**Jesus Monotheism** Crispin Fletcher-Louis,2015-07-29 This is the first of a four volume groundbreaking study of Christological origins The fruit of twenty years research Jesus Monotheism lays out a new paradigm that goes beyond the now widely held view that Paul and others held to an unprecedented Christological monotheism There was already in Second Temple Judaism and in the Bible a kind of christological monotheism But it is first with Jesus and his followers that a human figure is included in the identity of the one God as a fully divine person Volume 1 lays out the arguments of an emerging consensus championed by Larry Hurtado and Richard Bauckham that from its Jewish beginnings the Christian community had a high Christology and worshipped Jesus as a divine figure New data is adduced to support that case But there are weaknesses in the emerging consensus For example it underplays the incarnation and does not convincingly explain what caused the earliest Christology The recent study of Adam traditions the findings of Enoch literature specialists and of those who have explored a Jewish and Christian debt to Greco Roman Ruler Cult traditions all point towards a fresh approach to both the origins and shape of the earliest divine Christology

**Ethics, Aesthetics, and the Beyond of Language** Robert Hughes,2010-08-02 This book explores the relationship between literature and ethics showing how

literature and art work to open up a part of ethics that resists traditional philosophy Focusing on three American Romantic texts Wieland The Legend of Sleepy Hollow and The Marble Faun Robert Hughes demonstrates how each dramatizes the ethical psychological and existential imperative to put the experience of our own traumatic limits death mortality and being into poetic language To develop the theoretical stakes of these literary readings Hughes also draws on four twentieth century continental thinkers Jacques Lacan Martin Heidegger Emmanuel Levinas and Alain Badiou each of whom in his own way proposed aesthetics or art as an approach to this dimension of ethics The book also points to an overlooked common lineage descending from German Romanticism between American Romanticism and contemporary post Romantic continental thought a shared supposition about the limits of reason as a mode of presenting the essence of art and ethics and a shared faith in the promise of literature to speak to or open up this subjective space of foundational ethics Manhattan Family Guide to Private Schools and Selective Public Schools, 6th Edition Victoria Goldman,2010-06-01 This guide written by a parent for
