

«Подарить» научное современное общество, любой исследователь вынужден анализировать причины и факторы, вызвавшие в жизни во второй половине XX столетия т.н. информационный скачок. Однако в отечественной научной среде знания об информационном обществе распространяются крайне медленно и еще медленнее усваиваются. В России пока подготовлено и издано недостаточное количество научных работ, в которых бы продуцировалась новая информация по проблематике современного, т.е. есть информационного общества. Поэтому нашей исследовательской задачей стало рассмотрение детерминации современного общества различными причинами и мотивами. Мы хотели понять, почему в современном обществе так ускорился рост объема и социально-политического влияния информационного пространства? Возможно, размышляли мы, что этот информационный скачок имеет временный характер и со временем неизбежно откат назад. А возможно ли, спрашивали мы сами себя, деформация современного общества, если развитие того или иного общества остановится? Возможно ли вообще в нашей стране переход в информационную фазу общественного развития?
