Herzog, 2017-09-29 This book provides pastors

seminarians and interested laity with the background necessary to understand the need for disability ministry and the contexts out of which the church's ministry among people with disabilities must emerge. This is true not only for descriptions of ministries over the past sixty years but also the challenges disability poses for biblical studies, church history, Christian theology and ethics. Insights are gained not only from mainstream secular and religious sources but from evangelical and other conservative materials. The blending of items from different religious resources reveals just how ubiquitous disability is and the need for disability ministry now and for many years into the future. The book's format is such that either it can serve as a text for courses on disability ministry or individual chapters can be employed in various courses on selected topics in biblical studies, history, theology and ethics. Pastors and lay leaders will enjoy the depth of coverage for each topic. This is a book about a serious subject for serious readers. Its materials are designed to inform, stimulate and promote disability ministry as a topic worthy of serious study.

Disability Advocacy Among Religious Organizations Albert Herzog, 2012-11-12

Gain insight into the importance of advocacy for the disabled within various religious and secular organizations. You shall love your neighbor as yourself, Romans 13:9. Through the years, religious organizations have worked to fulfill this biblical mandate. Disability Advocacy Among Religious Organizations: Histories and Reflections chronicles the progress of different ministries advocating for the disabled since 1950 as they worked toward fulfilling this mission. This enlightening history of several religious organizations' efforts charts the trends in advocacy while offering readers insight into ways to assist people with disabilities both within religious organizations and in society. Issues are explored by drawing upon numerous documents, communications and in-depth reviews of the advocates' work. This book draws together in a single volume the stories of various religious organizations and their struggles to advocate for the disabled. Because of society's tendency to isolate and fear them, special needs individuals such as the mentally and physically disabled have long found it difficult to be accepted, understood or to receive proper care. However, ministries strive to be advocates for all of their members and their needs, including education, treatment and appropriate legislation. Disability Advocacy Among Religious Organizations: Histories and Reflections recounts the steps organizations have taken to focus on ending isolation and fear through inclusion and appropriate care of members with various disabilities. These historical accounts examine the depth, breadth and on-going need for disability advocacy in religious organizations. Disability Advocacy Among Religious Organizations: Histories and Reflections discusses the advocacy backgrounds of the World Council of Churches, the National Council of Churches, National Catholic Partnership on Disability, National Apostolate for Inclusion Ministry, American mainline Protestant denominations, the American Baptist Convention, Disciples of Christ, the Episcopal Church, the Evangelical Lutheran Church in America, the Presbyterian Church USA, the United Methodist Church and the United Church of Christ, the Christian Reformed Church, American Association on Mental Retardation (AAMR), Religion and Spirituality Division, Bethesda Lutheran Homes and Services Inc, the Christian Council on Persons with Disabilities (CCPD), Friendship Ministries, Joni and Friends, the Mennonite advocacy

Engraved Upon the Heart Hwarang Moon, 2015-07-17 How does liturgy impact the formation of faith The Protestant Church has traditionally emphasized human reason and doctrinal knowledge But there is another method with great formative power participation in liturgy Human beings gain important knowledge not only through traditional cognitively focused learning but also through practice and participation And because knowledge is wholistic an inability to express an idea in language does not necessarily signify an absence of knowledge This book shows how liturgy transmits knowledge that transcends human reason We repeat the liturgy in weekly public worship and its contents are inscribed on our minds and bodies Contrary to common belief this is also true for children and cognitively challenged individuals They may be unable to verbally express the contents of their faith in a way that satisfies normal adult expectations but these two groups of people are capable of rich religious experiences This book explores how welcoming them into experience and practice of worship and sacrament can benefit children cognitively challenged church members their families and the church community as a whole and makes us all a more inclusive community in Christ
