Bible Secret Ron Bain,2005-08 Last few days of the world s civilizations The texture is that of diamonds infinitely solid incomprehensible in its hardness The color is a dark blue A deep plateau stretches out in every direction There stands an individual a figure of a human Tall beyond dimensions He is clothed in light His shoulders are broad His feet seem as blocks His hands appear gentle His face reveals no features The eyes are felt rather than seen Surrounding the light that clothes Him is an aura of light blue Behind Him a deep blue goes back forever He is the Beginning and the End and has decided the moment when time shall stop The rebuilding of the Temple is the key to all of it The actual events like the war in Iraq the 11th September the terror all over the world and the campaign of the UN and other powers in the world to take Jerusalem and parts of the Biblical land of Israel are actually the opening stages of the end time war and all of it is focused on Israel and Jerusalem as G d shared with us in prophecy The Temple Mount and Land of Israel Faithful Movement Published April 2003      *Books In Print 2004-2005* Ed Bowker Staff,Staff Bowker, Ed,2004      **Drifting Towards Another Civil War in America** Donald Kropp,2017      Drugs, Oil, and War Peter Dale Scott,2004-01-01 Peter Dale Scott s brilliantly researched tour de force illuminates the underlying forces that drive U S global policy from Vietnam to Colombia and now to Afghanistan and Iraq He brings to light the intertwined patterns of drugs oil politics and intelligence networks that have been so central to the larger workings of U S intervention and escalation in Third World countries through alliances with drug trafficking proxies This strategy was originally developed in the late 1940s to contain communist China it has since been used to secure control over foreign petroleum resources The result has been a staggering increase in the global drug traffic and the mafias associated with it\_a problem that will worsen until there is a change in policy Scott argues that covert operations almost always outlast the specific purpose for which they were designed Instead they grow and become part of a hostile constellation of forces The author terms this phenomenon parapolitics\_the exercise of power by covert means\_which tends to metastasize into deep politics\_the interplay of unacknowledged forces that spin out of the control of the original policy initiators We must recognize that U S influence is grounded not just in military and economic superiority Scott contends but also in so called soft power We need a soft politics of persuasion and nonviolence especially as America is embroiled in yet another disastrous intervention this time in Iraq      **Conspiracies and Secret Societies** Brad Steiger,Sherry Steiger,2012-06-01 The invisible world of influence and power revealed Hidden agendas uncovered Examines 250 current and historical conspiracies secret cabals and powerful groups Startling allegations Suppressed evidence Missing witnesses Assassinations Cover ups and threats Documented connections to an even deeper intrigue Allusions to the New World Order Coincidences Too many to be mere coincidence American history is replete with warnings of hidden plots by the Illuminati the Freemasons the Zionists the Roman Catholics the Communists World Bankers the Secret Government and Extra Terrestrial Invaders to name a few Separating fact from fiction this compelling work provides gripping details and presents

**Phoenix Rising** Donald G. Lett, Donald G Lett Jr, 2008-02 In an age when the supply of gasoline to feed this modern American society has become both more expensive and more scarce questions are being pondered Inquires like How can a modern society scale back its dependence on gasoline as a motive source Are there genuine alternative power sources Are they the answer to a growing crisis Recent announcements of hybrids like those from Honda Toyota and Ford have really brought attention to this issue Hybrids that use both gasoline engines and electric motors Really though alternative power sources have been around for as long as the automobile has been The battle between and among the steam car the electric and the gas car was fought out in the first couple of decades of the twentieth century This book explores the ins and outs of that battle A struggle from which the gasoline car emerged completely victorious To such an extent that steam cars and electric cars virtually disappeared from the scene for many decades We will look over all three alternatives exploring their advantages and disadvantages We will also look over the obstacles to the steamers and the electrics Barriers that still exist to a certain extent Handicaps that caused their disappearance in the first place *Matrix for Assassination* Richard Gilbride, 2009-10-26 A phantom haunts Americathe ghost of Dealey Plaza where President John F Kennedy was shot on November 22 1963 In *Matrix for Assassination* author Richard Gilbride a schoolboy in 1963 who became fascinated with the facts condenses much of the research conducted in recent years after a mountain of new data became available from classified files with the passing of the John F Kennedy Assassination Records Collection Act of 1992 *Matrix for Assassination* names the names It offers simple and defensible solutions to many of the crimes lasting enigmas Who were the shooters Who

violent events Rather he demonstrates convincingly that the Texas warrior culture provides a fascinating context for national politics in a way that no other state s political culture can claim      The Youth's Companion Nathaniel Willis, Daniel Sharp Ford, 1919 Includes music      *Terrorism, Globalization & Mass Communication* Center for Global Media Studies.
