**Britain In, 1750-1900** Colin Shephard, Andy Reid, 2000-10 Re Discovering the Past is SHP's ideal series for mixed ability teaching in Key Stage 3 combining clear author text accessible but worthwhile activities and clear lines of enquiry About the series Through this series you can ensure your teaching of National Curriculum History is totally accessible interesting and worthwhile It is based on the Schools History Project's awarding winning series Discovering the Past but for this series SHP have streamlined the content simplified the language scaffolded the tasks while retaining their characteristic emphasis on challenging readers to think deeply and pursue historical enquiry SHP have also provided extensive support for further differentiation through FREE online support material via the Hodder History Nest About this title Re Discovering Britain 1750 1900 provides an accessible textbook for studying the industrial revolution and the growth of empire and trade as part of the revised History National Curriculum Ideas political power industry and empire Britain 1745 1901 It combines overview and depth study Overview How did Britain change between 1750 and 1900 Depth Study 1 The Industrial Revolution Depth Study 2 Empire and trade Depth Study 3 Towns Depth Study 4 The vote Depth Study 5 Victorian values Britain 1750 1900 Special Needs Support Materials and Re Discovering Britain 1750 1900 Teacher's Resource Book are available FREE from the Hodder History Nest The full series Re discovering Medieval Realms 1066 1500 Re discovering the Making of the United Kingdom 1500 1750 Re discovering Britain 1750 1900 Re discovering the Twentieth Century World Rediscovering Republicanism John Nantz, 2021-10-19 When well designed institutions function properly people thrive Few institutions have been more ingeniously designed than the U S federal government via the Constitution in 1787 This auspicious beginning more than two centuries ago helps explain why the U S remains a magnet for opportunity seekers students entrepreneurs dissidents and persecuted believers Yet for decades now America's federal government has been underperforming Social Security and Medicare face looming insolvency The federal government's war on poverty has failed to end poverty and arguably made it worse In 2012 the United States Postal Service lost more money than the nation spent on the State Department and Amtrak has lost money every year since being created in 1971 How can an enduring institution so thoughtfully crafted now produce such poor results The federal government has grown so much because it serves a new and different vision American Progressivism American Progressives believed that democratically elected public minded federal politicians and employees could use federal programs to solve the nation's greatest problems in a way no other American institution could This idea justified the federal government's massive expansion today the federal government runs over 1 500 programs and employs over 5% of the U S workforce Yet federal results do not match Progressive expectations Three key problems windfall politics the government surcharge and complexity failure overlooked by American Progressives explain the federal government's consistent failures American Progressive's rosy eyed view of human nature and political institutions have not been borne out by the evidence In an era of substantial political fermentation and debate rediscovering and re

applying American Republicanism represents the best path forward for the United States The federal government should retain many necessary responsibilities but turn over those where it has failed for social welfare federally provided services and retirement savings among others to the country's state governments civil society and individual citizens respectively

*The Materials of Exchange between Britain and North East America, 1750-1900* Daniel Maudlin, Robin Peel, 2016-03-03 Taking a multidisciplinary approach to the complex cultural exchanges that took place between Britain and America from 1750 to 1900 *The Materials of Exchange* examines material visual and print culture alongside literature within a transatlantic context The contributors trace the evolution of Anglo American culture from its origins as a product of the British North Atlantic Empire through to its persistence in the post Independence world of the nineteenth and early twentieth centuries While transatlanticism is a well established field in history and literary studies this volume recognizes the wider diversity and interactions of transatlantic cultural production across material and visual cultures as well as literature As such while encompassing a range of fields and approaches within the humanities the ten chapters are all concerned with understanding and interpreting the same Anglo American culture within the same social contexts The chapters integrate the literary with the material offering alternative and provocative perspectives on topics ranging from the child made book to representations of domestic slaves in literature by way of history painting travel writing architecture and political plays By focusing on cultural exchanges between Britain and the north eastern maritime United States over nearly two centuries the collection offers an in depth study of Britain's relationship with a single region of North America over an extended historic period Contributors have resisted the temptation to prioritize the relationship between New England and England in particular by placing this association within the contexts of Atlantic exchanges with other northeastern states as well as with the South the Caribbean and Scotland Intended for researchers in literature visual and material culture this collection challenges single subject boundaries by redefining transatlantic studies as the collective examination of the complex and interrelated cultural t

