The book is divided into three main sections. In the first two Al and Colin work individually to create the most wanted effects and in the third section Al and Colin combine their skills in two different design projects. These projects were selected to demonstrate how designers tackle a variety of tasks when working with others, the questions and issues that may arise and how the final product is achieved. The focus is on tutorials and how to create effects rather than lengthy descriptions of individual tools. The majority of requests that Al and Colin receive are about producing stunning images not explaining the tools so that's what they've concentrated on.
