***Women in the Age of Shakespeare*** Theresa D. Kemp, 2009-12-14 This book offers a look at the lives of Elizabethan era women in the context of the great female characters in the works of William Shakespeare Like the other entries in this fascinating series *Women in the Age of Shakespeare* shows the influence of the world William Shakespeare lived in on the worlds he created for the stage this time by focusing on women in the Elizabethan and Jacobean eras in general and in Shakespeare's works in particular *Women in the Age of Shakespeare* explores the ancient and medieval ideas that Shakespeare drew upon in creating his great comedic and tragic heroines It then looks at how these ideas intersected with the lived experiences of women of Shakespeare's time followed by a close look at the major female characters in Shakespeare's plays and poems Later chapters consider how these characters have been enacted on stage and in film interpreted by critics and scholars and reimagined by writers in our own time

**The Tainted Muse** Robert Sanford Brustein, 2009-01-01 This book is a masterful and engaging exploration of both Shakespeare's works and his age Concentrating on six recurring prejudices in Shakespeare's plays such as misogyny elitism distrust of effeminacy and racism Robert Brustein examines how Shakespeare and his contemporaries treated them More than simply a thematic study the book reveals a playwright constantly exploiting and exploring his own personal stances These prejudices Brustein finds are not unchanging over time they vary in intensity and treatment Shakespeare is an artist who invariably reflects the predilections of his age and yet almost always manages to transcend them Brustein considers the whole of Shakespeare's plays from the early histories to the later romances though he gives special attention to *Hamlet* *King Lear* *Othello* and *The Tempest* Drawing comparisons to plays by Marlowe Middleton and Marston Brustein investigates how Shakespeare's contemporaries were preoccupied with similar themes and how these different artists treated the current prejudices in their own ways Rather than confining Shakespeare to his age this book has the wonderful quality of illuminating both what he shared with his time and what is unique about his approach

**Barbarous Play** Lara Bovilsky, 2008 Exploring the similar underpinnings of early modern and contemporary ideas of difference this book examines the English Renaissance understandings of race as depicted in drama Reading plays by Shakespeare Marlow Webster and Middleton Lara Bovilsky offers case studies of how racial meanings are generated by narratives of boundary crossing especially miscegenation religious conversion class transgression and moral and physical degeneracy In the process she reveals the parallels between the period's conceptions of race and gender From publisher description
