Revised and updated edition of the book available in August 2014 to accompany the major motion picture directed by Thomas Carter and starring Jim Caviezel Alexander Ludwig Laura Dern and Clancy Brown By 2002 The Streak a historic 13 year run of consecutive wins by the Spartans a high school football team from Concord California that couldn't be beat was still going strong In this revised edition of When the Game Stands Tall author Neil Hayes who had unrestricted access to the De La Salle team writes from the inside about the games the players and their visionary coach Bob Ladouceur who managed to amass the highest winning percentage in football history 99.5 through standing for something greater than winning The book which also features interviews with major sports figures like Bill Walsh and John Gruden is a revealing portrait of the coach who believed above all in instilling basic life skills where winning is not the goal but merely the byproduct of playing the game The Streak had become a national story long before it ended in September 2004 In this revised paperback Neil Hayes catches up on the lives of the main characters and takes readers through the final tumultuous year What results is a timeless and inspirational story of struggle tragedy and triumph      *Email Connectors and Mr. Hogue's Wisdom* Dale Hogue,2008-04

Read,2009-08      *Fumblerooski* Gary Sapp,2013-01-30 The horizon overlooking the landscape of college football brightened considerably with the announcement that a national committee had approved a four team college football playoff beginning in 2014 At long last one of America's most beloved sports and its devoted followers will finally be rewarded with a legitimate champion being crowned on the football field Or so we've been told Questions still remain How will these four participants in this playoff be chosen Will smaller schools and leagues once again be shunned in favor of the prestige power and influence of the former BCS elites Gary Sapp asked himself these exact same questions and became dismayed with the growing speculation that the NCAA hadn't done enough to provoke change in the status quo And then he got busy crafting his own playoff system He would reduce dependency on the polls retain many of the country's top rivalries while preserving the importance of the regular season And finally he would deliver what the NCAA failed to He'd place 16 teams in a tournament to decide a national championship Keywords Football College Football College Football Playoff Sports Sports Study Gary Sapp Nest Egg Publishing      **Congressional Record** United States. Coach the Kid, Build the Boy, Mold the Man Carolyn J. Ellison,2007-07-03 When football coach Tiger Ellison was faced with his first losing season ever he had to muster all the creative will he had acquired since childhood to turn the season around In doing so he invented the most wide open productive fan pleasing scheme of aerial football the game had ever seen

He shared his philosophy with the coaching world in 1965 by writing a book called *Run and Shoot Football Offense of the Future*. His dramatic offense changed the way football has been played ever since all the way from the Little Leagues to the NFL. But this story transcends football taking place during the social turbulence of the 20th Century. As educator and coach, Tiger dedicated his life to tapping into the fighting spirit of each of his youngsters regardless of race, creed, or social status. He challenged each to build the character, confidence, and courage to pursue a noble cause in the classroom on the gridiron of American football and in life. It is a poignant reminder of the power each of us has within us to become a real winner. Tiger Ellison had a passion for life, country, and sport that were absolutely contagious for those around him. When you read his story, you may laugh a little, you may learn some things about football strategy, but I am certain you will love Tiger as we players did and see why his positive philosophy of life influenced all of us in a very special way.

Dr. Rex Kern, President, MSB Financial United Midwest Savings Bank, 1968 Buckeye National Championship Quarterback and 1969 Rose Bowl MVP Member of The Rose Bowl Hall of Fame. This is one football story that is not about power and money, rather a powerful and creative mind that left its imprint forever on players, coaches, and modern offensive football. At a time when football has become big business, Tiger's philosophy will remind us all why we love the game, what we can learn from it, and who we can become by it.

**Football Register**, 1974     *A Walking Distance*, Robert Ortiz, 2007-10. *A Walking Distance* is an autobiography that takes you from a small growing border town in south Texas to the Middle East. Along the way, the story derives from growing up in the hardships of a low-income family and the dream of a young man searching for a purpose while divided between religion, race, and the choices in life. He learns and grows by staying away from the constant drugs and gangs in school only to find the association he wanted in the football team. After being a part of an up and rising successful Texas high school football program, his experience in the football stardom takes him one step higher to the hardest task he had ever come across as he joins the elite fighting force in the United States Marines. He quickly learns that the Marine Corps is not at all what he expected as he lives the life of a marine and is flown overseas to fight in the Iraq War. *A Walking Distance* truly takes you for a ride as the road twists and turns towards an indefinite conclusion. The author carries you from Laredo to the Middle East, then back again in a constant cycle as he walks towards what is needed to be successful and the simple pursuit of happiness in an unseen future.
