Benedict, 2018-12-04 Inquiring into the formation of a literary canon during the Restoration and the eighteenth century Barbara Benedict poses the question Do anthologies reflect or shape contemporary literary taste She finds that there was a cultural dialectic at work miscellanies and anthologies transmitted particular tastes while in turn being influenced by the larger culture they helped to create Benedict reveals how anthologies of the time often created a consensus of literary and aesthetic values by providing a bridge between the tastes of authors editors printers booksellers and readers Making the Modern Reader the first full treatment of the early modern anthology is in part a history of the London printing trade as well as of the professionalization of criticism Benedict thoroughly documents the historical redefinition of the reader once a member of a communal literary culture the reader became private and introspective morally and culturally shaped by choices in reading She argues that eighteenth century collections promised the reader that culture could be acquired through the absorption of literary values This process of cultural education appealed to a middle class seeking to become discriminating consumers of art By addressing this neglected genre Benedict contributes a new perspective on the tension between popular and high culture between the common reader and the elite This book will interest scholars working in cultural studies and those studying noncanonical texts as well as eighteenth century literature in general Originally published in 1996 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 Organizational Culture and Leadership Edgar H. ensures political authority He shows how after the decline of the Ars topica in the eighteenth century various forms of literary speech took up the role of topical speech that Aristotle had originally identified Thus his book outlines a genealogy of various literary short forms from fable fairy tale and novella to twenty first century video storytelling that attempted on both high and low levels of culture to exercise again the social function of topical speech Some of the specific texts analyzed include the novellas of Theodor Storm and the novella like lettre de cachet proverbial fictions of Gustave Flaubert and Gottfried Keller the fairy tale as rediscovered by Vladimir Propp and Walter Benjamin the epiphanies of James Joyce and the video narratives of Hito Steyerl
