Managing An Alliance The Politics Of U S Japanese Relations:

Managing an Alliance I M. Destler, Priscilla Clapp, Hideo Sato, 2010-12-01 The alliance between Japan and the United States has entered a new era Successful in promoting mutually beneficial relations during the cold war era it must now be adapted to a world of detente and new dealings with China Effective in helping the vulnerable postwar Japanese economy recover domestically and expand its trade internationally it is now confronted with the different issues accompanying Japan's rise to third rank among the world's economic powers The alliance remains important because effective cooperation between Japan and the United States is indispensable to regional stability in East Asia and to a workable world economic order This study of the politics and processes that influence U S Japanese relations draws heavily on three episodes revision of the bilateral security treaty in 1960 agreement on reversion of Okinawa to Japan in 1969 and the dispute in 1969-71 over Japanese textile exports to the United States All three illustrate differences and similarities in the national political and bureaucratic institutions through which policy decisions and actions are taken how officials in each government perceive actions taken by the other and recurrent patterns of misperception The authors analysis of U S and Japanese negotiating tactics constitutes a guide to effective political management and consensus building within each country The study also accounts for the ways in which issues arise the channels through which they are negotiated and the effect of actions in one system on decisionmaking in the other The authors conclude with suggestions about how to reduce tension and promote constructive bilateral relations suggestions that they believe to be relevant to the conduct of U S relations with other major allies

Managing an Alliance I. M. Destler, Irving M. Destler, Vários Autores, Priscilla Clapp, Hideo Sato, Haruhiro Fukui, 1976

The alliance between Japan and the United States has entered a new era Successful in promoting mutually beneficial relations during the cold war era it must now be adapted to a world of detente and new dealings with China Effective in helping the vulnerable postwar Japanese economy recover domestically and expand its trade internationally it is now confronted with the different issues accompanying Japan's rise to third rank among the world's economic powers The alliance remains important because effective cooperation between Japan and the United States is indispensable to regional stability in East Asia and to a workable world economic order This study of the politics and processes that influence U S Japanese relations draws heavily on three episodes revision of the bilateral security treaty in 1960 agreement on reversion of Okinawa to Japan in 1969 and the dispute in 1969-71 over Japanese textile exports to the United States All three illustrate differences and similarities in the national political and bureaucratic institutions through which policy decisions and actions are taken how officials in each government perceive actions taken by the other and recurrent patterns of misperception The authors analysis of U S and Japanese negotiating tactics constitutes a guide to effective political management and consensus building within each country The study also accounts for the ways in which issues arise the channels through which they are negotiated and the effect of actions in one system on decisionmaking in the other The authors conclude with suggestions

about how to reduce tension and promote constructive bilateral relations suggestions that they believe to be relevant to the conduct of U S relations with other major allies

Domestic Politics and International Relations in US-Japan Trade Policymaking C. Meyerson,2003-10-14 To what extent does domestic politics affect the agreement reached in an international trade negotiation In order to address this question Christopher C Meyerson develops an approach to analyzing the relationship between domestic politics and international relations in trade policymaking This approach is used to analyze both American and Japanese trade policymaking and US Japan trade negotiations especially during the GATT Uruguay Round agriculture negotiations that occurred between 1986 and 1994 Meyerson not only develops an innovative approach to the analysis of the relationship between domestic politics and international relations in trade policymaking but also using publicly available GATT documents and publications US Congressional hearings and Japanese language sources provides a strong narrative description of the roles of the United States and Japan in the GATT Uruguay Round agriculture negotiations

The Politics of Japanese Defense Joseph P. Keddell,2016-09-16 The ruling Liberal Democratic Party of Japan uses incremental changes to manage conflicting pressures over defence This work focuses on the establishment of defence policy constraints through 1992 It discusses the various implications of using defence policy as a means of conflict management

The U.S.-Japan Science and Technology Agreement: A Drama in Five Acts Cecil Uyehara,2017-11-22 This title was first published in 2000 An account of the 1988 US Japan Science and Technology Agreement 88STA The research methodology of the study is based on interviews and analysis of the relevant documents and articles augmented by an analysis of selected studies on US Japan and science and technology relations The author hopes to increase the reader s understanding of the bureaucratic process and negotiations within the US and Japanese government in drafting an agreement and the interaction of the negotiators in the outcome increase our knowledge about how the US Japanese relationship in science and technology in the public sector is managed throw some light on how domestic factors impact on preparing for a negotiating a new agreement between the US and Japan on science and technology develop insights into the negotiating styles of each country assess its role as a model agreement for negotiating similar agreements with other countries learn some lessons for future negotiations with Japan in the science and technology area and with other countries if this Agreement is to be used as a model

