Shadow Lovers The Last Affairs Of H G Wells:

Shadow Lovers UK Edition Andrea Lynn, 2019-12-06 Nearing 70 and in what would be the last decade of his life H G Wells fell in love at least three times once with the much younger Baroness Budberg and soon thereafter with two well born Americans Constance Coolidge and Martha Gelhorn 25 and 40 years his junior respectively These would constitute what Wells himself described as his last flounderings towards the wife idea and demonstrate in many ways that Wells was driven less by his considerable intelligence than by his obsession to find his ideal lover what he called his lover shadow This study looks at this very personal side of H G Wells The self proclaimed Don Juan was said to have radiated energy intellectual emotional physical and sexual Drawing on papers made public by the Wells estate the author documents Wells relationship with each of these femme fatales and paints a vivid portrait of the early part of the 20th century in London Paris and the US

H.G. Wells and the Twenty-First Century Bill Cooke, 2023-09-15 H G Wells has been branded as a novelist who betrayed his vocation But Wells saw himself as what we would today call a public intellectual How credible is this claim And what happens when we look at him in this way So typecast has Wells s reputation become that neither of these questions has been previously asked but when we look at Wells as a thinker we find a whole new quality to his later works which have invariably been dismissed by literary scholars as of low quality or even not worth reading In particular Wells s prescience as a prophet of our current environmental problems stands out for example he foresaw anthropogenic climate change as early as 1931 Popular conceptions of Wells as racist imperialist and eugenicist are also challenged What emerges is a new perspective on a significant public intellectual and pioneering prophet of the twenty first century **Portraits from Life** Jerome Boyd Maunsell, 2018-01-05 What happens when novelists write about their own lives directly in memoirs and autobiographies rather than in novels How do they present themselves and what do their self portraits reveal In a series of biographical case studies *Portraits from Life* examines how seven canonical Modernist writers Joseph Conrad Ford Madox Ford Henry James Wyndham Lewis Gertrude Stein H G Wells and Edith Wharton depicted themselves in their memoirs and autobiographies during the first half of the twentieth century Drawing on a range of life writing sources in this innovative group portrait Jerome Boyd Maunsell reconstructs the periods during which these authors worked on their memoirs often towards the end of their lives and shows how memoirs and autobiographies are just as artful as novels The seven portraits in the book also create a rich network of encounters as many of these writers knew each other and wrote about each other in their reminiscences *Portraits from Life* investigates the difficulties and possibilities of autobiography the relation of fact and fiction biography and autobiography the ethical issues of dealing with real people the thin generic lines between novels and autobiographies and the deceptive workings of memory and how all these writers dealt with these concerns as they looked back on their lives An act of portraiture and biography as well as an act of criticism moving from London to Paris and through two world wars it also pieces together a fresh and constantly inter connecting narrative of the Modernist era in

England and France The Immortalization Commission John Gray, 2025-06-25 A Globe and Mail Best Books of the Year 2011 Title At the heart of human experience lies an obsession with the nature of death Religion for most of history has provided an explanation for human life and a vision of what comes after it But in the late nineteenth and early twentieth centuries such beliefs came under relentless pressure as new ideas from psychiatry to evolution to communism seemed to suggest that our fate was now in our own hands humans could cease to be animals defeat death and become immortal In *The Immortalization Commission* the acclaimed political philosopher and critic John Gray takes a brilliant and frightening look at humankind's dangerous striving toward a scientific version of immortality Probing the parallel faiths of Bolshevik God builders who sought to reshape the planet and psychical researchers who believed they had evidence of a nonreligious form of life after death Gray raises fascinating questions about how such beliefs threaten the very nature of what it means to be human He looks to philosophers journalists politicians charlatans and mass murderers who all felt driven by a specifically scientific and modern worldview and whose revolt against death resulted in a series of experiments that ravaged whole countries An urgent examination of Darwin's post religious legacy *The Immortalization Commission* is an important work from one of Britain's leading public intellectuals *The Wall Street Journal* *Love and Russian Literature* Ira Nadel, 2023-11-30 Russia haunted the British cultural imagination throughout the 20th century whether as a romantic source of literary and political inspiration or as a warning of creeping totalitarianism In this new book Ira Nadel charts the story of that influence through the work of some of the key figures in British literature across the century including Joseph Conrad Somerset Maugham Jane Harrison Virginia Woolf and H G Wells Framed by the story of two romantic encounters between Walter Benjamin and the actress Asja Lacis in Moscow in 1926 and between Isaiah Berlin and Anna Akhmatova in 1945 *Love and Russian Literature* casts a vivid new light on the ways in which responses to Russia shaped the history of British modernism Deus Ex Machina Chris Pilie, Trey Roberts, 2015-06-22 With the rise of German Existentialism the world has entered a post modern era where up is down and right is wrong *Deus ex Machina* explores this progression away from the Enlightenment As a result of this progression the rejection of God and the embracing of collectivism has closed in around a once free American society See the steps towards Secular Socialism through the a philosophical and political perspective There is no better account that explains this progression **A State of Play** Steven Fielding, 2014-04-24 This book is available as open access through the Bloomsbury Open Access programme and is available on www.bloomsburycollections.com *A State of Play* explores how the British have imagined their politics from the parliament worship of Anthony Trollope to the cynicism of *The Thick of It* In an account that mixes historical with political analysis Steven Fielding argues that fictional depictions of politics have played an important but insidious part in shaping how the British think about their democracy and have helped ventilate their many frustrations with Westminster He shows that dramas and fictions have also performed a significant role in the battle of ideas in a way undreamt of by those who draft party manifestos The book examines the work

of overtly political writers have treated the subject discussing the novels of H G Wells the comedy series Yes Minister and the plays of David Hare However it also assesses how less obvious sources such as the films of George Formby the novels of Agatha Christie the Just William stories and situation comedies like Steptoe and Son have reflected on representative democracy A State of Play is an invaluable distinctive and engaging guide to a new way of thinking about Britain's political past and present

Airpower in Literature Kimberly K. Dougherty, 2022-08-08 The first century of airpower has ended yet few critics have addressed the literature that chronicles its human toll Airpower in Literature Interrogating the Clean War 1915 2015 offers fresh insight into this airpower century by placing literature of five major wars in conversation with the clean war discourse Kimberly Dougherty examines the paradoxical representation of aerial warfare that has allowed extensive airstrikes on cities and civilians while promising a cleaner method of waging war First suggested by early military theorists the notion of a clean air war one that would save lives through its speed and precision proved seductive in the twentieth century and continues to shape the rhetoric of airpower today The air war is perceived as clean the author argues when we see neither the aviator nor the targeted populations in the bombing dynamic Through analysis of fiction poetry drama and journalism from the ruins of World War I to the technologies of post modern war the author identifies counternarratives that make visible both aviators and bombed societies and present aerial warfare that is not clean but messy prolonged and imprecise This exploration encourages readers and writers to approach the next century of airpower with greater wisdom and empathy
