Understanding, Nurturing and Working Effectively with Vulnerable Children in Schools Angela Greenwood,2019-08-06 In times of increasing pressure on schools and teachers it is essential that teachers are equipped to understand the emotional and relational factors in learning and teaching Vulnerable and disaffected children need understanding and nurture rather than reactive management which can easily exacerbate their difficulties leaving them unheard and defensive and even undermine teacher confidence and effectiveness *Understanding Nurturing and Working Effectively with Vulnerable Children in Schools* offers a comprehensive and accessible exploration of the difficulties faced by teachers and schools from at risk and disaffected children including repeated trauma and insecure attachment patterns The book describes how a thoughtful relationship based approach can both alleviate such difficulties and offer a second chance attachment experience enabling students to discover it might be safe to let down their all consuming defences a little thus freeing them to begin to learn It offers practical suggestions in note form making them easy to use refer to and assimilate numerous case examples and teacher friendly theoretical background material a wealth of ideas for ways forward including differentiated responses to children in the light of their particular patterns developmental stages and unmet needs Written from extensive professional experience this is an essential handbook and resource book for trainers schools teachers and school staff and also for educational psychologists and those in children s services working with vulnerable children in pre and primary schools as well as those in special schools and units Angela Greenwood has produced a series of educational posters to support teachers in understanding the emotional and relational factors involved in teaching and learning freely available for download from <https://www.angela-greenwood.net/Posters.html> *Social Support, Well-being, and Teacher Development* Bick-har LAM,2018-12-19 This book uses social support as a central theme to provide a sound underpinning for guiding teachers to play more supportive roles in schools It comprises a series of empirical studies that address the psychological processes

involved in feeling supported and providing support and which demonstrate how students and teachers well being can be enhanced through learning and teaching in the classroom The distinction between teachers who are caring mentors and those who simply impart knowledge has attracted considerable interest among researchers however in the twenty first century education seems to be playing a more restricted role due to the predominant focus on performance outcomes This book addresses and identifies teachers expanding role in education It describes various types of support that teachers can offer students and which serve to enhance a range of learning outcomes Further it provides evidence suggesting that teachers commitment to learner development is a prerequisite for a satisfying teaching career and that teachers knowledge skills and ability to provide social support in the classroom form a pathway of professional learning that can take their teaching expertise to a higher level Lastly the book offers policymakers suggestions on how to rekindle social support in an increasingly globalised setting in which people are becoming more and more disconnected Given its multidisciplinary approach the book is a unique contribution within its subject area and will be of interest to practitioners in education and beyond

Dramatherapy and Family Therapy in Education Penny McFarlane,Jenny Harvey,2012 A collaborative therapeutic approach is often the best way to assess and meet the needs of troubled children Focusing on Multi Agency Support Teams in educational settings this book describes how specialist therapists and other professionals can successfully work together to become essential interlocking pieces of the jigsaw of emotional support

Managing and Improving School Attendance and Behaviour Ken Reid,2017-10-02 This new book on school attendance and behaviour brings an international flavour to the field with contributions on some of the latest empirical research and thinking from around the world It includes contributions from Canada and the USA Hong Kong Europe the United Kingdom and Ireland Some of the interesting wide ranging and often unique topics covered in the book include truancy and well being disaffection pupil absenteeism social mediation aggression in primary schools bullying emotional barriers to learning behaviour management training exclusion reintegration the role of educational psychologists and ethnic diversity and classroom disruption in the context of migration policies The book should prove both helpful and useful for a wide range of professionals students and academics across a wide range of educational care and social policy disciplines This book was originally published as a special issue of Educational Studies