The Politics of Defense in Japan Joseph P. Keddell,1993 Examines how the Japanese government used a series of incremental measures in three different periods to manage conflicting international and domestic pressure over defense issues in the context of the country s military dependence on the US since World War II Details the influence and origins of such constraints as the one percent of GNP ceiling of defense spending various international treaties and the strong public opinion against the military and concludes that domestic political tranquility is more important to the government than military parity with other countries Annotation copyright by Book News Inc Portland

OR **Leaders and Leadership in Japan** Ian Neary,1996 Shows Japan s group orientated society may have had fewer so

called leaders but has excelled as a society of king makers On the other hand the way leadership is expressed derives from different values and perceptions of hierarchy

The Japan Handbook Patrick Heenan, 2014-01-27 The Regional Handbooks of Economic Development series provides accessible overviews of countries within their larger domestic and international contexts focusing on the relations among regions as they meet the challenges of the twenty first century The series allows the non specialist student to explore a wide range of complex factors social and political as well as economic that affect the growth of developing regions in Asia Europe and South America Each Handbook provides an overview chapter discussing the region s economic conditions within an historical and political context as well as 20 or more chapter length essays written by recognized experts which analyze the key issues affecting a region s economy its population natural resources foreign trade labor problems and economic inequalities and other vital factors In addition the volumes offer useful support materials including a series of appendices that include a detailed chronology of events in the region a glossary of terms biographical entries on key personalities an annotated bibliography of further reading and a comprehensive analytical index

American-Japanese Security Agreements, Past and Present Thomas A. Drohan, 2007-02-06 What led two mortal enemies to become allies nine years after the end of World War II When the Allies began their occupation of defeated Axis countries many people favored a program of harsh reparation and demilitarization For the United States this was tempered with a desire not only to prevent such a war from happening again but to help the occupied countries rebuild their economic and political infrastructure This aspiration coupled with the rise of communist China and its perceived threat not only to Southeast Asia but the world formed the catalyst for a U S Japanese alliance The alliance between the United States and Japan persists in spite of changing political world views The changes which have affected world politics have often resulted in corresponding adjustments to the U S Japan security agreement From 1954 to the present day this volume takes an in depth look at the fundamental nature of the relationship The book addresses the historical origins of security relations in both countries and the ways in which these formed the basis for their postwar security cooperation and examines the negotiated set of shared military economic and political agreements and expectations which have shaped their relationship The work s main focus however is the way in which this alliance has evolved Four cases of significant policy change in 1960 1981 1987 and 1997 are analyzed along with a discussion of the relevant strategic and tactical realities of the time The reactions of the United States and Japan to recent events such as Iraq s Kuwait invasion and the 2001 terrorist attacks on America are also discussed Numerous tables are included

US National Defense for the Twenty-first Century Edward A. Olsen, 2014-07-10 This provocative critique of Washington s current security policies draws on the arguments made by an array of non interventionist and conservative nationalist scholars It provides a blueprint for a more restrained and unilateral US role in global affairs

Japan's Defense Policy and Bureaucratic Politics, 1976-2007 Takao Sebata, 2010-06-05 It is a well known fact that Japan spends only a small percentage of her gross national product on defense What is not well known

however is the fact that Japan's defense budget ranks among the top in the world and that her self defense forces are considered to be amongst the best conventional armed forces in the world Since empirical studies concerning Japan's military expansion are rare both in Japanese and English the book takes up this neglected area It examines Japan's military expansion and the decision making of her defense policy between 1976 and 2007 focusing on the National Defense Program outline and the guidelines for United States Japan Defense Cooperation This book deals with how the bureaucratic politics model applies to the case of Japan's defense policy and demonstrates some similarities and differences between Japanese and United States decision making

