Papers from My Desk and Other Poems William Emerson (Poet.),1873 **The Shadow of Eternity** Sharon C. Seelig,2021-12-14 The poetry of Herbert Vaughan and Traherne represents an attempt to shape their lives and verse around the fact of divine presence and influence writes Sharon Seelig The relationship between belief and expression in these three metaphysical poets is the subject of this deeply perceptive study Each of these poets held to some extent the notion of dual reality of the world as indicative of a higher reality but their responses to this tradition vary greatly from the ongoing struggle between God and the poet of The Temple which finally transforms the materials of everyday life and worship to the more difficult unity of Silex Scintillans with its tension between illumination and resignation to the ecstatic proclamations of Thomas Traherne whose sense of divine reality at first seems so strong as to destroy the characteristic metaphysical tension between this world and the next Seelig s study proceeds from individual poems to the whole work exploring the relation of cosmology and religious experience to poetic form *Providence and Other Poems* Samuel Jones Cassels,1838

Hall, 2019-12-06 In *Songs of Three Counties and Other Poems* Radclyffe Hall weaves a rich tapestry of lyrical beauty that reflects her deep connection to the English countryside. The collection is characterized by its vivid imagery and evocative sound patterns capturing the essence of the landscapes of Somerset, Wiltshire, and Dorset. Hall's poems embody the spirit of early 20th-century modernism, blending natural themes with deep emotional resonance, offering insightful reflections on identity, love, and the passage of time. The distinctiveness of this collection is enhanced by Hall's ability to marry traditional poetic forms with innovative language, positioning her as a pivotal figure in the exploration of lyrical expression during her era. Radclyffe Hall, a prominent figure in lesbian literature, was no stranger to the struggles of personal and sexual identity in a repressive society. Her comprehensive background in literature, coupled with her own experiences and challenges, informed her artistic expression. *Songs of Three Counties* serves as both an homage to her roots and an exploration of her innermost thoughts, revealing the interplay between her personal life and creative output. This collection is a must-read for scholars and enthusiasts of poetry alike, as it invites readers to savor the nuanced beauty of Hall's verse while contemplating the complex themes that underpin her work. It stands as a compelling testament to Hall's literary prowess, making it an essential addition to the canon of English poetry.

Charles Williams and C. S. Lewis Paul S. Fiddes, 2021-10-21 This study of the literary relationship between Charles Williams and C. S. Lewis during the years 1936-1945 focuses on the theme of co-inherence at the centre of their friendship. The idea of co-inherence has long been recognized as an important contribution of Williams to theology and had significant influence on the thought of Lewis. This account of the two writers' conviction that human persons inhere or dwell both in each other and in the triune God reveals many interrelationships between their writings that would otherwise be missed. It also shows up profound differences between their world views and a gradual though incomplete convergence onto common ground. Exploring the idea of co-inherence throws light on the fictional worlds they created as well as on their treatment, whether together or separately, of a wide range of theological and literary subjects: the Arthurian tradition, the poetry of William Blake and Thomas Traherne, the theology of Karl Barth, the nature of human and divine love, and the doctrine of the Trinity. This study draws for the first time on transcriptions of Williams' lectures from 1932 to 1939, tracing more clearly the development and use of the idea of co-inherence in his thought than has been possible before. Finally, an account of the use of the word co-inherence in English-speaking theology suggests that the differences that existed between Lewis and Williams, especially on the place of analogy and participation in human experience of God, might be resolved by a theology of co-inherence in the Trinity.

