**Conversations with Raymond Carver** Raymond Carver, 1990 The twenty five interviews gathered here several available in English for the first time include craft interviews biographical portraits self analyses wide ranging reflections on the current literary scene *Raymond Carver* Carol Sklenicka, 2009-11-24 The first biography of America's best known short story writer of the late twentieth century The London Times called Raymond Carver the American Chekhov The beloved mischievous but more modest short story writer and poet thought of himself as a lucky man whose renunciation of alcohol allowed him to live ten years longer than I or anyone expected In that last decade Carver became the leading figure in a resurgence of the short story Readers embraced his precise sad often funny and poignant tales of ordinary people and their troubles poverty drunkenness embittered marriages difficulties brought on by neglect rather than intent Since Carver died in 1988 at age fifty his legacy has been mythologized by admirers and tainted by controversy over a zealous editor's shaping of his first two story collections Carol Sklenicka penetrates the myths and controversies Her decade long search of archives across the United States and her extensive interviews with Carver's relatives friends and colleagues have enabled her to write the definitive story of the iconic literary figure Laced with the voices of people who knew Carver intimately her biography offers a fresh appreciation of his work and an unbiased vivid portrait of the writer Raymond Carver Sam Halpert, 1995-04 A collection of Lawrence and Lee's major plays *Inherit the Wind* *Auntie Mame* *The Gang's All Here* *Only in America* *A Call on Kuprin* *Diamond Orchid* *The Night Thoreau Spent in Jail* and *First Monday in October* Introductions to each play place them in their critical and historical contexts Includes bandw photos and a chronology No index Annotation copyright by Book News Inc Portland OR **Raymond Carver** Adam Meyer, 1995 An acknowledged master of the short story Raymond Carver 1938-88 excelled at portraying the hardscrabble existence of blue collar workers frustrated and disillusioned by the false promises of the American dream This terrain was well known to Carver who long worked at blue collar jobs to support his family and personally struggled with the transiency alcoholism economic privation and despair he depicts so poignantly in his fiction At the same time he overcame these obstacles aided by among others the writer John Gardner the editor Gordon Lish and the poet Tess Gallagher to become a major figure in the resurgence of the short story and the revival of realistic writing For collections like *Will You Please Be Quiet Please* *What We Talk About When We Talk about Love* and the magnificent *Cathedral* Carver won honor after honor including nominations for the National Book Award the National Book Critics Circle Award and the Pulitzer Prize And with the 1993 release of Robert Altman's film *Short Cuts* Carver long known to readers of serious fiction attained widespread public recognition Tracing these themes and more is Adam Meyer's *Raymond Carver* which considers more of the writer's fiction and poetry than has any previous book length study Writing with luminous clarity Meyer delves into the biographical elements shaping the writer's career and probes Carver's style and subject matter he then examines the majority of the fictional works organizing his material according to

distinct phases in the writer's canon while devoting a separate chapter to Carver's poetry Of special appeal are Meyer's insightful comparison of stories published in multiple versions and his informed discussion of minimalism a term often applied to Carver's writings but Meyer argues only partly if at all with accuracy *Carver Country* Raymond Carver, 1994 Raymond Carver's gritty texts combined with Adelman's photographs of Carver's people and haunts re-create the world of this major writer bringing to life the bleak blue collar towns people and places that became the inspiration for much of his work 113 duotone photos *The Stories of Raymond Carver* Kirk Nessel, 1995 Raymond Carver known in some circles as the godfather of minimalism has been credited by many as the rejuvenator of the once dying American short story Drawing on representative tales from each of Carver's major volumes of fiction Nessel's critical exploration leads us deep into the heart of Carver country an eerie post industrial world of low rent survivors In this comprehensive study of Carver Nessel discusses the relationship of minimalism and postmodern trends and the rise of new realism By locating Carver in the gallery of American letters Nessel shows him to be at once more simple and more complex than we might have believed skillfully laying the groundwork for Carver studies to come BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *Technique and Sensibility in the Fiction and Poetry of Raymond Carver* Arthur F. CARVER,2018-05-14 Raymond Carver was an American poet and short story writer who is credited with having contributed to the revitalization of the American short story in literature during the 1980s Much has been written about his life In writing this book his brother James Carver hopes that his pictorial memoir will tell the true story of family life as Ray and he lived it and in the process dispel the inaccuracies and untruths written about his brother and family over the years Carver shares fond memories as well as sad ones from many years ago and includes a historical perspective of the times in which the brothers lived      The Poetry of Raymond Carver

Sandra Lee Kleppe, 2016-02-24 Best known as one of the great short story writers of the twentieth century Raymond Carver also published several volumes of poetry and considered himself as much a poet as a fiction writer Sandra Lee Kleppe combines comparative analysis with an in depth examination of Carver's poems making a case for the quality of Carver's poetic output and showing the central role Carver's pursuit of poetry played in his career as a writer Carver constructed his own organic literary system of autopoetics a concept connected to a paradigm shift in our understanding of the inter relatedness of biological and cultural systems This idea is seen as informing Carver's entire production and a distinguishing feature of Kleppe's book is its contextualization of Carver's poetry within the complex literary and scientific systems that influenced his development as a writer Kleppe addresses the common themes and intertextual links between Carver's poetry and short story careers situates Carver's poetry within the love poem tradition explores the connections between neurology and poetic memories and examines Carver's use of the elegy genre within the context of his terminal illness Tellingly Carver's poetry which has aroused slight interest among literary scholars is frequently taught to medical students This testimony to the interdisciplinary implications of Carver's work suggests the appropriateness of Kleppe's culminating discussion of Carver's work as a bridge between the fields of literature and medicine
