

In order to understand this "experience," it is well worth considering Georges Poulet's observations on the reading process. He says that books only take on their full existence in the reader.²⁵ It is true that they consist of ideas thought out by someone else, but in reading the reader

self."²⁶

But for Poulet this idea is only part of the story. The strange subject does think the strange thought as the reader indicates the potential presence of the author, whose ideas can be "internalized" by the reader. "Such is the characteristic condition of every work which I mention back into existence by placing my consciousness at its disposal. I give it not only existence, but awareness of existence."²⁷ This would mean that consciousness forms the point at which author and reader converge, and at the same time it would result in the cessation of the temporary self-alienation that occurs to the reader when his consciousness brings to life the ideas formulated by the author. This process gives rise to a form of communication which, however, according to Poulet, is dependent on two conditions: the life-story of the author must be shut out of the work, and the individual disposition of the reader must be abstracted of the act of reading. Only then can the thoughts of the author take place objectively as the reader, who decides how he is to follow, that the work itself must be thought of as a transcendence, because only in this way is there an adequate basis for the author-reader relationship—a relationship that can only come about through the negation of the author's own life-story and the reader's own disposition. This conclusion is actually drawn by Poulet when he describes the work as the self-presentation or materialization of consciousness: "And so I ought not to hesitate to recognize that as long as it is assumed by this materialization of the act of reading, a work of literature becomes for the experience of the reader whose own life it suspends a sort of human being, that it is a mind

Reading the Bible Ethically Eric J. Douglass, 2014-09-11 All interpretive systems deal with the author Modern systems consider the text to be autonomous so that it is disconnected from the author s interests In Reading the Bible Ethically Eric Douglass reconsiders this connection His central argument is that the author is a

subject who reproduces her culture and her subjectivity in the text As the author reproduces her subjectivity the text functions as the author's voice This allows Douglass to apply ethical principles to interpretation where that voice is treated as a subject for conversation and not an object for manipulation He uses this to texture the reading process so that an initial reading takes account of the author's communication while a second reading critiques that communication

The Quest for the Fictional Jesus Margaret E Ramey, 2017-03-31 For almost two millennia Jesus story has been retold in various forms and fashions but in the last century a new way of reimagining the man from Galilee has sprung up in the form of novels about the life of Jesus While the novels themselves are as varied as their authors this work aims to introduce readers to some common literary strategies and theological agendas found in this phenomenon by surveying a few prominent examples It also explores the question of what happens when we examine the intertextual play between these reimaginings and their Gospel progenitors as we allow these contemporary novels to pose new questions to their ancient counterparts An intriguing hermeneutical circle ensues as we embark on our quest for the fictional Jesus and accompany his incarnations as they lead us back to re-examine the canonical portraits of Jesus anew

Analyzing Literature-to-Film Adaptations Mary H. Snyder, 2011-01-20 This is a wise and wonderful book which among other things provides a novelist's eloquent insider's perspective on the transformation of one of her books into a film Thirty years ago Stanley Cavell published *The World Viewed* Reflections on the Ontology of Film which opened up an intellectual highway between philosophy and cinema Now at long last Mary Snyder's book accomplishes a parallel clearing of the way between film making the art of the novel and literary and critical theory Every page is bubbling with creative theoretical and pedagogical insights Her intertextual readings of a score of literature to film adaptations are priceless in themselves I only wish that the title of the book had been taken from her chapter *The Fascination Never Ends* Michael Payne Professor of English Emeritus Bucknell University Critical questions specific to film adaptations need to be not only developed but established These questions or approaches must be accessible to students including those students who are not yet educationally sophisticated enough to digest purely theoretical material *Analyzing Literature to Film Adaptations* A Novelist's Exploration and Guide demonstrates an exploration into film adaptation from a novelist's perspective comprising a study of literary creation as well as the process product of adaptation and moving into the author's collaboration with a screenwriter which ultimately becomes a journey to understand and identify the implications of literature to film adaptation and the complexities and problems it raises Drawing from both classic and contemporary film adaptations *Frankenstein The Hours The Constant Gardener Children of Men The Lovely Bones Away from Her* the book puts forth an understanding of film and film analysis as well as addresses literary analysis The crux of the book however lies in its introduction to an academic means for critical analysis of film adaptations

