

The background of the book cover is a photograph of railroad tracks stretching from the bottom center towards a bright, hazy horizon. The tracks are made of wooden ties and metal rails, and they converge as they recede into the distance. The sky is a mix of blue and orange, suggesting a sunrise or sunset. The overall mood is one of vastness and journey.

Willa Cather Susie Thomas,1990-01-01 Willa Cather's novels were neglected after her death but a new generation of readers has greeted her work with enthusiasm This feminist study which draws extensively on Cather's unpublished letters analyses how she overcame the difficulties which beset a woman writer in the mid West during the early part of the century It shows how her absorption in European culture influenced her perception of America and enabled her to produce some of the most compelling literature of modern times Susie Thomas's highly readable account will be welcomed by all those studying Cather's work

A Lost Lady Willa Cather, 2019-11-20 Marian Forrester is the emblematic blossom of the Old American West She draws her quality from that strong establishment carrying joy and excellence to her older spouse to the community of Sweet Water where they live to the prairie land itself and the youthful storyteller of her story Neil Herbert All are beguiled by her splendor and effortlessness and all are eventually sold out For Marian yearns for life on any terms and in satisfying herself she loses all she adored and all who cherished her This Willa Cather's absolute best novel isn't just a representation of a disturbing stunner yet additionally an eerie inspiration of an honorable age slipping permanently into the past *Blart* Dominic Barker, 2006-01-01 An epic and hilarious quest which reads like *The Princess Bride* meets Monty Python Features a feisty princess a disaffected dwarf a soft hearted warrior a wise wizard and the very reluctant hero Blart himself *Folk Songs of the Catskills* Norman Cazden, Herbert Haufrecht, Norman Studer, 1982-01-01 Traditional songs from the Catskill area of New York State are accompanied by detailed discussions of their roots development musical structure and subject matter

The Voyage Perilous Susan J. Rosowski, 2001-01-01 *They Voyage Perilous* is the first extended interpretation of Willa Cather's writing within the literary tradition of romanticism Although she partook of the familiar subjects and themes of the Wordsworthian school of romanticism Cather was not nearly so concerned with what we see as how we see Her intensely individual perspective more creatively romantic than has been previously recognized gave her work its own kind of elegant form Susan J Rosowski argues that Willa Cather early took up the romantic challenge to vindicate imaginative thought in a world threatened by materialism then pursued it with remarkable consistency throughout her career The early essays and stories set out the terms of this life long commitment In the early novels Cather celebrates imaginative possibilities in the middle ones she presents increasingly desperate circumstances asking what is left when the imagination is eclipsed by commercial values in the late novels she writes in a Gothic mode the dark counterspirit to optimistic romanticism The book is organized chronologically with a chapter devoted to each novel The chapters can be read independently or as part of a unified argument providing a larger picture *Drifter* Graeme Smyth, He's got history She's a mystery The Overseer wants them both A pulp science fiction tale spanning across the galaxies 01 Escape 02 Awake 03 The Part 04 Fish out of Water 05 Vuizball 06 Firefight 07 Goodbye Friend 08 The Spiral Citadel 09 Go with the Flow 10 Scavengers 11 Lightspace Bends 12

A Mirror in the Roadway Morris Dickstein, 2021-08-10 In a famous passage in *The Red and the Black* the French writer Stendhal described the novel as a mirror being carried along a roadway In the twentieth century this was derided as a naïve notion of realism Instead modern writers experimented with creative forms of invention and dislocation Deconstructive theorists went even further questioning whether literature had any real reference to a world outside its own language while traditional historians challenged whether novels gave a trustworthy representation of history and society In this book Morris Dickstein reinterprets Stendhal's metaphor and tracks the different worlds of a wide array of twentieth century writers from realists like Theodore Dreiser Sinclair Lewis Edith Wharton and Willa Cather through modernists like Franz Kafka and Samuel Beckett to wildly inventive postwar writers like Saul Bellow Günter Grass Mary McCarthy George Orwell Philip Roth and Gabriel García Márquez Dickstein argues that fiction will always yield rich insight into its subject and that literature can also be a form of historical understanding Writers refract the world through their forms and sensibilities He shows how the work of these writers recaptures yet also transforms the life around them the world inside them and the universe of language and feeling they share with their readers Through lively and incisive essays directed to general readers as well as students of literature Dickstein redefines the literary landscape a landscape in which reading has for decades been devalued by society and distorted by theory Having begun with a reconsideration of realism the book concludes with several essays probing the strengths and limitations of a historical approach to literature and criticism

Willa Cather and Material Culture Janis P. Stout, 2005-01-02 A compilation of essays focusing on the significance of material culture to Cather's work and Cather scholarship *Willa Cather and Material Culture* is a collection of 11 new essays that tap into a recent and resurgent interest among Cather scholars in addressing her work and her career through the lens of cultural studies One of the volume's primary purposes is to demonstrate the extent to which Cather did participate in her culture and to correct the commonplace view of her as a literary connoisseur set apart from her times The contributors explore both the objects among which Cather lived and the objects that appear in her writings as well as the commercial constraints of the publishing industry in which her art was made and marketed Essays address her relationship to quilts both personally and as symbols in her work her contributions to domestic magazines such as *Home Monthly* and *Woman's Home Companion* the problematic nature of Hollywood productions of her work and her efforts and successes as a businesswoman By establishing the centrality of material matters to her writing these essays contribute to the reclaiming of Cather as a modernist and highlight the significance of material culture in general to the study of American literature

Silent Film and the Formations of U.S. Literary Culture Sarah Gleeson-White, 2024-05-14 *Silent Film and the Formations of U.S. Literary Culture* Literature in Motion argues that the emergence of motion pictures constituted a defining moment in U.S. literary history Author Sarah

Gleeson White discovers what happened to literary culture both popular and higher brow when inserted into the spectacular world of motion pictures during the early decades of the twentieth century How did literary culture respond to and how was it altered by the development of motion pictures literature s exemplar and rival in narrative realism and enthrallment Gleeson White draws on extensive archival film and literary materials and unearths a range of collaborative cross media expressive and industrial practices to reveal the manifold ways in which early twentieth century literary culture sought both to harness and temper the reach of motion pictures

On the Divide David H. Porter, 2008-12-01 On the Divide analyzes the iconic image that Cather helped develop for herself in contrast to the anonymous face she adopted for promotional activities and the very different private self she shared only with friends and family Delving into Cather OCOs correspondence and the little known promotional material she produced anonymously David Porter provides new insight into the extent OCO and direction OCO of her control He also considers the contrasting influences of Mary Baker Eddy whose biography Cather ghostwrote and Sarah Orne Jewett on the author OCOs emerging artistic persona The study goes on to explore the many ways in which these OC divides OCO in Cather OCOs life found expression in her writing Extending from Cather OCOs early stories to her final novel Porter OCOs book documents the degree to which Cather OCOs understanding of her own different and often conflicting sides and of her penchant for playing diverse roles enabled her as a novelist to create characters so torn so complex and so profoundly human
