Shadow Of Turning:

The Letter of James Douglas J. Moo, 2000-02-09 Few books in the New Testament are better known or more often quoted as the Letter of James Because James is so concise so intensely practical and so filled with memorable metaphors and illustrations it has become one of the two or three most popular New Testament books in the church This highly original commentary seeks to make the Letter of James clear and applicable to Christian living today Interacting with the latest views on James but keeping academic references to a minimum Douglas Moo first introduces the Letter of James in its historical context and then provides verse by verse comments that explain the message of James both to its first readers and to today's church

Preaching Types & Metaphors (Keach) Benjamin Keach, Introduction by Herbert W Lockyer An exhaustive analysis of the significance of each type and metaphor and the practical application they offer us today

Divine Impassibility and the Mystery of Human Suffering James Keating, O.P. White, Thomas Joseph, 2009-07-14 James F Keating and Thomas Joseph White have gathered here a selection of essays that consider how God's suffering or lack thereof can relate to our redemption from and through human suffering The contributors Catholic Protestant and Orthodox tread carefully but surely over this thorny ground defending diverse and often opposing perspectives Divine Impassibility and the Mystery of Human Suffering is an excellent contribution to the latest stage in this difficult and important theological controversy

BOOK JACKET *The Death of Classical Theism and the Subsequent Rise of Atheism* Shane Himes, 2025-03-18 Modernity has seen the rise of atheism and a rejection of classical theism In this book Shane Himes argues that the two realities are largely dependent on one another Many modern Christian apologists are not fond of classical doctrines such as divine simplicity and impassibility and thus they happily reject these ideas The ramifications of doing so however have not been fully appreciated especially as they relate to Christian arguments for God's existence Himes gives an overview of the arguments for God's existence by examining the work of both scholars who reject classical theism and those who embrace it An analysis of these arguments demonstrates that modern models of God make his existence a mere possibility as opposed to a logical necessity As such the arguments given by these scholars leave them susceptible to atheist critiques given that they do not answer the question of why anything exists Without classical theism God becomes one possible answer as to why our particular universe exists the way that it does but apparently this has not been convincing to many as atheism has seen an unprecedented rise in the last two centuries Paradoxically if Christianity is to become dominant once again in academia and Western societies more generally a recovery of classical depictions of God as the ground of all being is paramount

Shifting Shadow of Supernatural Power Julia Loren, 2011-07-28 A storm is brewing Who is ready for the coming showdown Shifting Shadows of Supernatural Power charts the storm brewing between the power of God and schemes of the enemy and encourages believers to step out of the shadows and into the Light A history of the prophetic movement in the United States combined with interviews of many well known prophetic voices such as Jill Austin Heidi and Roland Baker Todd

Bentley Stacey Campbell Randy Clark Graham Cooke James Goll Bill Hamon John Paul Jackson Rick Joyner and Patricia King serve as a compass to navigate the storm and change the course of a too complacent intellectual church The author equips you to Step into God s presence Define shifting shadows origins Sharpen your discernment Recognize converging movements Increase in power and authority Arm yourself with knowledge to distinguish the difference between power that comes from God the enemy or even yourself By tapping into God s authentic power and using His gifts of the Spirit you will access His supernatural signs and wonders today

To My Annie Book 3 Wade Powers,2018-08-29 To My Annie Book 3 is a follow up to the two previous works Each is a compilation of one hundred poems written for and dedicated to Annie the authors love and inspiration A few of the poems are generalized but the preponderance is composed in a romantic theme and seeks to express the wonder and astonishment that two people can hope to discover Some of the poetry alludes to the struggles and darkness that is simply a part of human existence but the effort of the author is to regale always on the strength and enduring power of love devotion and commitment Much of the poetry refers to the Bible and spiritual strivings because by seeking to understand how God loves us we can glimpse into the eternal through that lens of love that He created
