Rapids Natasha Stagg, 2025-09-30 A new novel from the celebrated author of *Surveys* set in the Michigan suburbs of the early 2000s Installed alongside the Grand River in downtown Grand Rapids Michigan Alexander Calder's public sculpture *La Grande Vitesse* has come to symbolize the city Tess moves there from Ypsilanti Michigan in 2001 the same year that her mother dies when everything begins to move for her in slow motion Thrust into adolescence nearly rudderless fifteen year old Tess is intoxicated angst and sexually awake A decade later inspired by diary entries and TV reruns she remembers this summer in the suburbs as the one that redefined her Its echoes of death are frozen in time like the waves represented in the Calder sculpture or the concrete steps leading down to the churning river She comes to see Grand Rapids as a collection of architecture and emblems another home to which she cannot return *Encyclopedia of Drug Policy* Mark A. R.

Kleiman, James E. Hawdon, 2011-01-12 Spanning two volumes of approximately 450 entries in an A to Z format this encyclopedia explores the controversial drug war through the lens of varied disciplines A full spectrum of articles explains topics from Colombian cartels and Mexican kingpins to television reportage from just say no advertising to heroin production and from narco terrorism to more than 500 billion in U.S. government expenditures Key Themes Cases Conferences and Conventions Countries Affecting U.S. Drug Policy Drug Trade and Trafficking Laws and Policies Organizations and Agencies People Presidential Administrations Treatment and Addiction Types of Drugs **Faint Praise** Gail Pool, 2007-07-06 For more than two hundred years book reviewers have influenced American readers setting our literary agenda by helping us determine not only what we read but also what we think about what we read And for nearly as long critics of these critics have lambasted book reviews for their overpraise hostility banality and bias *Faint Praise* takes a hard and long overdue look at the institution of book reviewing Gail Pool herself an accomplished reviewer and review editor analyzes the inner workings of this troubled trade to show how it works and why it so often fails to work well She reveals why bad reviewing happens despite good intentions and how it is that so many intelligent people who love books can say so many unintelligent things on their behalf Reviewers have the power to award prestige to authors give prominence to topics and shape opinion and taste

yet most readers have little knowledge of why certain books are selected for review why certain reviewers are selected to review them and why they so often praise books that aren't all that good Pool takes readers behind the scenes to describe how editors choose books for review and assign them to reviewers and she examines the additional roles played by publishers authors and readers In describing the context of reviewing she reveals a culture with little interest in literature much antipathy to criticism and a decided weakness for praise In dissecting the language of reviews Pool demonstrates how it often boils down to unbelievable hype Pool explores the multifaceted world of book reviewing today contrasting traditional methods of reviewing with alternative book coverage from Amazon.com to Oprah and suggesting how the more established practices could be revised She also explores the divide between service journalism practiced by reviewers versus the alleged high art served up by literary critics and what this fuzzy boundary between reviewing and criticism really means This is the first book to analyze the field in depth weighing the inherent difficulties of reviewing against the unacceptable practices that undermine the very reasons we read and need reviews *Faint Praise* is a book not just for those who create and review books but also for everyone who loves books By demystifying this hidden process Pool helps everyone understand how to read reviews and better decide what to read
