Shakespeare's Women and the Fin de Siècle Sophie Duncan, 2016-12-01 Shakespeare's Women and the Fin de Siècle illuminates the most iconoclastic performances of Shakespeare's heroines in late Victorian theatre through the celebrity commentary and wider careers of the actresses who played them By bringing together fin de siècle performances of Shakespeare and contemporary Victorian drama for the first time this book illuminates the vital ways in which fin de siècle Shakespeare and contemporary Victorian theatre culture conditioned each other Actresses' movements between Shakespeare and fin de siècle roles reveal the collisions and unexpected consonances between apparently independent areas of the fin de siècle repertory Performances including Ellen Terry's Lady Macbeth Madge Kendal's Rosalind and Lillie Langtry's Cleopatra illuminate fin de siècle Shakespeare's lively intersections with cultural phenomena including the Jack the Ripper killings Aestheticism the suicide craze and the rise of metropolitan department stores If as previous studies have shown Shakespeare was everywhere in Victorian culture Sophie Duncan explores the surprising ways in which late Victorian culture from Dracula to pornography and from Ruskin to the suffragettes inflected Shakespeare Via a wealth of unpublished archival material Duncan reveals women's creative networks at the fin de siècle and how Shakespearean performance traditions moved between actresses via little studied performance genealogies At the same time controversial new stage business made fin de siècle Shakespeare as much a crucible for debates over gender roles and sexuality as plays by Ibsen and Shaw Increasingly actresses' creative networks encompassed suffragist activists who took personal inspiration from star Shakespearean actresses From a Salome-esque Juliet to a feminist Paulina fin de siècle actresses created cultural legacies which Shakespeare in performance still negotiates today *Performing Shakespeare in the Age of Empire* Richard Foulkes, 2006-12-14 Explores the political and social uses of Shakespeare through the nineteenth and into the twentieth century *Shakespeare Survey* Stanley Wells, 2002-11-28 The first fifty volumes of this yearbook of Shakespeare studies are being reissued in paperback **Crowd and Rumour in Shakespeare** Kai Wiegandt, 2016-04-22 In this study the author offers new interpretations of Shakespeare's works in the context of two major contemporary notions of collectivity the crowd and rumour The plays illustrate that rumour and crowd are mutually dependent they also betray a fascination with the fact that crowd and rumour make individuality disappear Shakespeare dramatizes these mechanisms relating the crowd to class conflict to rhetoric to the theatre and to the organization of the state and linking rumour to fear to fame and to philosophical doubt Paying attention to all levels of collectivity Wiegandt emphasizes the close relationship between the crowd onstage and the Elizabethan audience He argues that there was a significant and sometimes precarious metatheatrical blurring between the crowd on the stage and the crowd around the stage in performances of crowd scenes The book's focus on crowd and rumour provides fresh insights on the central problems of some of Shakespeare's most contentiously debated plays and offers an alternative to the dominant tradition of celebrating Shakespeare as the origin of modern individualism

New-Shakespeareana ,1908 *The Pleasures of Memory in Shakespeare's Sonnets* John S. Garrison,2024-01-13 This imaginative and richly detailed study explores the deep connection between desire and recollection in Shakespeare's poetry. Drawing on cognitive science, the early modern memory arts, and psychoanalysis, as well as works by contemporary authors, the book shows how Shakespeare's Sonnets treat memory as a form of poetic narrative. *Technically Alive* J. Archer,2012-12-05 Drawing on the later writings of Martin Heidegger, the book traces the correspondence between the philosopher's concept of technology and Shakespeare's poetics of human and natural productivity in the Sonnets.
