How the Red Sun Rose Gao Hua, 2018-11-15 This work offers the most comprehensive account of the origin and consequences of the Yan an Rectification Movement from 1942 to 1945 The author argues that this campaign emancipated the Chinese Communist Party from Sovietinfluenced dogmatism and unified the Party preparing it for the final victory against the Nationalist Party in 1949 More importantly this monograph shows in great detail how Mao Zedong established his leadership through this partywide political movement by means of aggressive intraparty purges thought control coercive

cadre examinations and total reorganizations of the Party's upper structure. Aiden Fleischer, a bookish priest, finds himself transported to an alien world. With him is Miss Clarissa Stark, a crippled hunchback of exceptional ability wronged by an aristocrat and cast out from society. On the planet Ptallaya, under two bright yellow suns, they encounter the Yatsill, a race of enthusiastic mimics who shape their society after impressions picked up from Clarissa's mind. Creating a faux London, the alien creatures enroll Clarissa in their Council of Magicians and Aiden in the City Guard. But why does the peaceful city require guards? After a day that in earthly terms has lasted for months, the answer comes for on this planet without night a red sun also rises and brings with it a destructive evil. The Blood Gods' hideous creatures they cause Aiden to confront his own internal darkness while trying to protect his friend and his new home. With a sharp eye for period detail and a rich imagination, Mark Hodder establishes a weirdly twisted version of Victorian London on a convincingly realized alien world and employs them to tackle a profound psychological and moral question. This book breaks new ground by combining the *Sword Planet* genre with Victorian steampunk while adding an edgy psychological twist. From the Trade Paperback edition.
