Transforming Social Inquiry, Transforming Social Action Francine T. Sherman,William R. Torbert,2012-12-06 John F Kerry United States Senator If we are to reinvigorate and reinforce civic participation in this country at a time when our society is increasingly fragmented and highly technologically based we must find a way to unite distinct communities such as universities regional and non profit organizations and families We must find ways to link academicians students teachers and professionals with the reality of events and circumstances so that theories and ideas mightily pursued within the ivory tower are connected to social reality and useful As the editors and contributors in this volume point out the way to bridge theory practice divide is not merely to interpret and report on circumstances of the real world but rather to deconstruct the separate and distinct communities that exist within our society and actively engage other communities to realize a continuum of mutual understanding collaboration and action It is crucial to include our nation's public schools in this new approach of social inquiry and social action

Improving and creating educational opportunity for all children in the United States has been an ongoing critical federal issue We know that when children achieve in school they have a much greater chance of living healthy productive adult lives that will benefit themselves and society and we know that increasing the base of stakeholders in children's education yields those positive results

Thompson, 2015-05-09 In Jamaican dancehalls competition for the video camera's light is stiff so much so that dancers sometimes bleach their skin to enhance their visibility In the Bahamas tuxedoed students roll into prom in tricked out sedans staging grand red carpet entrances that are designed to ensure they are seen being photographed Throughout the United States and Jamaica friends pose in front of hand painted backgrounds of Tupac flashy cars or brand name products popularized in hip hop culture in countless makeshift roadside photography studios And visual artists such as Kehinde Wiley remix the aesthetic of Western artists with hip hop culture in their portraiture In Shine Krista Thompson examines these and other photographic practices in the Caribbean and United States arguing that performing for the camera is more important than the final image itself For the members of these African diasporic communities seeking out the camera's light whether from a cell phone Polaroid or video camera provides a means with which to represent themselves in the public sphere The resulting images Thompson argues become their own forms of memory modernity value and social status that allow for cultural formation within and between African diasporic communities *Traveling Companions* Mary Brydon-Miller, Patricia Maguire, Alice McIntyre, 2004-03-30 This book explores the ways in which a diverse group of feminist and participatory action researchers experience create meaning and respond to the challenges of engaging in collaborative processes of reflection action and change While headed in similar directions rarely have feminist researchers and participatory action researchers acknowledged each other as collaborators with mutually important contributions to the journey Through the work presented in this volume the contributors hope to influence feminist scholarship to be more participatory and action oriented and participatory action research to be more grounded in feminist theories and values This book has two distinct yet interrelated and intertwining aims First it creates a space for a diverse group of educators researchers and scholars to grapple with the multiple and complex issues that are threaded throughout feminist and action research Second it seeks to examine how action research and feminist research can complement each other in developing strategies for engaging in collaborative research that is rooted in activism and productive change Twilight Visions in Egypt's Nile Delta Ann Parker, 2008 In this beautiful art book award winning American photographer Ann Parker records and celebrates life as it passes along a road through a typical village in the Egyptian Nile Delta in the early twenty first century But her photographs are not mere documents of a specific time and place they transcend both as she captures timeless moments in an eternal world and presents us with a potentially infinite and hauntingly memorable pageant of living tableaux silhouetted against the late afternoon sky Like spectators seated in a theater we watch the comings and goings of the village's people animals and

vehicles on the road in front of us Introducing the photographs are extracts from the autobiographical reflections of the poet Muhammad Afifi Matar who was born and grew up in a small Delta village very like the one pictured by Ann Parker His recollections of a rural Egyptian childhood and adolescence are sometimes warming sometimes chilling but always insightful and thought provoking *American Photographer* ,1983 *Popular Photography* ,1983-07 *The Folk Art of Latin America* Marion Oettinger (Jr.),1992 The result of extensive fieldwork throughout Mexico Central and South America and Spanish and French speaking islands in the Caribbean this beautiful and informative book concentrates on folk art made by Latin Americans for Latin Americans it does not concern itself with folk art made for export The objects illustrated are not only aesthetically pleasing but have also been carefully selected because they play central roles in Latin American society and culture In this study Chapter 1 discusses the nature of folk art and explores the subject through time in Latin America with special attention paid to the composite character of contemporary folk art in Latin America Chapter 2 deals with contemporary folk artists and their conception of the contribution they make to local society and traditions Chapter 3 presents the rich variety of folk forms in Latin America today and considers them in four categories ceremonial utilitarian recreational and decorative Finally chapter 4 examines the ever changing nature of folk art and what such changes mean to the quickly evolving societies served by folk art BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved
