Shakespearean Fantasy And Politics

Jessica J Manson

Shakespearean Fantasy And Politics:

Shakespearean Fantasy and Politics Thomas Betteridge, 2005 Why read Shakespeare This work draws extensively on the work of Slavoj Žižek and other contemporary thinkers to discover the truths of Shakespeare's drama and relate them to contemporary issues within the discipline of English literature

Shakespeare and the Politics of Commoners Chris Fitter, 2017 Shakespeare and the Politics of Commoners is a highly original contribution to our understanding of Shakespeare's plays It breaks important new ground in introducing readers lay and scholarly alike to the existence and character of the political culture of the mass of ordinary commoners in Shakespeare's England as revealed by the recent findings of the new social history The volume thereby helps to challenge the traditional myths of a non political commons and a culture of obedience It also brings together leading Shakespeareans who digest recent social history with eminent early modern social historians who turn their focus on Shakespeare This genuinely cross disciplinary approach generates fresh readings of over ten of Shakespeare's plays and locates the impress on Shakespearean drama of popular political thought and pressure in this period of perceived crisis The volume is unique in engaging and digesting the dramatic importance of the discoveries of the new social history thereby resituating and revaluing Shakespeare within the social depth of politics

Shakespeare and Politics Catherine M. S. Alexander, 2004-09-02 This important collection of essays shows a full range of writing on Shakespeare and politics with shifts of focus as diverse as biography text and contexts language and film and from perspectives that are literary historical religious theoretical and cultural A new introductory article by John Joughin provides a commentary on the essays relates them to other work in the field and gives an over view of the subject The comprehensive collection is a stimulating and provocative introduction to a subject that is complex but never dull

Shakespeare's Anti-Politics D. Gil, 2013-08-15 Argues that Shakespeare is anti political dissecting the nature of the nation state and charting a surprising form of resistance to it using sovereign power against itself to engineer new forms of selfhood and relationality that escape the orbit of the nation state It is these new experiences that the book terms the life of the flesh

Shakespeare and the Politics of Nostalgia Yuichi Tsukada, 2019-07-25 In 1603 Queen Elizabeth I died and King James I inherited the English throne During James's reign England continued to hark back to Elizabeth comparing him with his predecessor not always in a way that was either flattering or pleasing to James Critics have traditionally assumed that Shakespeare avoided involving himself in this discourse In this study of Shakespeare's Jacobean plays however Yuichi Tsukada demonstrates that far from not involving himself in the phenomenon of nostalgia for Elizabeth Shakespeare interacted closely with retrospective writings on Elizabeth and illuminated the complex politics behind the nostalgia Based upon close readings of Macbeth Antony and Cleopatra Coriolanus Cymbeline and Henry VIII together with a range of plays by Shakespeare's contemporaries including Thomas Heywood Thomas Dekker George Chapman John Marston Thomas Middleton and Ben Jonson the book traces the ongoing cultural negotiation of the memory of Elizabeth Yuichi Tsukada offers

fresh insights into enigmatic aspects of Shakespeare's Jacobean drama. For instance, what was the original significance of the two contentious prophecies, 'none of woman born' and the march of Birnam Wood in *Macbeth*? Or that of the seemingly out of place triumphal procession of Volturnus near the tragic end of *Coriolanus*? Although her memory recurred in all forms of discourse throughout the first decade of James's reign, the impact of this cultural undercurrent on Shakespeare's Jacobean drama has been ignored or underestimated. Shakespeare and the Politics of Nostalgia reveals the unnoticed richness of Shakespeare's Jacobean drama by focusing on the growing cultural and political nostalgia for England's dead queen. How Shakespeare Put Politics on the Stage Peter Lake, 2016-11-15. A masterful, highly engaging analysis of how Shakespeare's plays intersected with the politics and culture of Elizabethan England. With an ageing childless monarch, lingering divisions due to the Reformation, and the threat of foreign enemies, Shakespeare's England was fraught with unparalleled anxiety and complicated problems. In this monumental work, Peter Lake reveals more than any previous critic the extent to which Shakespeare's plays speak to the depth and sophistication of Elizabethan political culture and the Elizabethan imagination. Lake reveals the complex ways in which Shakespeare's major plays engaged with the events of his day, particularly regarding the uncertain royal succession, theological and doctrinal debates, and virtue and vice in politics. Through his plays, Lake demonstrates Shakespeare was boldly in conversation with his audience about a range of contemporary issues. This remarkable literary and historical analysis pulls the curtain back on what Shakespeare was really telling his audience and what his plays tell us today about the times in which they were written. Shakespeare and the Poetics and Politics of Relevance Dymphna Callaghan, Sophie Chiari, 2024-11-09. Four years on from George Floyd's murder, this volume asks if and how Shakespeare might be relevant, whether in performance in the classroom or in scholarship, to the pressing issues of social and climate justice. This question, however, is accompanied by the acute and uncomfortable recognition that there have been other consequences to the awakening of the world since Floyd's death, including the call to cancel Shakespeare altogether. This volume, however, is not an apology for Shakespeare but rather an engagement with him. From the perspective of the scholars who contribute here, questions about Shakespeare in our current context are not only deeply enmeshed with issues about his historical, geographical, and performance context and its attendant alterity but crucially also to the specifically literary forms and structures with which he worked. Even as these essays resist the idea of a timeless universalist Shakespeare, they insist upon the poetics, the creative framework, the specifically literary dimensions of the plays that cannot be reduced to any paraphrasable content. These are precisely the features that facilitate and enable the relevance of Shakespeare's works even across the chasm of the centuries since he composed them. Worldly Shakespeare Richard Wilson, 2016-02-02. In *Worldly Shakespeare*, Richard Wilson proposes that the universalism proclaimed in the name of Shakespeare's playhouse was tempered by his own worldliness, the performative idea that runs through his plays that if all the world's a stage, then all the men and women in it are merely players. Situating this playacting in the context of current