The Major Powers of Northeast Asia Tae-Hwan Kwak, Edward A. Olsen, 1996 The remnants of Cold War politics stand in the way of Northeast Asia's adjustment to the post Cold War era This book examines the security policies of Japan China Russia the US and Australia in the Northeast Asia region with reference to attempts to reunify the two Koreas

Koizumi Diplomacy Tomohito Shinoda, 2011-12-01 Japan's policymaking strategy in foreign and defense affairs changed dramatically in 2001 after Prime Minister Junichiro Koizumi took the helm of the long ruling Liberal Democratic Party Following a series of bland and short lived prime ministers Koizumi's infusion of fresh energy into a tired and opaque party has been compared with Tony Blair's successful revamping of New Labour in the U K Koizumi however had a weak power base in the party and limited diplomatic experience How then was he able to exercise leadership Tomohito Shinoda analyzes the prime minister's role in policymaking focusing on the assistance he receives from the Kantei or Cabinet Secretariat the Japanese equivalent of the American president's White House cabinet Since 2001 the Japanese government's center of gravity for foreign policy has shifted from the traditionally dominant Ministry of Foreign Affairs to the Kantei which allowed Koizumi to exercise a top down style of decision making Through case studies and personal interviews with former prime ministers and cabinet secretaries Shinoda looks at how Koizumi's new system operates on a practical level how for example major post 2001 anti terrorism legislation has been initiated and prepared by the Kantei and compares its successes and failures with those of the U S system With frank and engaging commentary by former officials this book makes a unique contribution to the understanding of contemporary Japanese political affairs

The Domestic Economics and International Politics of Postwar U.S. Trade Policy 1945-1980 Susan Biddle Shearer, 1989

Global Security Watch—Japan Andrew Lee Oros, Yuki Tatsumi, 2010-09-02 This book offers a comprehensive overview of Japan's national security institutions and policy today including a detailed discussion of Japan's regional security environment and its alliance with the United States in the context of the Democratic Party of Japan's rise to power in August 2009 2010 marks the 50th anniversary of the revision of the U S Japan Security Treaty making Japan one of the United States's longest and most important military allies Over 40 000 US troops are based in Japan as is the only U S aircraft carrier based outside the United States the USS George Washington Japan possesses one of the world's largest economies and strongest military forces and as a result its national security policies and institutions are highly significant not just to America but to the rest of the global

community as well This book provides an overview of Japan's transformation into one of the world's most capable military powers over the past 150 years Particular attention is paid to developments in the past decade such as the 2009 change in the controlling political party and Japan's responses to new global security threats **Reliability and Alliance**

Interdependence Iain D. Henry, 2022-05-15 In *Reliability and Alliance Interdependence* Iain D Henry argues for a more sophisticated approach to alliance politics and ideas of interdependence It is often assumed that if the United States failed to defend an ally then this disloyalty would instantly and irrevocably damage US alliances across the globe Henry proposes that such damage is by no means inevitable and that predictions of disaster are dangerously simplistic If other allies fear the risks of military escalation more than the consequences of the United States abandoning an ally then they will welcome encourage and even praise such an instance of disloyalty It is also often assumed that alliance interdependence only constrains US policy options but Henry shows how the United States can manipulate interdependence to set an example of what constitutes acceptable allied behavior Using declassified documents Henry explores five case studies involving US alliances with South Korea Japan the Republic of China the Philippines Australia and New Zealand *Reliability and Alliance Interdependence* makes a substantial contribution to our understanding of how America's alliances in Asia function as an interdependent system

The Subversive Activities Prevention Law of Japan Cecil H. Uyehara, 2010 The Subversive Activities Prevention Law SAPL was the last major controversial law to be drafted at the end of the Allied Occupation of Japan 1945 1952 which was managed and controlled by General Headquarters GHQ under U S General MacArthur and was enacted into law after Japan had regained its formal independence in 1952 Soon after the Occupation began prewar Japanese internal security laws were ordered abolished by the Occupation Now that Japan would be regaining its independence in 1952 there was urgency to creating a new integrated national internal security law to fill the vacuum created by the Occupation 1945 1952 The Subversive Activities Prevention Law was to be the centerpiece for maintaining internal security in the new independent Japan It turned out to be an extremely controversial law that was vociferously opposed by the political opposition in and out of the Diet in light of the prewar history surrounding how such internal security laws were implemented by the state security apparatus The demonstrations in 1951 52 against the proposed law organized by the labor unions were the largest loudest and most determined since the end of the war This publication is the first analysis in English on how this law was drafted and debated supported and opposed using the 20 drafts of the law and the subsequent deliberations concerning the proposed law in the Houses of Representatives and Councillors A short epilogue since over 50 years have elapsed since the law was initially enacted in 1952 analyzes the implementation of the law during these years The Subversive Activities Prevention Law of Japan Its Creation 1951 1952 will be of particular interest to those studying the Allied Occupation of Japan the Japanese political and legislative process and its internal security laws *The SAGE Handbook of Modern Japanese Studies* James D Babb, 2014-12-15 A welcome addition to any reading list for those interested in contemporary Japanese society Roger

