and is succinctly written to enable believers to quickly grasp biblical truths that

expose the lies and half truths propagated by popular culture within and outside the church The authors teach that when face to face with supernatural evil in its various guises apparitions voices sensations false doctrine and immoral temptations believers resist the devil and reflexively turn to Jesus and Scripture They fight by living a radical life of faith expressed through love and obedience to Christ As they do God himself redeems the evil that Satan intends for his vainglory God is building his church and the gates of hades will not prevail against her Matt 16 18 Reincarnation, Oblivion or Heaven? Bobby Bose,2016-07-31 What is death Why do we die and what happens after we die Over the centuries philosophers and theologians of the world s religions have offered answers to the dilemma of death yet this subject is rarely given the detailed attention it deserves in the contemporary Christian church As Christians how does our view of death impact the communication of the gospel in today s pluralistic societies In this study Dr Bobby Bose not only develops a solid biblical theology of death he also reviews the teachings of contemporary and historical Christian theologians around the world and examines the state after death beliefs of Hindus Muslims and Secular Humanists The author shows that state after death was a central component of conversation in the early church and is also a major component of God s mission to rescue humanity As the East converges with the West it is vital that Christians develop a missiological approach to state after death that will encourage positive engagement with people of other faiths and beliefs Precious Enemy Toby Jennings,2017-04-17 King Solomon asserted love is as strong as death Song of Solomon 8 6 Solomon the wisest of all Israel s kings recognized that while every human would eventually succumb to death death is not ultimate in power The God whose essence is love designed and created both human life and death as instruments for the display of his own splendor and purposes Neither human life nor death then can deviate from God s ultimate purpose and good for the creature made in his own image Biblically death serves as the perfect foil to mark both the immeasurable value of human life and at the same time the relatively limited value of it Rather than either worshipping or desecrating this finite gift of human life we can value it rightly and also worship the God who in his literally infinite wisdom gives and takes away life in accord with his good and gracious purposes *McMaster Journal of Theology and Ministry: Volume 20, 2018-2019* David J. Fuller,2020-05-07 The McMaster Journal of Theology and Ministry is an electronic and print journal that seeks to provide pastors educators and interested lay persons with the fruits of theological biblical and professional studies in an accessible form Published by McMaster Divinity College in Hamilton Ontario it continues the heritage of scholarly inquiry and theological dialogue represented by the College s previous print publications the Theological Bulletin Theodolite and the McMaster Journal of Theology **The Last Enemy to Be Destroyed** Ralph K. Hawkins,2024-11-11 Sooner or later we are all faced with death and are left asking whether death has the last word The Bible does not pretend that death is not a problem but instead views it as an enemy that has invaded God s world and torments humankind The Bible teaches that Jesus Christ has triumphed over death but there is debate about when that triumph will be realized The apostle Paul says that death will be the last enemy to be destroyed 1 Cor 15 26 and

the author of the letter to the Hebrews says that ironically it was by his death that Jesus broke the power of death Heb 2 14

The Last Enemy to Be Destroyed will take readers on a guided tour of the progressive revelation from the garden of Eden where the fall occurred and death first entered the world to the last days when the general resurrection will occur and death will finally be defeated once and for all It will encourage anyone who has either lost a loved one or received a frightening diagnosis themselves Readers will be assured that there will come a day when the last enemy death will be defeated and we will be redeemed *"He Descended to the Dead"* Matthew Y. Emerson,2019-12-24 The descent of Jesus Christ to the dead has been a fundamental tenet of the Christian faith as indicated by its inclusion in both the Apostles and Athanasian Creeds But it has also been the subject of suspicion and scrutiny especially from evangelicals Led by the mystery and wonder of Holy Saturday Matthew Emerson offers an exploration of the biblical historical theological and practical implications of the descent Urban Legends of the Old Testament David A. Croteau,Gary Yates,2019-12-01 Urban Legends of the Old Testament surveys forty of the most commonly misinterpreted passages in the Old Testament **The Old Testament in Its World** Robert Gordon,Johannes de Moor,2021-11-29 Discoveries in sites revealing the ancient cultures of the Near East and Greece have contributed much to a better understanding of the Old Testament As new finds constantly add new information this precious evidence has to be re evaluated time and again In this volume members of the Society for Old Testament Study in the United Kingdom and Ireland as well as members of the Oudtestamentisch Werkgezelschap in the Netherlands and Belgium join forces to undertake this demanding task Egyptian Sumerian Babylonian Assyrian Neo Hittite Aramaic and Greek texts are inspected in order to establish whether or not they are relevant to the understanding of the Hebrew Bible

Between Death and Resurrection Stephen Yates,2017-01-26 A philosophical exploration of resurrection and death in Christian and particularly Catholic thought Ezekiel (Understanding the Bible Commentary Series) Steven Tuell,2012-07-01 The Understanding the Bible Commentary Series helps any reader navigate the strange and sometimes intimidating literary terrain of the Bible These accessible volumes break down the barriers between the ancient and modern worlds so that the power and meaning of the biblical texts become transparent to contemporary readers The contributors tackle the task of interpretation using the full range of critical methodologies and practices yet they do so as people of faith who hold the text in the highest regard Pastors teachers and lay people alike will cherish the easily understandable truth found in this commentary series **On the Resurrection of the Dead** James T. Turner, Jr.,2018-10-03 Christian tradition has largely held three theological affirmations on the resurrection of the physical body Firstly that bodily resurrection is not a superfluous hope of afterlife Secondly there is immediate post mortem existence in Paradise Finally there is numerical identity between pre mortem and post resurrection human beings The same tradition also largely adheres to a robust doctrine of The Intermediate State a paradisiacal disembodied state of existence following the biological death of a human being This book argues that these positions are in fact internally inconsistent and so a new theological model for life after

death is required The opening arguments of the book aim to show that The Intermediate State actually undermines the necessity of bodily resurrection Additionally substance dualism a principle The Intermediate State requires is shown to be equally untenable in this context In response to this the metaphysics of the afterlife in Christian theology is re evaluated and after investigating physicalist and constitutionist replacements for substance dualist metaphysics a new theory called Eschatological Presentism is put forward This model combines a broadly Thomistic hylemorphic metaphysics with a novel theory of Time This is an innovative examination of the doctrine of life after death It will therefore be of great interest to scholars of analytic theology and philosophy of religion Commentary on the Book of Job George Aaron Barton,1911

Seeing Light Peter Gant,2019-09-16 Based on a close reading of a wide range of Jewish and early Christian sources the author explores how faith in the resurrection developed in the Early Church and what believing in the resurrection might mean for twenty first century people
