T. Hobhouse, 2015-06-26 Excerpt from *The Rational Good A Study in the Logic of Practice* Chapter III The Rational 1 The rational judgment is that which is consistent grounded and objective the first two characters being the test of the third 2 The search for grounds leads up to immediate judgments both particular and general Particular immediate judgments however are not indubitably true but are corroborated by interconnexion 3 Immediate general judgments likewise require interconnexion 4 Interconnectedness is in fact the rational basis of belief 5 The grounds on which interconnexion rests are universal relations 6 The principles of interconnexion rest on the consilience of all consistent acts of inference 7 The rational in cognition is then the effort to attain truth by the persistent interconnexion of judgments through universal relations Chapter IV The Good 1 Is there any reason in the choice of ultimate ends i e is there a Rational Good 2 Generically the Good appears as a harmony mutual support of feeling and effort 3 or of feeling and passive experience including e g observation of the behaviour of another Generically pleasure is feeling in harmony and pain in disharmony 4 The fact asserted by the judgment This is Good is thus a relation between an experience and a feeling Either element may be called good as pertaining to the whole Chapter V The Rational Good 1 The Rational Good must be a consistent scheme of purposes interconnected by universal relations in which subjective disturbance is eliminated 2 This involves a dual harmony of feeling with feeling and of feeling with experience 3 There may be internal consistency from a more partial point of view but rationality involves universalism i e a system comprehending the whole world of all minds in a single scheme About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works      ***The Apocalypse Explained According to the Spiritual Sense. **An Introduction to Ethics** Brian Besong,2018-01-01 It is natural for us to wonder what should I do and why And although a combination of common sense and upbringing aids us in answering our questions it is also natural for us to seek answers that are grounded in something deeper and more enduring than our personal dispositions and those of our parents We seek a genuinely good life and the practical wisdom necessary to arrive at happiness In this Introduction to Ethics Brian Besong presents a comprehensive and contemporary introduction to the practical wisdom handed down to us by Aristotle St Thomas Aquinas and many others a position now commonly called natural law Written as a beginner's guide the book systematically explores a range of moral issues including moral knowledge happiness right and wrong action and virtues to name a few Introduction to Ethics explains in a lively way how natural law provides principled and persuasive answers to our most fundamental moral questions

**A Secular Europe: Law and Religion in the European Constitutional Landscape** Lorenzo Zucca,2012-10-11 How to accommodate diverse religious practices and laws within a secular framework is one of the most pressing and controversial problems facing contemporary European public order In this

provocative contribution to the subject Lorenzo Zucca argues that traditional models of secularism focusing on the relationship of state and church are out dated and that only by embracing a new picture of what secularism means can Europe move forward in the public reconciliation of its religious diversity The book develops a new model of secularism suitable for Europe as a whole The new model of secularism is concerned with the way in which modern secular states deal with the presence of diversity in the society This new conception of secularism is more suited to the European Union whose overall aim is to promote a stable peaceful and unified economic and political space starting from a wide range of different national experiences and perspectives The new conception of secularism is also more suited for the Council of Europe at large and in particular the European Court of Human Rights which faces growing demands for the recognition of freedom of religion in European states The new model does not defend secularism as an ideological position but aims to present secularism as our common constitutional tradition as well as the basis for our common constitutional future

**Interests of Reason** Sebastian Raedler, 2015-07-01 This essay argues that we can only develop a proper grasp of Kant's practical philosophy if we appreciate the central role played in his thought by the notion of the interests of reason While it is generally acknowledged that Kant does not regard reason as a purely instrumental faculty but sees it as endowed with its own essential interests this book is the first to explain how the notion of the interests of reason lies at the heart of his philosophical project and how it allows us to make sense of some of the most puzzling aspects of his practical philosophy

## Adopting the Tune of Phrase: An Emotional Symphony within **Rational Good**

In some sort of eaten by screens and the ceaseless chatter of instant interaction, the melodic splendor and psychological symphony created by the published word usually diminish into the back ground, eclipsed by the relentless noise and disturbances that permeate our lives. Nevertheless, set within the pages of **Rational Good** a marvelous literary value filled with raw thoughts, lies an immersive symphony waiting to be embraced. Crafted by an elegant musician of language, this interesting masterpiece conducts readers on an emotional trip, skillfully unraveling the concealed tunes and profound influence resonating within each cautiously constructed phrase.
