Fasting and Feasting Adam Federman, 2018-09-14 For more than 30 years Patience Gray author of the celebrated cookbook *Honey from a Weed* lived in a remote area of Puglia in southernmost Italy She lived without electricity modern plumbing or a telephone grew much of her own food and gathered and ate wild plants alongside her neighbors in this economically impoverished region She was fond of saying that she wrote only for herself and her friends yet her growing reputation brought a steady stream of international visitors to her door This simple and isolated life she chose for herself may help explain her relative obscurity when compared to the other great food writers of her time M F K Fisher Elizabeth David and Julia Child So it is not surprising that when Gray died in 2005 the BBC described her as an almost forgotten culinary star Yet her influence particularly among chefs and other food writers has had a lasting and profound effect on the way we view and celebrate good food and regional cuisines Gray's prescience was unrivaled She wrote about what today we would call the Mediterranean diet and Slow Food from foraging to eating locally long before they became part of the cultural mainstream Imagine if Michael Pollan or Barbara Kingsolver had spent several decades living among Italian Greek and Catalan peasants recording their recipes and the significance of food and food gathering to their way of life In *Fasting and Feasting* biographer Adam Federman tells the remarkable and until now untold life story of Patience Gray from her privileged and intellectual upbringing in England to her trials as a single mother during World War II to her career working as a designer editor translator and author and describing her travels and culinary adventures in later years A fascinating and spirited woman Patience Gray was very much a part of her times but very clearly ahead of them **Fasting and Feasting (UK Edition)**

Adam Federman, 2017-06-07 Patience Gray emerges from this life as an utterly original spirit who was one of the few to rebel against the change in direction that eating had taken in modern times Bee Wilson *The Sunday Times* A *New York Times* Notable Book for 2017 For more than thirty years Patience Gray author of the celebrated cookbook *Honey from a Weed* lived in a remote area of Puglia in southernmost Italy She lived without electricity modern plumbing or a telephone grew much of her own food and gathered and ate wild plants alongside her neighbors in this economically impoverished region She was fond of saying that she wrote only for herself and her friends yet her growing reputation brought a steady stream of international visitors to her door This simple and isolated life she chose for herself may help explain her relative obscurity when compared to the other great food writers of her time M F K Fisher Elizabeth David and Julia Child So it is not surprising that when Gray died in 2005 the BBC described her as an almost forgotten culinary star Yet her influence particularly among chefs and other food writers has had a lasting and profound effect on the way we view and celebrate good

food and regional cuisines Gray's prescience was unrivaled. She wrote about what today we would call the Slow Food movement from foraging to eating locally long before it became part of the cultural mainstream. Imagine if Michael Pollan or Barbara Kingsolver had spent several decades living among Italian, Greek, and Catalan peasants recording their recipes and the significance of food and food gathering to their way of life. In *Fasting and Feasting*, biographer Adam Federman tells the remarkable and until now untold life story of Patience Gray from her privileged and intellectual upbringing in England to her trials as a single mother during World War II to her career working as a designer, editor, translator, and author, and describing her travels and culinary adventures in later years. A fascinating and spirited woman, Patience Gray was very much a part of her times but very clearly ahead of them.

Jimmy Buffett Ryan White, 2017-05-09. A candid, compelling, and rollicking portrait of the legendary pirate captain of Margaritaville, Jimmy Buffett. In *Jimmy Buffett: A Good Life All the Way*, acclaimed music critic Ryan White has crafted the definitive account of Buffett's rise from singing songs for beer to his becoming a tropical icon and inspiration behind the Margaritaville industrial complex: a vast network of merchandise, chain restaurants, resorts, and lifestyle products, all inspired by his sunny but disillusioned hit Margaritaville. Filled with interviews from friends, musicians, Coral Reefer Band members, and business partners who were there, this book is

a top down joyride with plenty of side trips and meanderings from Mobile and Pascagoula to New Orleans Key West down into the islands aboard the Euphoria and the Euphoria II and into the studios and onto the stages where the foundation of Buffett's reputation was laid Buffett wasn't always the pied piper of beaches bars and laid back living Born on the Gulf Coast the son of a son of a sailing ship captain Buffett scuffed around New Orleans in the late sixties flunked out of Nashville and a marriage in 1971 and found refuge among the artists dopers shrimpers and genuine characters who'd collected at the end of the road in Key West And it was there in those waning outlaw days at the last American exit where Buffett like Hemingway before him found his voice and eventually brought to life the song that would launch Parrot Head nation And just where is Margaritaville It's wherever it's five o'clock it's wherever there's a breeze and salt in the air and it's wherever Buffett set his bare feet smiled and sang his songs
