Art, Passion, Poetry Barbara Sher Tinsley,2015-11-22 Says the author Art Passion Poetry was inspired largely by the fact that

with teaching research writing and painting I have had less time for playing the piano which I dearly love and have played since age five I have transmuted the musical urge into a different kind of music poetry where I think my musical instincts are more developed than at the keyboard However the words of poems are as notes to me and each line a chord or arpeggio or trill that when the poem ends has given me a distinct piece of music with reflections of lived experience memory creativity analysis passion My poems are musical pieces When I finished selecting the right poems for my title I realized that I had written a musical or poetic memoir of my life one that has adhered from a love of linguistic and historical analysis together with Art Passion Poetry Art Passion Poetry all play a part in each poem of this collection in a particular way and usually in more than one way often quite unanticipated The poem s title may or may not reveal the major theme or themes of that poem There are often choices of ethics aesthetics sensuality and even cultural and political values that readers may be obliged to make to arrive at a conclusion near or far from the poet s This is because Barbara Sher Tinsley believes that poetry places at least as much responsibility on the reader as on her own shoulders while recognizing in a profound way that the transmission of any poem is a shared task one of decoding the artistry and passion of each offering She also engages her readers in conversations as significant to our human experience whether creative or procreative or merely sensuous as others that contribute to our economic educational professional or mental well being Readers will discover that art poetry and passion are really one
