Restraint-Free Care Lois K. Evans, DNSc, FAAN, RN, Neville E. Strumpf, PhD, RN, C, FAAN, Joanne Patterson Robinson, PhD, RN, Joan Stockman Wagner, MSN, CRNP, 1998-09-15 This book is designed to help clinicians administrators students and families attain the goal of restraint free care of the elderly Written by leading experts in the field the book contains specific strategies for understanding

behavior making constructive changes in the individual's environment and managing the risk of falls and interference with necessary treatments. It is organized in outline form to highlight critical material and to be readily adaptable as a quick reference. The authors use individualized care as the book's underlying philosophy. The goals of individualized care include promoting comfort and safety, optimizing function and independence, and achieving the greatest possible quality of life. Such care requires clinicians to make sense of behavior rather than to control responses of clients. Numerous case studies, tables, and figures illustrate this practical and information-packed manual. Lists of resources are also included. **Outcome**

Assessment in Advanced Practice Nursing Ruth M. Kleinpell, 2004-01-15. This book provides up-to-date resources and examples of outcome measures, tools, and methods that can be used by APNs in their quest to keep pace with new developments in the rapidly expanding field of outcome measurement. The chapter authors recognized expert practitioners offer invaluable insight into the process of conducting outcomes assessments in all APN practice, including the clinical nurse, nurse practitioner, certified registered nurse anesthetist, and certified nurse midwife practice specialties. Detailed figures, tables, and examples of outcome studies from actual research in APN practice make this an essential resource for evaluating the true impact the advanced practice nurse has on the delivery and fulfillment of care. **Basic Geriatric Nursing -**

E-Book Gloria Hoffman Wold, 2013-12-27. The bestselling LPN/LVN geriatric nursing textbook, *Basic Geriatric Nursing*, 5th Edition, covers age-appropriate nursing interventions in a variety of health care settings. It includes the theories and concepts of aging, covers expected physiologic and psychosocial changes, and highlights delegation, coordinated care, end-of-life care, patient teaching, quality of life, safety, and home care. This edition is updated with the latest issues and trends in geriatric nursing, including changes to the health care system and demographics. Part of the popular LPN Threads series, Gloria Hoffman Wold's text provides a clear and compassionate introduction to geriatric care. Complete coverage of key topics includes baby boomers and the impact of their aging on the health care system, therapeutic communication, cultural considerations, spiritual influences, evidence-based practice in geriatric nursing, and elder abuse, restraints, and ethical and legal issues in end-of-life care. UNIQUE Delegation, leadership, and management content is integrated throughout. Nursing Process sections provide a framework for the discussion of the nursing care of the elderly patient as related to specific disorders. UNIQUE A FREE Study Guide in the back of the book reinforces understanding with scenario-based clinical activities and practice questions. UNIQUE Nursing interventions are numbered and grouped according to health care setting, e.g., acute care, extended care, home care, in a patient-centered approach emphasizing the unique needs of the older adult. UNIQUE Nursing Care Plans with critical thinking questions help in understanding how a care plan is developed, how to evaluate care of a patient, and how to apply your knowledge to clinical scenarios. UNIQUE Critical Thinking boxes help you to assimilate and synthesize information. Clinical Situation boxes present patient scenarios with lessons for appropriate nursing care and patient sensitivity. Coordinated Care boxes address such topics as restraints, elder abuse, and end-of-life care, as

related to responsibilities of nursing assistants and other health care workers who are supervised by LPN LVNs UNIQUE Complementary and Alternative Therapies boxes address specific therapies commonly used by the geriatric population for health promotion and pain relief Cultural Considerations boxes encourage culturally sensitive care of older adults UNIQUE Patient Teaching boxes highlight health promotion disease prevention and age specific interventions UNIQUE LPN Threads make learning easier featuring an appropriate reading level key terms with phonetic pronunciations and text page references chapter objectives special features boxes and full color art photographs and design Enhancing Primary Care of Elderly People F.
