nothing except to show kindness to their fellow countrymen Yet beneath the fabled trusses of this happy land of plenty a dark malevolence lurks hidden and waiting in the shadows The beautiful dream is shattered when suddenly Lyonesse teeters on the brink of civil war endangering the reign of the heirless royal family and threatening the stability of the Western Kingdoms A vile evil born of the Infernal Planes and imprisoned for centuries prepares to release its rage framed in violence and cruelty none have experienced since the early days of the Kingdom It creeps behind the smiling visage of one trusted and powerful corrupting everything that it touches growing stronger spreading its wicked depravity silently unnoticed Will chaos and evil bring boundless ruin upon the realm Will hopeless despair a ravaged country and tyranny prevail Enter Perault a young man barely a Knight who may unwittingly hold the key to the answers A key that may open doors leading him to a fight for his very soul the soul of a kingdom the soul of a woman he loves more than life itself and the destiny of a bloodline fated to change the course of history Nothing is certain in this timeless battle Except death

Living in the shadows of a rich and sick society Dr. Lloyd G Fennell, 2010-10-19 Living in the Shadows of a Rich and Sick Society is a chilling reality depicting the rising level of violence among teens increased alcohol and drug abuse and the continuous exploitation of children which has become a widespread phenomena that has developed into a scandalous situation in our homes schools communities and that all too often ends up in many grave yards The spiral of youth problems and issues has created challenges for our schools the police the courts and our neighborhoods It is my belief that solutions to most of these problems are no longer a local matter Our government must establish a national new team philosophy and commitment to address the physical social economical psychological and technological problems of our youth in our changing world It is my belief that the social problems of teens youth violence and miss education will continue to become major issues for a very long time unless some immediate and drastic actions are implemented In spite of the advancement of technology and the achievements in education businesses government and faith institution there is no single source within our societies that is more important that is in danger than the foundation of family The day break of a new culture is at hand in which the youth culture must be taken very seriously It is time for a cultural make over Our civilize society can no longer wait for an early afternoon break In a rich republic like ours we can no longer side step our civic responsibilities of knowing that the foundation of the family is in danger The new day is now Tomorrow is not promised Our civilized society can no longer wait for an early afternoon Immediate action is need to address the black sheep attitude of this nation Our young people are restless They have been awakened to the misgivings of their adult counterparts Do as I say but not as I do There is a silent revolution taking place in our youth culture of internet forums to challenge our institutions may be for good or for evil actions However soon they will be no more silent in the outcome The youth population must be taken very serious concerning their aggressive disobedience to parents their uncaring attitudes towards their peers and civic disorder to institutions Government both state and local jurisdictions will need to reassert their methods in developing regional strategies and collective

programs that at times will call for a national approach for an effective comprehensive solution to counteract the silent psychopathic nature that are taking hold of our society. It is quite evident from my experience of working in schools, the community, and the correctional institutions that violent behavior by youth is very serious and extreme and must be corrected immediately. In times like these, someone must be able to speak about the wrongs of government without fear and limitations. The voice of the sick, lame, and the poor must be represented in all chambers of society. As we look around to the greed and corruptions, the crimes, the abuse, and violence, we can see a decaying state of affairs crashing down with shattering forces ready to destroy the family and our learning institutions. Needless to say, most families are not equipped to keep pace with increasing technological changes that are taking place. The level of advertisement and marketing techniques have cast a double shadow in which the haves are joining the haves and the have nots. Living in the shadows of a rich and sick society is an attempt to look at the five major institutions of civilization with a spiritual vision of hope and institutional reconciliation. A vision where the institutions of the family, home, schools, places of worship, commerce, and government will dream new dreams for equitable action and just resources and services to reverse the never-ending spiral of unrest if we fail to address the needs of our future generation. Today, God is calling. **A Sliver of Light Out of Darkness** Glenn A. Atchinson, 2008-10
