Reaching A New Generation Strategies For Tomorrows Church:

Reaching a New Generation Alan J. Roxburgh, 1992-12 Our world has changed dramatically in the past quarter century People are losing faith in technology Our society has lost consensus and is dividing into competing tribes Rather than simply condemning these new values Roxburgh calls the church to respond with Christian community Christian ecology and Christian spirituality This fresh and powerful book shows what our new world is like and how the gospel is yet again relevant and redemptive **"A" is for Abductive** Leonard I. Sweet, Brian D. McLaren, Jerry Haselmayer, 2003 A playful witty but substantive postmodern ministry for dummies type book that fills the huge and getting huger hunger for something in one volume that introduces basic concepts and vernacular of postmodern ministry **Borderland Churches** Gary V Nelson, 2009-01-01 *Borderland Churches* is a call to embrace the pluralistic post Christian and postmodern culture with a sense of opportunity and hope The author uses the image of the church crossing over into an in between time a place where faith is lived outside the walls of the church engaging the community in incarnational ways To live in that precarious but exhilarating place where faith and other faiths and no faith meet Only individuals and congregations that accept this new reality will be able to carry on Christian ministry in this new cultural situation A TCP Leadership Series title **The Younger Evangelicals** Robert E. Webber, 2002-10-01 Robert E Webber has led worship workshops in every major city in the United States and Canada Through his conversations and contacts with a network of emerging church leaders he calls the younger evangelicals Webber sees how this new generation and their style of leadership is bringing change and renewal to the evangelical church These leaders who include those young in spirit as well as young in age have important insights to offer all generations faced with doing church in a rapidly changing postmodern culture *The Younger Evangelicals* explores the characteristics of these emerging leaders and provides an outlet for their stories Beginning with a brief overview of twentieth century evangelicalism Webber examines what is different about the twenty first century younger evangelicals way of thinking about faith and practicing church He allows them Ph D s and laypeople to speak in their own words on issues such as communication theology apologetics pastoral leadership evangelism worship and spiritual formation Thought provoking energizing and timely *The Younger Evangelicals* is a landmark book for pastors and church leaders culture watchers ministry students and worship leaders who want to prepare for and respond to the new evangelical awakening brought on by our changing cultural context **Preaching to a Postmodern World** Graham M. Johnston, 2001-07-01 While growing churches dot our urban centers and country landscapes church goers and students today are actually less likely to maintain a Christian worldview than in the past In fact the majority of society does not even believe in objective truth A minister out of touch with this culture is like an uninformed missionary trying to teach in a foreign country To communicate God s Word effectively in the twenty first century teachers need to know how to connect with and confront an audience of postmodern listeners In *Preaching to a Postmodern World* Johnston shows pastors seminary students professors lay teachers

and church leaders can reach the present age without selling out to it The book discusses how to distinguish between modernism and postmodernism understand postmodern worldviews change the style of preaching without compromising the substance take advantage of new opportunities provided by the cultural shift show an inattentive society the relevance of God's truth The author's keen insights into contemporary pop and media culture also help equip speakers to address today's listeners with clarity and relevance

Faith and Modernity Philip Sampson, Vinay Samuel, Chris Sugden, 2011-08-05 The distinctive social and cultural developments of recent years are so familiar to us as to become invisible So write the editors in the introduction Although no missionaries worth their salt would try to evangelize without first studying the cultural and spiritual background of their hearers the church in the late twentieth century often does not begin to understand modern and postmodern thinking At the second conference of the Lausanne Committee for World Evangelization in Manila 1989 Dr Os Guinness gave a paper on Faith and Modernity which provoked great interest As part of the response to his paper a conference was held in Uppsala Sweden in 1993 at which an international group of experts probed more deeply into the questions of modernity and post modernity Participants represented the United States Canada India Norway Sweden and the United Kingdom They included such well known experts as Os Guinness James Hunter Lesslie Newbigin Vinay Samuel Elaine Storkey and David Wells Each of them has contributed to this volume covering such topics as What is Modernity Truth and Authority in Modernity Information Technology and Christian Faith New Age Modernity and Spirituality Modernity and Morality This collection of papers is offered as a resource and a challenge to the church for its mission in the context of the modern world