concerns about the difference between globalization and mondialisation the book considers how this drama offers itself as a model for a planet governed not according to universal toleration but the right to offend But with good will For when he asks us to think we have but slumbered throughout his offensive plays Wilson suggests Shakespeare is presenting a drama without catharsis which anticipates post structuralist thinkers like Jacques Ranciere and Slavoj Žižek who insist the essence of democracy is dissent and the presence of two worlds in one Living out his scenario of the guest who destroys the host by welcoming the religious terrorist paranoid queen veiled woman papist diehard or puritan fundamentalist into his play world Worldly Shakespeare concludes the dramatist instead provides a pretext for our globalized communities in a time of Facebook and fatwa as we also come to depend on the right to offend with our good will **The Politics of Shakespeare**

D. Cohen,2015-12-23 This book is an attempt to explore Shakespearean drama from the vantage point of the oppressed invisible and silent individuals and collectivities constructed in the plays It examines the ideological apparatuses which produce and naturalise oppression and the political structures through which that oppression is sustained Derek Cohen is concerned to demonstrate the many ways in which political and personal life always interdependent intersect contradict and disrupt one another often in the interests of and to the advantage of the dominant social ideology Shakespeare's Political Imagination Philip Goldfarb Styrt,2021-11-04 Shakespeare s Political Imagination argues that to better understand Shakespeare s plays it is essential to look at the historicism of setting how the places and societies depicted in the plays were understood in the period when they were written This book offers us new readings of neglected critical moments in key plays such as Malcolm s final speech in Macbeth and the Duke s inaction in The Merchant of Venice by investigating early modern views about each setting and demonstrating how the plays navigate between those contemporary perspectives Divided into three parts this book explores Shakespeare s historicist use of medieval Britain and Scotland in King John and Macbeth ancient Rome in Julius Caesar and Coriolanus and Renaissance Europe through Venice and Vienna in The Merchant of Venice Othello and Measure for Measure Philip Goldfarb Styrt argues that settings are a powerful component in Shakespeare s worlds that not only function as physical locations but are a mechanism through which he communicates the political and social orders of the plays Reading the plays in light of these social and political contexts reveals Shakespeare s dramatic method how he used competing cultural narratives about other cultures to situate the action of his plays These fresh insights encourage us to move away from overly localized or universalized readings of the plays and re discover hidden moments and meanings that have long been obscured Shakespeare's Political Drama Alexander Leggatt,2003-09-02 First published in 1989 Routledge is an imprint of Taylor Francis an informa company Shakespeare Survey: Volume 59, Editing Shakespeare Peter Holland,2006-10-12 Published with academic researchers and graduate students in mind this volume of the Shakespeare Survey presents a number of contributions on the theme of Shakespeare s comedies as well as the comedy in Shakespeare s other works Political Aesthetics in the Era of Shakespeare Christopher Pye,2020-06-15 The turn to

political concerns in Renaissance studies beginning in the 1980s was dictated by forms of cultural materialism that staked their claims against the aesthetic dimension of the work. Recently however the more robustly political conception of the aesthetic formulated by theorists such as Theodor Adorno and Jacques Rancière has revitalized literary analysis generally and early modern studies in particular. For these theorists aesthetics forms the crucial link between politics and the most fundamental phenomenological organization of the world what Rancière terms the distribution of the sensible. Taking up this expansive conception of aesthetics Political Aesthetics in the Era of Shakespeare suggests that the political stakes of the literary work and Shakespeare's work in particular extend from the most intimate dimensions of affective response to the problem of the grounds of political society. The approaches to aesthetic thought included in this volume explore the intersections between the literary work and the full range of concerns animating the field today: political philosophy, affect theory and ecocritical analysis of environs and habitus.