Teaching and Learning the Difficult Past Magdalena H. Gross, Luke Terra, 2018-12-07 Building upon the theoretical foundations for the teaching and learning of difficult histories in social studies classrooms this edited collection offers diverse perspectives on school practices curriculum development and experiences of teaching about traumatic events Considering the relationship between memory history and education this volume advances the discussion of classroom based practices for teaching and learning difficult histories and investigates the role that history education plays in creating and sustaining national and collective identities

Rediscovering Palestine Beshara Doumani, 1995-10-12 Drawing on previously unused primary sources this book paints an intimate and vivid portrait of Palestinian society on the eve of modernity Through the voices of merchants peasants and Ottoman officials Beshara Doumani offers a major revision of standard interpretations of Ottoman history by investigating the ways in which urban rural dynamics in a provincial setting appropriated and gave meaning to the larger forces of Ottoman rule and European economic expansion He traces the relationship between culture

politics and economic change by looking at how merchant families constructed trade networks and cultivated political power and by showing how peasants defined their identity and formulated their notions of justice and political authority Original and accessible this study challenges nationalist constructions of history and provides a context for understanding the Palestinian Israeli conflict It is also the first comprehensive work on the Nablus region Palestine s trade manufacturing and agricultural heartland and a bastion of local autonomy Doumani rediscovers Palestine by writing the inhabitants of this ancient land into history

**Must Read: Rediscovering American Bestsellers** Sarah Churchwell, Thomas Ruys Smith, 2012-08-02 What is it about certain books that makes them bestsellers Why do some of these books remain popular for centuries and others fade gently into obscurity And why is it that when scholars do turn their attention to bestsellers they seem only to be interested in the same handful of blockbusters when so many books that were once immensely popular remain under examined Addressing those and other equally pressing questions about popular literature Must Read is the first scholarly collection to offer both a survey of the evolution of American bestsellers as well as critical readings of some of the key texts that have shaped the American imagination since the nation s founding Focusing on a mix of enduring and forgotten bestsellers the essays in this collection consider 18th and 19th century works like Charlotte Temple or Ben Hur that were once considered epochal but are now virtually ignored 20th century favorites such as The Sheik and Peyton Place and 21st century blockbusters including the novels of Nicholas Sparks The Kite Runner and The Da Vinci Code

**Rediscovering Irregular Warfare** A. R. B. Linderman, 2016-02-29 Britain s Special Operations Executive SOE which conducted sabotage campaigns and supported resistance movements in Axis occupied Europe and in Asia is often described as Winston Churchill s brainchild But as A R B Linderman reveals in this engrossing history the real genius behind Britain s clandestine warriors was Colin Gubbins a British officer who forged the SOE by drawing on lessons learned in irregular conflicts around the world Following Gubbins through operations he studied and participated in Linderman maps the evolution of the SOE from its origins to its doctrine to its becoming a critical institution Part biography part intellectual and organizational history Rediscovering Irregular Warfare is the first book to explore the origins of a substantial force in the Allies victory in World War II Although popular history holds that Britain entered World War II with no prior knowledge of or experience with underground warfare Rediscovering Irregular Warfare tells us otherwise Linderman finds ample precedent in the clearly documented work of Gubbins and his fellow clandestine organizers He traces Gubbins s career from 1914 through World War I and such irregular conflicts as the Allied intervention in Russia the Irish Revolution and conflicts in British India To these firsthand experiences Gubbins added the insights of colleagues who had served with him and in Iraq as well as what he learned from the Second Anglo Boer War the Arab Revolt led by T E Lawrence the German guerrilla war in East Africa the revolt in Palestine between the world wars the Spanish Civil War and the Second Sino Japanese War The two booklets that Gubbins wrote based on his accumulated knowledge offered the first synthesis of British unconventional