Keep Christianity Weird Michael Frost, 2018-09-04 Jesus is different Go and do likewise Many Christians have become comfortable letting the world mold them instead of being set apart by God And many churches have traded in their biblical roots for complacent conventionality But Jesus and the church are anything but conventional The hallmark of our faith is that it sees the world differently than the world sees itself We are called to be eccentric off center unique different not conformed to the patterns of the world but transformed by the renewing of our minds By the grace of God we are not only dissatisfied by sin but increasingly uncompelled by conventionality So resist the allure of acceptability Get back to the unsafe roots of our faith Be equipped to surprise the world with the Good News it didn't even know it was waiting for Challenge the way things are by living a life that has been truly set free by Christ

Planting Churches Cross-Culturally David J. Hesselgrave, 2000-05-01 A practical approach to church planting that uses cultural and experiential data to facilitate the founding of new churches in unreached areas of the world

Culture Shift David W. Henderson, 1998-11-01 A map of today's cultural landscape guiding Christians toward more effective communication with the postmodern world

Missional Church Daniel L. Guder, 1998-02-09 What would a theology of the Church look like that took seriously the fact that North America is now itself a mission field This question lies at the foundation of this volume written by an ecumenical team of six noted missiologists Lois Barrett Inagrace T Dietterich Darrell L Guder George R Hunsberger Alan J Roxburgh and

Craig Van Gelder The result of a three year research project undertaken by The Gospel and Our Culture Network this book issues a firm challenge for the church to recover its missional call right here in North America while also offering the tools to help it do so The authors examine North America s secular culture and the church s loss of dominance in today s society They then present a biblically based theology that takes seriously the church s missional vocation and draw out the consequences of this theology for the structure and institutions of the church **West Coast Mission** Ross A. Lockhart,2024-10-15

Vancouver British Columbia now reports no religion as its leading religious identity putting it in the vanguard of a trend happening across North America What does this mean for the Christian communities that continue to worship work and witness in this mostly secular city West Coast Mission seeks to uncover where Christianity in Vancouver is headed now that it is a minority belief system in the broader culture Drawing on a five year study of fourteen sites including church plants congregations and para church agencies Ross Lockhart describes how Christians in Vancouver are organizing their communities shaping their beliefs and expressing themselves in mission He finds that rather than simply declining Christianity in the city is adapting in response to immigration decolonization pluralism and social crises Christians are focusing on friendship and social connection in a culture that identifies as spiritual not religious on affordable housing as a missional concern on the communal value of environmental stewardship and on sharing the gospel in light of the destructive legacies of colonialism and residential schools West Coast Mission explores the evolving spectrum of religious identity in Vancouver and the significant cultural shifts taking place in how Christian mission and witness are approached in a secular city **A Royal Waste of Time** Marva J. Dawn,1999 In this book Marva Dawn insists that churches need to engage in a serious process of community discernment concerning worship in order to employ the best tools and forms and she offers reflections to further the discussion Each part of A Royal Waste of Time begins with a sample Scripture based sermon since Dawn emphasizes that the church s worship must follow biblical guidelines and form a biblical people From publisher s description The Out of Bounds Church? Steve Taylor,2010-12-21 What s Going on Out There Author Steve Taylor takes trips to the edge of the church envelope and sends us back what he s finding inside the emerging church around the globe From the revival of ancient spiritual practices to the rise of multimedia each of his posts sketches a view of the body of Christ in wild flux Topics include birth pilgrimage community creativity DJing and leading and following **Memories, Hopes,**

and Conversations Mark Lau Branson,2016-06-09 Memories Hopes and Conversations is a powerful resource that introduces readers to Appreciative Inquiry a transformational organizational change process that focuses on the strengths of a group The second edition has been revised and expanded throughout featuring important new materials on leadership and missional frameworks as well as five chapters from pastors describing the transformational experiences of their churches and neighbors using Appreciative Inquiry The book offers a dynamic overview of the Appreciative Inquiry process real stories of change in action and a wealth of practical resources for churches to pursue this journey of appreciation imagination and