In Search of the Latin American Faulkner Tanya T. Feyen, 1995 *In Search of the Latin American Faulkner* is an exhaustive exploration of the shifting interaction between Faulkner's works and the literary

repertory of Spanish speaking Latin America that went on for half a century Fayen s study sketches a previously unexplored history of the evolution of the modern Latin American literary establishment This work describes the pre history of contemporary Latin American narrative with particular attention to the Spanish speaking Latin American boom from the early dominance of peninsular Spanish literary norms to the gradual weakening of these norms and the complete opening up to foreign innovations when Latin American literature came into its own Contents In Search of a Theoretical Model The Ambiguous Problem of Influence Polysystem Theory Performing Descriptive Translation Studies A Shift of Norms in the Latin American Polysystem Faulkner s U S Critical Reception Critical Reception of Faulkner in Latin America The Translations Conclusion Herod the Fox John A. Darr,1998-01-01 In foregrounding the themes of witnessing seeing and hearing and recognition Luke urges readers to reflect on their own hearing reading of his story to become certain kinds of readers and to read in particular ways So the need for a reader oriented methodology in interpreting Luke Acts is evident But what is the best theory to deploy Charting a path through the thickets of modern literary theory Darr develops a new reader oriented model insisting that the original extratext the repertoire of literary and social conventions of Luke Acts and not simply the text itself should be taken into account in any critical evaluation of how this story works To demonstrate this new hermeneutical model Darr undertakes an extensive study of Lukan characterization and especially his portrayal of Herod the Tetrarch **The Birth of the Lukan Narrative** Mark Coleridge,1993-09-01 As a narrative critical study of the Lukan Infancy Narrative this is a work which puts new questions to an old and some would claim over interpreted text The work traces through the Infancy narrative two trajectories one theological the other epistemological At the point of theology Luke focuses upon God and the strange shape of the divine visitation at the point of epistemology Luke focuses upon the human being and what is needed to recognise the divine visitation given its strangeness The study then shows how the two trajectories converge in the Infancy Narrative s last episode the Finding of the Child in the Temple Though often accorded scant attention this is an episode which Coleridge argues is the true climax of the Infancy Narrative since it is only then that Jesus is born in the narrative as the protagonist he will prove consistently to be and only then that the Lukan Narrative itself is born It is this rather than any physical birth which most absorbs Luke in the first two chapters of the Gospel Though a study of the Infancy narrative this is a work with far reaching implications for the whole of Luke Acts The New Nancy Jeff Karnicky,2023-09 In The New Nancy Jeff Karnicky explores how today s successful daily comic strips are flexible and relatable and he uses Olivia Jaimes s 2018 reboot of the long running comic strip Nancy to illustrate the ways that contemporary comics have adapted to twenty first century technology and culture Because comic creation has become part of the gig economy flexible comics must be accessible to both online and print readers and they must quickly grab readers attention Flexible comic creators like Jaimes must focus both on the work of producing comics and on building an audience Daily comics also must form a relatable connection with readers Most contemporary comic creators cultivate an online

persona through which they engage readers with specific identities beliefs and expectations This work might form a mutually beneficial bond that results in a successful daily comic strip but it risks becoming fraught toxic and sometimes even dangerous Jaimes cultivates a relatable persona in connection with longtime readers and new fans Nancy finds its humor in both nostalgic objects like cookie jars and contemporary technological objects like smartphones Rebooted comic strips like Nancy directly confront the stereotypical representations that haunt the past of comics Focusing on Nancy s role in contemporary culture Karnicky uses literary studies cultural studies and media studies to argue that Jaimes s comic strip has something to say about comics contemporary culture and the intersection of the two