Shakespeare Survey: Volume 66, Working with Shakespeare

Peter Holland, 2013-11-07 Shakespeare Survey is a yearbook of Shakespeare studies and production. Since 1948 the Survey has published the best international scholarship in English and many of its essays have become classics of Shakespeare criticism. Each volume is devoted to a theme or play or group of plays; each also contains a section of reviews of that year's textual and critical studies and of the year's major British performances. The theme for Volume 66 is Working with Shakespeare and Tiffany Stern's essay has been selected by the Medieval and Renaissance Drama Society for its Barbara Palmer Martin Stevens award for best new essay in early drama studies 2014. The complete set of Survey volumes is also available online at <http://www.cambridge.org/online/shakespearesurvey>. This fully searchable resource enables users to browse by author, essay and volume, search by play, theme and topic and save and bookmark their results.

Shakespeare and Continental Philosophy Jennifer Ann Bates, 2014-09-10 This collection of 15 essays by celebrated authors in Shakespeare studies and in continental philosophy develops different aspects of the interface between continental thinking and Shakespeare's plays.

Shakespeare and Renaissance Politics Andrew Hadfield, 2014-03-20 Shakespeare like many of his contemporaries was concerned with the question of the succession and the legitimacy of the monarch. From the early plays through the histories to Hamlet Shakespeare's work is haunted by the problem of political legitimacy.

Shakespeare and the Political Rita Banerjee, Yilin Chen, 2024-05-30 Shakespeare and the Political: Elizabethan Politics and Asian Exigencies is a collection of essays which show how selected Shakespearean plays and later adaptations engage with the political situations of the Elizabethan period as well as contemporary Asian societies. The various interpretations of the original plays focus on the institutions of family and honour, patriarchy, kingship and dynasty and the emergent ideologies of the nation and cosmopolitanism, adopting a variety of approaches like historicism, presentism, psychoanalysis, feminism and close reading. The volume also looks at Shakespearean adaptations in Asia: Taiwanese, Japanese, Chinese and Indian. Using Douglas Lanier's concept of the rhizomatic approach it seeks to examine how Asian Shakespearean adaptations, films and stage performances

appropriate and reproduce originals often unfaithfully in different social and temporal contexts to produce independent works of art

Shakespeare's Fugitive Politics Thomas P. Anderson, 2016-08-16 Establishes Shakespeares plays as some of the periods most speculative political literature Shakespeares Fugitive Politics makes the case that Shakespeares plays reveal there is always something more terrifying to the king than rebellion The book seeks to move beyond the presumption that political evolution leads ineluctably away from autocracy and aristocracy toward republicanism and popular sovereignty Instead it argues for affirmative politics in Shakespeare the process of transforming scenes of negative affect into political resistance Shakespeares Fugitive Politics makes the case that Shakespeares affirmative politics appears not in his dialectical opposition to sovereignty absolutism or tyranny nor is his affirmative politics an inchoate form of republicanism on its way to becoming politically viable Instead this study claims that it is in the place of dissensus that the expression of the eventful condition of affirmative politics takes place a fugitive expression that the sovereign order always wishes to shut down Key Features Promotes a new understanding of fugitive democracy Establishes the presence of a form of alternative politics in early modern drama articulated through the contours of theories of sovereignty Explores how the parameters of contemporary radical politics take shape in major Shakespeare plays including Coriolanus King John Henry V Titus Andronicus The Winters Tale and Julius Caesar

Shakespeare, Marlow and the Politics of France R. Hillman, 2002-04-09 Taking a wide ranging intertextual approach Richard Hillman sets Early Modern English play texts against political and cultural discourses concerning France as these informed contemporary English consciousness The English works explored go beyond those directly representing French affairs the French examples include dramatic treatments of Joan of Arc and of the assassination of the Guises by Henri III In addition to its fresh readings of some familiar plays the book proposes as unique to the English French dynamic a theoretical model relating history discourse and subjectivity

Shakespeare's Politics Allan Bloom, Harry V. Jaffa, 1964 Taking the classical view that the political shapes man s consciousness Allan Bloom considers Shakespeare as a profoundly political Renaissance dramatist He aims to recover Shakespeare s ideas and beliefs and to make his work once again a recognized source for the serious study of moral and political problems In essays looking at Julius Caesar Othello and The Merchant of Venice Bloom shows how Shakespeare presents a picture of man that does not assume privileged access for only literary criticism With this claim he argues that political philosophy offers a comprehensive framework within which the problems of the Shakespearean heroes can be viewed In short he argues that Shakespeare was an eminently political author Also included is an essay by Harry V Jaffa on the limits of politics in King Lear A very good book indeed one which can be recommended to all who are interested in Shakespeare G P V Akrigg This series of essays reminded me of the scope and depth of Shakespeare s original vision One is left with the impression that Shakespeare really had figured out the answers to some important questions many of us no longer even know to ask Peter A Thiel CEO PayPal Wall Street Journal Allan Bloom was the John U Nef Distinguished Service Professor on the Committee on Social Thought and the

co director of the John M Olin Center for Inquiry into the Theory and Practice of Democracy at the University of Chicago
Harry V Jaffa is professor emeritus at Claremont McKenna College and Claremont Graduate School