change The second edition includes dynamic stories of Appreciative Inquiry in practice from Christopher Gobrecht New Covenant United Methodist Church Maryland Jim S Amstutz Akron Mennonite Church Pennsylvania Jean Burch Community Bible Church California Andrew Menzies Camberwell Baptist Church Australia Michael R Wilson Chestnut Level Presbyterian Church Pennsylvania Cultivating a People for God Enoch Kwan, 2019-04-09 This is not just another book It is a long but timeless message better described as a theology of Discipleship I wish God had used someone else who is smarter to write this book and it may have come out sooner It took God 25 years for me to capture the bits and pieces while God taught me in time This book will show you God s heart and get you excited about fulfilling His plan You will find the simple way of integrating spirituality and ministry while pleasing God in all areas of your life and ministry The wide Scripture supported fresh philosophy and framework presented in this book will help you feel God s heartbeat It will elevate your perspective and build a stronger motivation for your church to engage with Christ s Great Commission You will discover the God inspired strategy for discipleship in the Commandments for the Great Commission You will discover how we may effectively cultivate and offer daily to God a People God awaits Your congregation will have time to enjoy life and God while fulfilling the Great Commission and maturing as Christians in God s inspired ways You will be glad to allow this book to jump to the front of your reading list as it may inject transformational elements to your other reading It is possible that the message presented in this book will spark a new movement for God s people Come join me in fellowship through this book and decide for yourself to see if you can be a part of this new and exciting journey *Preaching Parables to Postmoderns* Brian Stiller, 2005-01-01 Preachers in their call to preach the Scriptures are not only charged with the responsibility of speaking its truth but of speaking in such a way that people of this age and culture understand To do this the preacher builds a bridge between today s people and the gospel of both testaments For some this task is more difficult than for others Preaching to those living in an inner city housing project is far removed from an outpost mission in the two thirds world Each community has its own way of thinking and attaches different values to symbols of its own making For those called preach to a generation raised on MTV and late night comedians or those rooted in various economic cultures from government sponsored jobs overseen by union bosses to entrepreneurial dot com companies or generations stretching from high school students to freedom fifty fivers the task is enormous When one adds to that the complexity of a radical shift in underlying intellectual and cultural assumptions the task of preaching becomes even more complicated **Soulsunami** Leonard Sweet, 2009-10-14 Road rage animal rights cyberporn crystal healing doctor assisted suicide everywhere we look the signs all tell us we re living in a post Christian culture Or are we Leonard Sweet cultural historian preacher futurist creatologist and preeminent thinker firmly believes we live today in a pre Christian society fraught with challenges dangers critical choices and above all tremendous potential for the church The outcome will depend on our response to today s flood of religious pluralism that threatens to sweep us away What will we do Deny the reality of the incoming surge Hunker in the bunker hermetically sealing ourselves in an

increasingly out of touch church counterculture Or will we boldly hoist our sails and looking to God for guidance and strength move with confidence and purpose over the waves SoulTsunami is a fascinating even mind numbing look at the implications of our changing world for the church in the 21st century With uncanny wisdom and trademark wit Leonard Sweet explores ten key futuribles precision guesses that fall short of predictions expanding on and relating topics ranging from the reentry of theism and spiritual longing in contemporary society to the impact of modern technology to the global renaissance to models for the church to reach people caught in the cultural maelstrom Here are eye opening perspectives on the church from within and from without from its surrounding society Lively well written and provocative SoulTsunami is a clarion call for Christians to remove their tunnel vision glasses and take a good look at the swelling postmodern flood It also is a voice of encouragement affirming the church in its role as God s lifeboat And it is a passionate prophetic guide pointing the way to reach a world swept out to sea *Missional (Allelon Missional Series)* Alan J. Roxburgh,2011-03-01 The burgeoning missional church movement is a sign that believers are increasingly feeling the call to impact their communities which is a good thing But says Alan J Roxburgh these conversations still prioritize church success over mission how can being missional grow my church But to focus on such questions misses the point In Missional Roxburgh calls Christians to reenter their neighborhoods and communities to discover what the Spirit is doing there to start with God s mission He then encourages readers to shape their local churches around that mission With inspiring true stories and a solid biblical base Missional is a book that will change lives and communities as its message is lived out **The Road to Missional** Michael Frost,2011-10 A leading voice in the missional church recasts the missional movement from a church add on to a whole new way of following Jesus **Hear the Word** James A. Prette,2011-04 Communicating the eternal truth of the Gospel in the continually changing context and language of contemporary culture can be a challenging task In HEAR the WORD author Dr James A Prette explores authentic Christian preaching in the postmodern culture In this examination Prette discusses the three essential elements of persuasive communication pathos ethos and logos and their parallels in Christian spiritual transformation content context and conveyor He offers a theological reflection exploring and defining a biblical paradigm for spiritual formation through the exposition of the biblical logos that crosses cultural and generational boundaries He also delves into the cultural shift that has taken place in the ethos of western culture from a modernist worldview to a postmodern one and its impact on Christian life and ministry HEAR the WORD offers nine important themes that can guide spiritual leaders in listening to and proclaiming the authentic word of God in this new postmodern paradigm