A History of Ottoman Poetry Elias John Wilkinson Gibb, 1900 Elias John Wilkinson Gibb (1857-1901) was a Scottish Orientalist who was born and educated in Glasgow. After studying Arabic and Persian, he developed an interest in Turkish language and literature, especially poetry, and in 1882 he published *Ottoman Poems Translated into English Verse in the Original Forms*. This was a forerunner to the six-volume classic presented here, *A History of Ottoman Poetry*, published in London between 1900 and

1909 Gibb died in London of scarlet fever at the age of 44 and only the first volume of his masterpiece appeared before his death. His family entrusted to his friend Edward Granville Browne 1862-1926 a distinguished Orientalist in his own right who had made a special study of Babism the task of posthumously publishing the five remaining volumes. Browne characterized the work as one of the most important if not the most important critical studies of any Muhammadan literature produced in Europe during the last half century. The first volume contains a long and compelling introduction by Gibb on the entire subject in which he argues that Ottoman poetry often rose and fell in tandem with Ottoman power. Gibb divides Ottoman poetry into two great schools: the Old or Asiatic circa 1300-1859 which generally was characterized by its deference to Persian influences and the New or European from 1859 onward which was influenced by French and other Western poetry. According to Gibb the Old or Asiatic School went through a four periods: a formative period 1300-1450, a period 1450-1600 in which works were modeled after the Persian poet Jami, a period 1600-1700 dominated by the influences of Persian poets Urfi Shirazi and Sa'ib Tabrizi and a period of uncertainty that lasted until 1859. The European school that followed was inaugurated by Ibrahim Sinasi 1826-71 who in 1859 produced a small but momentous collection of French poetry translated into Turkish verse. The influence of the collection was far reaching and eventually changed the course of Ottoman poetry. Gibb is known for his masterful translations that brilliantly render into English both the meaning and the form of Ottoman Persian and Arabic poetry. For almost a century after his death a family trust financed the Gibb Memorial Series of editions and translations into English of Arabic, Persian and Turkish texts.

The Minstrel; or the Progress of Genius with some other poems James Beattie, 2019-12-04. James Beattie's *The Minstrel or the Progress of Genius with some other poems* presents a lyrical exploration of the evolution of the poet's mind and artistry intricately interwoven with themes of nature, personal reflection and the quest for knowledge. Employing a rich Romantic style characterized by its emotive language and vivid imagery, Beattie bridges the gap between the Enlightenment's rationality and burgeoning Romantic sensibilities. This work stands as a pivotal reflection of its time, emphasizing the significance of individual intuition and emotional depth in artistic creation while serving as a commentary on the societal elevation of poetic genius. Born in 1735 in rural Scotland, Beattie's upbringing in a pastoral landscape deeply informed his literary voice. He was not merely influenced by the literary currents of his era but also by a keen desire to harmonize human experience with the natural world. His engagement with philosophy, ethics and the beauty of the Scottish countryside permeates his poetry, prompting a thoughtful inquiry into the role of the poet as both an artist and a moral agent. For readers with an appreciation for the interplay between nature and genius, *The Minstrel* is a compelling read that invites contemplation of the creative process. Beattie's fusion of personal narrative and poetic reflection serves as an enduring guide for those seeking insight into the relationship between inspiration and artistry.

Painted Shadow Carole Seymour-Jones, 2009-12-23. By the time Vivienne Eliot was committed to an asylum for what would be the final nine years of her life, she had been abandoned by her husband T. S. Eliot and shunned by literary London.

Yet Vivienne was neither insane nor insignificant. She generously collaborated in her husband's literary efforts, taking dictation, editing his drafts, and writing articles for his magazine *Criterion*. Her distinctive voice can be heard in his poetry. And paradoxically, it was the unhappiness of the Eliots' marriage that inspired some of the poet's most distinguished work, from *The Family Reunion* to *The Waste Land*. This first biography ever written about Vivienne draws on hundreds of previously unpublished papers, journals, and letters to portray a spontaneous, loving but fragile woman who had an important influence on her husband's work as well as a great poet whose behavior was hampered by psychological and sexual impulses he could not fully acknowledge. Intriguing and provocative, *Painted Shadow* gracefully rescues Vivienne Eliot from undeserved obscurity and is indispensable for anyone wishing to understand T. S. Eliot, Vivienne, or the world in which they traveled.
