Minefields of the Heart Sue Diaz, 2010-07-01 How do combat veterans and their loved ones bridge the divide that war by its very nature creates between them How does someone who has fought in a war come home especially after a tour of duty marked by near daily mortar attacks enemy fire and roadside bombs With a journalist s eye and a mother s warmth Sue Diaz asks these questions as she chronicles the two deployments to Iraq of her son Sgt Roman Diaz from the perspective of the home front Sergeant Diaz s second deployment put him south of Baghdad in the region aptly termed the Triangle of Death There his platoon experienced extraordinarily heavy casualties during the height of the Iraqi insurgency That unit has since become the focus of considerable media attention following events that made headlines in the summer of 2006 an insurgent attack at a remote outpost on three of their own one killed at the scene the other two kidnapped their bodies found days later and a terrible war crime committed against an Iraqi family by four soldiers from First Platoon Minefields of the Heart adds a very personal dimension to the larger story of this Bravo Company platoon from the 101st Airborne s 502nd Infantry Regiment a unit known since World War II as the Black Heart Brigade Diaz recounts the emotional rollercoaster her family and other soldiers families experience during and after deployment She explores this terrain not only through stories of her

son's and family's experiences connected to the Iraq War but also by insights she's gained from other veterans' accounts from what she calls the box that soldiers returning from any war carry within. This added layer gives her narrative broader meaning, bringing home the impact of war in general on those who fight and on those who love them. *Minefields of the Heart* is a story of innocence lost, understanding gained, and hope reaffirmed. In addition to veterans and their families, this book will appeal to anyone who wants to understand war's impact on individuals as well as on the fabric of our society. ***The Motion Picture Guide: Silent film, 1910-1936*** Jay Robert Nash, Robert Connelly, 1985

The Power of Their Ideas Deborah Meier, 2002-08-16 Teaching the lessons of New York's most famous public school Deborah Meier provides a widely acclaimed vision for the future of public education. With a new preface reflecting on the school's continuing success. ***California Travel Quests*** Richard Di Giacomo, 2025-05-01 This is so much more than just an average travel book that only covers the major tourist attractions. This book is designed to help you slow down and enjoy the rich diversity of California. There are many interesting places to see and things to do in the vast state that are not listed in conventional travel guides. There are many off the beaten path and unconventional places that are still well worth visiting. To make it fun, I have arranged the attractions by themes. I call them travel quests. Think of them as bucket lists for travelers. Instead of trying to see all of California in one big gulp, the state's many fascinating sites have been broken up into a series of travel goals along a similar theme. You may complete these quests on multiple trips at your leisure or combine items from different quests. Each section of the book has a travel quest to complete based upon a particular theme like nature, history, entertainment, or cultural sites. The chapter then has goals for a representative sample of the items contained on that list. Some additional silly activities such as wearing a costume, getting a goofy souvenir, or singing an appropriate song have been included to keep it fun for children and others. The author's personal favorites for each category are also highlighted along with many great photos from his travels. The book is a treasure trove of insider travel tips from a long-term resident of the state who has traveled the length and breadth of the state many times. It contains many fascinating historical and geographical facts that put the places and activities in context. It is very educational and fun for the whole family. It can also save you a lot of time and money by telling you what is worth seeing and what is not. It tells you how to avoid the crowds and wasting time traveling and waiting in lines. This is the full color edition. The stunning photographs show what a marvelous place California is to see. ***Time Out Film Guide*** John Pym, 2001 This guide covers every aspect of world cinema from Russian silents to Ealing comedies, classic documentaries to Japanese animated films, B movie horror, and major British and American releases since 1968. More than 660 new reviews are included in the 2002 edition which covers the 2000, 2001 Oscar and Bafta awards, prizes from the Berlin, Cannes, and Venice festivals, and a discussion of the topic Home entertainment where are we now. The guide also includes the cinema centenary and Time Out readers' Top One Hundred polls. ***New York Magazine***, 1972-04-17 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted

resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea *Film Score Monthly* ,2000