warfare doctrine practical guides that emphasized the centrality of local populations the collection protection and use of intelligence the necessity of cooperating with conventional forces and the use of speed surprise and escape in ambush operations In 1940 when Gubbins joined the newly created SOE the experience and know how codified in his guides formed the basis of Britain s approach to irregular warfare The history of the SOE s doctrinal origins is Colin Gubbins s story By telling that story *Rediscovering Irregular Warfare* amplifies and clarifies our understanding of the Second World War and of doctrines of unconventional warfare in the twentieth century *Rediscovering* , **Rediscovering Lost Landscapes** Pietro Piana, Charles Watkins, Ross Balzaretti, 2021 Analysis of hundreds of art works from the period provides insights into forgotten landscapes and hidden geographies After the Napoleonic wars many wealthy British women and men settled along the coast in Liguria and travelled in Piedmont and Valle d Aosta in search of warmth and health They established English speaking colonies of retired clerics colonial officials aristocrats and industrialists at places such as Alassio Bordighera Sanremo and Portofino Many were keen artists This book assesses hundreds of topographical drawings paintings and photographs of north west Italy produced by these British visitors and residents in the nineteenth and early twentieth century Through the identification and analysis of these works scattered today in private and public collections in Italy and Britain it provides insights into the way Italian landscapes were understood and appreciated Considered in conjunction with historical photography maps archives and fieldwork they deepen our knowledge of past land management traditions and recover how the contemporary landscape looked The artists are placed in their intellectual and geographical contexts and interconnections between British and Italian artists and between topographical art and photography are explored Different chapters assess the main subjects depicted including mountains seascapes rivers agriculture trees and woodland castles churches villages industries and landscapes of luxury **In Search of Pre-Classical Antiquity: Rediscovering Ancient Peoples in Mediterranean Europe (19th and 20th c.)** , 2016-11-28 The book aims rethinking the cultural history of Mediterranean nationalisms between 19th and 20th centuries by tracing their specific approach to antiquity in the forging of a national past By focusing on how national imaginaries dealt with this topic and how history and archaeology relied on antiquity this collection of essays introduces a comparative approach presenting several cases studies concerning many regions including Spain Italy and Slovenia as well as Albania Greece and Turkey By adopting the perspective of a dialogue among all these Mediterranean political cultures this book breaks significantly new ground because it shifts attention on how Southern Europe nationalisms are an interconnected political and cultural experience directly related to the intellectual examples of Northern Europe but also developing its own particular trends Contributors are i dem Atakuman Filippo Carl Francisco Garcia Alonso Maja Gori Eleni Stefanou Rok Stergar Katia Visconti **Book Review Index** , 2006 Every 3rd issue is a quarterly cumulation *Faith, Fraternity and Fighting* Donald M. MacRaild, 2005-01-01 This book fills one of the most significant gaps in modern British historiography Despite its public profile the Orange Order has not attracted commensurate

scholarly attention Uncritical apologists apart historians have displayed condescending censure stigmatising and dismissing the Order as sectarian a term unduly restricted in their studies to violence and demonstrations Having gained unique access to lodge membership records MacRaild provides a timely corrective MacRaild makes excellent use of archive material to provide a fascinating study of diasporic Orangeism showing how it was imported into mainland Britain and implanted within working class communities as a way of life able to attract adherents with no obvious Irish provenance or connection the Toxteth lodge in North West England has a not insignificant black presence Impeccably researched and expertly written Faith Fraternity and Fighting is a major achievement and an important step in rescuing Orangeism from the stigma of sectarianism

Mattheier,Peter Trudgill,2008-07-14 No detailed description available for SOCIOLINGUISTICS AMMON 3 TLBD HSK 3 3 2A E BOOK *Law and Society in England 1750-1950* William Cornish,Stephen Banks,Charles Mitchell,Paul Mitchell,Rebecca Probert,2019-10-31 Law and Society in England 1750 1950 is an indispensable text for those wishing to study English legal history and to understand the foundations of the modern British state In this new updated edition the authors explore the complex relationship between legal and social change They consider the ways in which those in power themselves imagined and initiated reform and the ways in which they were obliged to respond to demands for change from outside the legal and political classes What emerges is a lively and critical account of the evolution of modern rights and expectations and an engaging study of the formation of contemporary social administrative and legal institutions and ideas and the road that was travelled to create them The book is divided into eight chapters Institutions and Ideas Land Commerce and Industry Labour Relations The Family Poverty and Education Accidents and Crime This extensively referenced analysis of modern social and legal history will be invaluable to students and teachers of English law political science and social history

**A Social History of Swimming in England, 1800 - 1918** Christopher Love,2013-10-18 Covering a time of great social and technological change this history traces the development of the four classic aquatic disciplines of competitive swimming diving synchronized swimming and water polo with its main focus on racing Working from the beginnings of municipal recreational swimming the book fully explores the links between swimming and other aspects of English life society including class education gender municipal governance sexuality and the Victorian invention of the sports amateur professional divide Uniquely focused on swimming often neglected in analytic sports histories this is the first study of its kind and will be an important landmark in the establishment of swimming history as a topic of scholarly investigation This book was previously published as a special issue of the International Journal of the History of Sport

