The Tlingit and the Haida don t have myths they are stories about our history The Raven is as much a paradoxical creature as he is important in the myths of many native cultures The central character of these stories the Raven is considered the benevolent creator filling the world with beauty and harmony the master mind behind all that is good and looked upon with warm admiration On the other hand he is often viewed as a malevolent conniving scheming trickster with self gratification as his only goal Including stories of the Raven eating the unsuspecting victim out of house and home or bidding someone to do his work he is still the ultimate larger than life heroic figure within the myths Whether it is creating animals or chasing down a woman to marry one thing for sure the Raven has left us with a rich and colorful history recorded in the myths and legends of the indigenous people While the Raven appears throughout the world in mythology our focus here will be centered on the Tlingit Tsimshian Haida the Yupiit and Inupiat also known as the Eskimo and the Athapascan Peoples of Alaska What follows are 30 stories that seem to contradict each other adding to the confusion as to what or who this Raven really is The cornerstone of this book is the Tlingit Creation Story which shows why the Raven is regarded as a grandfather to the people and is thought of with respect in asking for good health good hunting and for good fortune It was the Raven that created man the forest and the animals that inhabited them the rivers and the fish that live in the water In this context the Raven is revered However there are other stories that portray the Raven as a lazy scavenger living off the hard work of others or seeking sexual pleasure the Raven is a shining example of how multi faceted a myth can be From being worship to being considered a lazy birdbrained pardon the pun imbecile the Raven has most definitely left us with a fascinating collection of tales **Inuit** Leslie Strudwick,Weigl,2003-08 Describes the history culture and traditional and modern lifestyles of the Inuit peoples of the Arctic regions and includes color photos fascinating facts and a glossary **Native Values** Rosita Kaaháni Worl,2017-09 Native Values Living in Harmony explores the four core cultural values of the Tlingit Haida and Tsimshian of Southeast Alaska This book is part of Baby Raven Reads an award winning Sealaska Heritage program for Alaska Native families with children up to age 5 that promotes language development and school readiness Baby Raven Reads was awarded the Library of Congress s 2017 Literacy Awards Program Best Practice Honoree award
