Erickson, 2022-12-14 *Reading Motivation: A Guide to Understanding and Supporting Children's Willingness to Read* explains the importance of paying careful attention to children's developing motivation to read and offers a step-by-step guide for conducting rigorous and systematic case studies of children's motivation to read in specific contexts, e.g., reading intervention programs. The methods described in this book have been used successfully to elicit the perspectives of children as young as five years of age. In addition to carefully considering the views of children, readers are encouraged to work with peers to carefully select, collect, and analyze multiple types of data from a variety of sources to answer questions about their students' motivation in trustworthy ways. Separate chapters explain how to formatively and summatively analyze and interpret qualitative and quantitative data and how to present findings and make changes to programming in response to findings. A summary and a guided activity appear at the end of each chapter to support the reader in practicing the skills introduced in the chapter. *My Wheel of Joy* Pedja Sukovic, 2017-08-31 Simply said, *My Wheel of Joy* speaks about joy. Five years ago,

author Pedja Sukovic connected with joy as his spiritual essence. He made it his personal mission statement to immerse himself in as much joy as possible, to stay connected to that essence. He created a tool called *My Wheel of Joy* to facilitate his mission. He used the tool daily and became intentional and disciplined about cultivating his joy. *My Wheel of Joy* became his meditation, his way of life. During those years of living his life following his joy, Sukovic gained many inspired thoughts, or as he calls them, knowings about joy. In *My Wheel of Joy*, he shares those knowings. He presents a creative expression about living in joy, being fully alive, feeling good, and reaching one's full human potential through joy. *Great Joy* Dwight Lyman