**Dury and Andrews' Map of Hertfordshire** Andrew Macnair,Anne Rowe,Tom Williamson,2015-11-30 This book is about the map of an English county Hertfordshire which was published in 1766 by two London mapmakers Andrew Dury and John Andrews For well over two centuries from the time of Elizabeth I to the late 18th century the county was the basic unit for mapping in Britain and the

period witnessed several episodes of comprehensive map making The map which forms the subject of this book followed on from a large number of previous maps of the county but was greatly superior to them in terms of quality and detail It was published in a variety of forms in nine sheets with an additional index map over a period of 60 years No other maps of Hertfordshire were produced during the rest of the century but the Board of Ordnance later the Ordnance Survey established in the 1790s began to survey the Hertfordshire area in 1799 publishing the first maps covering the county between 1805 and 1834 The OS came to dominate map making in Britain but of all the maps of Hertfordshire that produced by Dury and Andrews was the first to be surveyed at a sufficiently large scale to really allow those dwelling in the county to visualize their own parish local topography and even their own house and its place in the wider landscape The first section examines the context of the map s production and its place in cartographic history and describes the creation of a new digital version of the map which can be accessed online The second part describes various ways in which this electronic version can be interrogated in order to throw important new light on Hertfordshire s landscape and society both in the middle decades of the eighteenth century when it was produced and in more remote periods The attached DVD contains over a dozen maps which have been derived from the digital version and which illustrate many of the issues discussed in the text as well as related material which should likewise be useful to students of landscape history historical geography and local history

*The Secret Battle* Michael Roper,2009-06-15 What did home mean to British soldiers and how did it help them to cope with the psychological strains of the Great War Family relationships lie at the heart of this book It explores the contribution letters and parcels from home played in maintaining the morale of this largely young amateur army And it shows how soldiers in their turn sought to adapt domestic habits to the trenches Pursuing the unconscious clues within a rich collection of letters and memoirs with the help of psychoanalytical ideas including those formulated by the veteran tank commander Wilfred Brion this study asks fundamental questions about the psychological resources of this generation of young men It reveals how the extremities of battle exposed the deepest emotional ties of childhood and went on marking the post war domestic lives of those who returned

*Public Images* Ryan Linkof,2020-08-12 The stolen snapshot is a staple of the modern tabloid press as ubiquitous as it is notorious The first in depth history of British tabloid photojournalism this book explores the origin of the unauthorised celebrity photograph in the early 20th century tracing its rise in the 1900s through to the first legal trial concerning the right to privacy from photographers shortly after the Second World War Packed with case studies from the glamorous to the infamous the book argues that the candid snap was a tabloid innovation that drew its power from Britain s unique class tensions Used by papers such as the Daily Mirror and Daily Sketch as a vehicle of mass communication this new form of image played an important and often overlooked role in constructing the idea of the press photographer as a documentary eyewitness From Edward VIII and Wallis Simpson to aristocratic debutantes Lady Diana Cooper and Margaret Whigham the rage of the social elite at being pictured so intimately without permission was matched only by the fascination

of working class readers while the relationship of the British press to social economic and political power was changed forever Initially pioneered in the metropole tabloid style photojournalism soon penetrated the journalistic culture of most of the globe This in depth account of its social and cultural history is an invaluable source of new research for historians of photography journalism visual culture media and celebrity studies      **Cultures of Shame** D. Nash,A. Kilday,2010-10-20 The first systematic study of the concept of shame from 1600 1900 showing good and bad behaviour morality and perceptions of crime in British society at large Single episodes in the history of shame are contextualized by discussing the historiography and theory of shame and their implications for the history of crime and social relations      *Rural Women Workers in Nineteenth-century England* Nicola Verdon,2002 The range of women s work and its contribution to the family economy studied here for the first time Despite the growth of women s history and rural social history in the past thirty years the work performed by women who lived in the nineteenth century English countryside is still an under researched issue Verdon directly addresses this gap in the historiography placing the rural female labourer centre stage for the first time The involvement of women in the rural labour market as farm servants as day labourers in agriculture and as domestic workers are all examined using a wide range of printed and unpublished sources from across England The roles village women performed in the informal rural economy household labour gathering resources and exploiting systems of barter and exchange are also assessed Changes in women s economic opportunities are explored alongside the implications of region age marital status number of children in the family and local custom women s economic contribution to the rural labouring household is established as a critical part of family subsistence despite criticism of such work and the rise in male wages after 1850 NICOLA VERDON is a Research Fellow in the Rural History Centre University of Reading
