Air University Library Index to Military Periodicals, 1988 The Canadian Experience of the Great War Brian Douglas Tennyson, 2013-05-01 Although the United States did not enter the First World War until April 1917 Canada enlisted the moment Great Britain engaged in the conflict in August 1914 The Canadian contribution was great as more than 600 000 men and women served in the war effort 400 000 of them overseas out of a population of 8 million More than 150 000 were wounded and nearly 67 000 gave their lives The war was a pivotal turning point in the history of the modern world and its mindless slaughter shattered a generation and destroyed seemingly secure values The literature that the First World War generated and continues to generate so many years later is enormous and addresses a multitude of cultural and social matters in the history of Canada and the war itself Although many scholars have brilliantly analyzed the literature of the war little has been done to catalog the writings of ordinary participants men and women who served in the war and wrote about it but are not included among well known poets novelists and memoirists Indeed we don't even know how many titles these people published nor do we know how many more titles were added later by relatives who considered the recollections or collected letters worthy of publication Brian Douglas Tennyson's *The Canadian Experience of the Great War A Guide to Memoirs* is the first attempt to identify all of the published accounts of First World War experiences by Canadian veterans

The Insubordinate and the Noncompliant Howard Coombs, 2008-03-28 *The Unwilling and the Reluctant Theoretical Perspectives on Disobedience in the Military and The Apathetic and the Defiant Case Studies of Canadian Mutiny and Disobedience 1812-1919* are the first two volumes in a series devoted to disobedience issues in the Canadian military Now with *The Insubordinate and the Noncompliant* the trilogy is complete Military leadership has both formal and informal dimensions The formal leadership of any organization must ensure that it minimizes the divergence between institutional aims and the actions of informal leaders When this separation occurs the result is sometimes mutiny These incidents of insubordination and noncompliance represent a form of dialogue between military personnel and their leadership The

Insubordinate and the Noncompliant offers a perspective on the Canadian experience with military mutiny in the twentieth century in an effort to provide relevant lessons for today **Canada's Warplanes** Dan McCaffery, 2000 Canadian pilots flew with great distinction in the First and Second World Wars and the Cold War This book focuses on 24 outstanding warplanes flown in those conflicts by Canadians **Propaganda and Censorship During Canada's Great War** Jeff Keshen, 1996-07 They expected the brave and Christian conquering heroes manufactured by the opinion makers rather than the combat scarred weary and often embittered men who disembarked back in the Dominion It took another decade of less filtered information ten years of pain and dislocation for returned veterans before the Great War imagined by Canadian noncombatants began to resemble the war really experienced by Canadians overseas **Training to Fly - Military Flight Training 1907-1945** Cameron, Rebecca Hancock, 2018-09-30 Air Force book is an institutional history of flight training by the predecessor organizations of the United States Air Force The U S Army purchased its first airplane built and successfully flown by Orville and Wilbur Wright in 1909 and placed both lighter and heavier than air aeronautics in the Division of Military Aeronautics of the Signal Corps As pilots and observers in the Air Service of the American Expeditionary Forces Americans flew combat missions in France during the Great War In the first postwar decade airmen achieved a measure of recognition with the establishment of the Air Corps and during World War II the Army Air Forces attained equal status with the Army Ground Forces During this first era of military aviation as described by Rebecca Cameron in Training to Fly the groundwork was laid for the independent United States Air Force Those were **Case studies in the achievement of air superiority , British Theatre in the Great War** Gordon Williams, 2015-12-31 British Theatre in the Great War deals with a theatrical phase customarily dismissed by those charting twentieth century developments What becomes clear is that assessment by unsuitable literary criteria has masked the importance of the war years in British theatrical history In avoiding a texts bias the book reveals a period of unsurpassed prosperity in which the stage s substantial contribution to the war effort is only one notable feature That it also saw the commercial theater s absorption of Continental avant gardeism by way of revue the last great epoch of music hall the rise of the Old Vic with a project in opera and Shakespeare and the unprecedented popularity of opera everywhere this was surely the most fruitful period of Thomas Beecham s theatrical career is compelling argument for revaluation In his reassessment of this period Dr Williams extensively examines scripts and press coverage providing a comprehensive overview from popular pantomime to the specialist work of the private stage as well as discussion of such issues as working conditions and censorship **Eine hundertblättrige Tulpe - Bir şadbarg lāla** Ingeborg Hauenschild, Barbara Kellner-Heinkele, Matthias Kappler, 2020-08-10 No detailed description available for Eine hundertblättrige Tulpe Bir şadbarg lāla Canadian Books in Print , 2003 *Canadiana* , 1986 *Laugh or Fly* Peter Hart, Gary Bain, 2024-09-30 A rip roaring gallop through the lives of the Royal Flying Corps air crew in the Great War They lived their lives amidst a strange dichotomy as they moved from safety to dire danger and back again in a matter of hours

This created a dreadful strain that could soon shred anyone's mental health. On the ground they were cloistered in simple but adequate accommodation several miles behind the lines. Farmhouses, barns and huts were used but they were all far better than the squalor faced by the infantry scurrying in their muddy trenches. Flying personnel were blessed with beds and blankets. They could set up a decent mess and socialise to their heart's content. A smorgasbord of entertainments with perhaps an old out of tune piano, access to drink and occasional vigorous games of mess rugby. There were visits to local towns which offered tantalizing glimpses and sometimes more of the female of the species. A glimpse was probably never enough for most of these very young men. What more could a chap want? But when they were flying over the front it was no laughing matter. Death lurked in the skies, zooming in its winged chariots out of the sun or bursting from the clouds. A moment's loss of concentration or tactical blunder could consign them to being shot down and falling thousands of feet until the crunching impact of terra firma brought a terrible relief. But better that than a punctured petrol tank, the first flickers of flame, then the roaring inferno and the agonies of incineration. There was little or nothing for them to laugh about in the air. But when back on the ground they tried to put aside their fears.

Military Flight Training -Training to Fly Cameron, Rebecca Hancock, 2018-09-30. The volume at hand, Training to Fly: Military Flight Training 1907-1945 is an institutional history of flight training by the predecessor organizations of the United States Air Force. The U.S. Army purchased its first airplane built and successfully flown by Orville and Wilbur Wright in 1909 and placed both lighter and heavier than air aeronautics in the Division of Military Aeronautics of the Signal Corps. As pilots and observers in the Air Service of the American Expeditionary Forces, Americans flew combat missions in France during the Great War. In the first postwar decade, airmen achieved a measure of recognition with the establishment of the Air Corps and during World War I the Army Air Forces attained equal status with the Army Ground Forces.

It Made You Think of Home Bruce Cane, George Frederick Barnes, 2004-08-01. We took our positions, five kneeling and five standing, we got the order to fire. One blank and nine live rounds. I did not have the blank. That is the voice of Deward Barnes, an unwilling but dutiful member of the firing squad that shot Harold Lodge, one of 25 Canadians executed during the First World War. In this diary we hear something that is otherwise gone forever, the authentic voice of the First World War soldier. Everyman in khaki. Fully annotated so that everyone today can understand the nuance of each entry, the Barnes diary takes us into the trenches and the firing lines of the Western Front like no other first-hand Canadian account of that terrible war can. Like any trained infantryman, Deward could tell the kick of a live round from a blank one and that kick he bestows on us with each turn of the page.