Goodman Nissan Professor of Modern Japanese Society University of Oxford I know no better book for an accessible and up to date introduction to this complex subject than The SAGE Handbook of Modern Japan Studies Hiroko Takeda Associate Professor Organization for Global Japanese Studies University of Tokyo Pioneering and nuanced in analysis yet highly accessible and engaging in style Yoshio Sugimoto Emeritus Professor La Trobe University The SAGE Handbook of Modern Japanese Studies includes outstanding contributions from a diverse group of leading academics from across the globe This volume is designed to serve as a major interdisciplinary reference work and a seminal text both rigorous and accessible to assist students and scholars in understanding one of the major nations of the world James D Babb is a Senior Lecturer in the School of Geography Politics and Sociology at Newcastle University The Oxford Handbook of Japanese Politics Robert Pekkanen, Saadia M. Pekkanen, 2021-10-25 Book Abstract and Keywords The study of Japanese politics has flourished over the past several decades This Handbook provides a state of the field overview for students and researchers of Japanese The volume also serves to introduce Japanese politics to readers less familiar with Japan In addition the volume has a theme of evaluating Japan's democracy Taken as a whole the volume provides a positive evaluation of the state of Japan's democracy The volume is divided into two parts roughly corresponding to domestic Japanese politics and Japan's international politics Within the domestic politics part there are four distinct sections Domestic Political Actors and Institutions covering the Japanese Constitution electoral systems prime minister Diet bureaucracy judiciary and local government Political Parties and Coalitions covering the Liberal Democratic Party coalition government Komeito and the political opposition Policymaking and the Public covering the policymaking process public opinion civil society and populism and Political Economy and Social Policy covering industrial energy social welfare agricultural monetary and immigration policies as well as social inequality In the international relations part there are four sections International Relations Frameworks covering grand strategy international organizations and international status International Political Economy covering trade finance foreign direct investment the environment economic regionalism and the linkage between security and economics International Security covering remilitarization global and regional security multilateralism nuclear nonproliferation naval power space security and cybersecurity and Foreign Relations covering Japan's relations with the United States China South Korea ASEAN India the European Union and Russia Keywords international relations comparative politics democracy international order alliances space security elections Liberal Democratic Party multilateralism remilitarization international organizations populism civil society coalitions political parties trade finance monetary policy foreign direct investment cybersecurity

Globalization and National Security Jonathan Kirshner, 2013-01-11 In this book top scholars of international relations assess the consequences of globalization for national security identifying three distinct processes of globalization the intensification of economic exchange the flow of information and marketization the expansion of the set of social relations governed by market forces exploring how they can affect the capacity and power of states as well as conflict within and

among them Though much has been written on the topics of globalization and national security there has been relatively little in the way of a systematic examination of the impact that globalization has on a state s national security These essays deal with how state less actors such as terrorists utilize the benefits of globalization changing the nature of the security game Failure to account for the influence of globalization will make it increasingly difficult to understand changes in the balance of power prospects for war and strategic choices embraced by states

Unveiling the Magic of Words: A Overview of "**Managing An Alliance The Politics Of U S Japanese Relations**"

In some sort of defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their power to kindle emotions, provoke contemplation, and ignite transformative change is actually awe-inspiring. Enter the realm of "**Managing An Alliance The Politics Of U S Japanese Relations**," a mesmerizing literary masterpiece penned by a distinguished author, guiding readers on a profound journey to unravel the secrets and potential hidden within every word. In this critique, we shall delve in to the book is central themes, examine its distinctive writing style, and assess its profound affect the souls of its readers.
