Howell, 2009-01-26 The New Testament opens with four Gospel accounts that introduce the reader to Jesus Christ From the very beginning the redemptive drama moves toward the cross The final week of Jesus's life Passion Week takes up nearly 40 percent of the entire narrative The canonical Gospels provide four different perspectives on the life of Jesus He is portrayed in this fourfold account as King and covenant keeper Matthew as obedient Son servant Mark as the perfect Man among men Luke and as the eternal Son of God John the only person ever born whose central purpose in living is to die The Gospels are Passion narratives with extended introductions This is the governing principle of the present work as Jesus moves toward the culmination of his saving mission From early adumbrations to deepening shadows to direct predictions and finally to the detailed narratives of

Passion Week the Gospels follow the Lord's inexorable journey to the cross. This synthetic study which follows the life of Jesus in a chronological sequence while attempting to preserve the unique contribution of each of the four Gospel accounts draws upon the long established tradition of harmonies of the Gospels dating back to Tatian's Diatessaron AD 170. The ordering of the data follows with minor rearrangements. The NIV Harmony of the Gospels edited by Robert L Thomas and Stanley N Gundry. In The Passion of the Servant eighteen chapters with thirteen maps trace the geographical context of Jesus's ministry. Biblical quotations are taken from the English Standard Version ESV except where otherwise noted. The chronology adopted in this work one that assumes a spring AD 30 date for the crucifixion is appended along with a brief bibliography of works that have been particularly helpful to the author. The front cover is a portrait of the risen Lord instructing the two disciples near Emmaus that the events surrounding his death and resurrection fulfilled the sacred prophecies of the Old Testament. Luke 24:25-27.

The Folklore and Folk Music Archivist, 1963 **The Changing Faces of Jesus** Geza Vermes, 2002-02-26. Who was the real Jesus? How was this Palestinian charismatic transformed by later generations into the heavenly savior who is the focus of the Christian Church? Did Jesus's own teachings lead to his divine characterization? Or did the church-centered needs of gentile Christianity hide his true face, obscuring the religion he preached and practiced? With unique authority, sensitivity and insight, renowned scholar Geza Vermes explores these difficult questions by examining the New Testament writings, placing them in the context of the Jewish civilization of the first century. Starting with the elevated divine figure of Christ presented in the most recent Gospel, the Gospel of John, Vermes travels back through earlier accounts of Jesus's life to reveal the true historical figure.
