Los Angeles The Enormous Village 17811981:

Los Angeles, 1781-1981, 1981 **Dreamers and Schemers** Barry Siegel, 2020-09-14 How one man brought the Olympics to Los Angeles fueling the city's urban transformation *Dreamers and Schemers* chronicles how Los Angeles's pursuit and staging of the 1932 Olympic Games during the depths of the Great Depression helped fuel the city's transformation from a seedy frontier village to a world famous metropolis Leading that pursuit was the Prince of Realtors William May Billy Garland a prominent figure in early Los Angeles In important respects the story of Billy Garland is the story of Los Angeles After arriving in Southern California in 1890 he and his allies drove much of the city's historic expansion in the first two decades of the twentieth century Then from 1920 to 1932 he directed the city's bid for the 1932 Olympic Games Garland's quest to host the Olympics provides an unusually revealing window onto a particular time place and way of life Reconstructing the narrative from Garland's visionary notion to its consequential aftermath Barry Siegel shows how one man's grit and imagination made California history **El Pueblo** Jean Bruce Poole, Tevvy Ball, 2002 Founded in 1781 by pioneers from what is today northern Mexico El Pueblo de Los Angeles mirrors the history and heritage of the city to which it gave birth When the pueblo was the capital of Mexico's Alta California the region's rancheros came here to celebrate mass or to attend fiestas in the historic Plaza Following California's statehood in 1850 the pueblo for a time ranked among the most lawless towns of the American West American speculators wealthy rancheros and Italian wine merchants crowded its dusty streets The town's first barrio and the vibrant precincts of Old Chinatown soon grew up nearby As Los Angeles burgeoned into a modern metropolis its historic heart fell into ruin to be revitalized by the creation in 1930 of the romantic Mexican marketplace at Olvera Street Here two years later David Alfaro Siqueiros painted the landmark mural *Am rica Tropical* whose story is a fascinating tale of art politics and censorship In the decades since the pueblo has remained one of Southern California's most enduring and most complex cultural symbols El Pueblo vividly recounts the story of the birthplace of Los Angeles An engaging historical narrative is complemented by abundant illustrations and a tour of the pueblo's historic buildings The book also describes initiatives to preserve the pueblo's rich heritage and considers the significance of its multicultural legacy for Los Angeles today *Beasts of the Field* Richard Steven Street, 2004 Written by one of America's preeminent labor historians this book is the definitive account of one of the most spectacular captivating complex and strangely neglected stories in Western history the emergence of migratory farmworkers and the development of California agriculture Street has systematically worked his way through a mountain of archival materials more than 500 manuscript collections scattered in 22 states including Spain and Mexico to follow the farmworker story from its beginnings on Spanish missions into the second decade of the twentieth century The result is a comprehensive tour de force Scene by scene the epic narrative clarifies and breathes new life into a controversial and instructive saga long surrounded by myth conjecture and scholarly neglect With its panoramic view spanning 144 years and moving from the US Mexico border to Oregon *Beasts of*

the Field reveals diverse patterns of life and labor in the fields that varied among different crops regions time periods and racial and ethnic groups Enormous in scope packed with surprising twists and turns and devastating in impact this compelling revelatory work of American social history will inform generations to come of the history of California and the nation

Murder at the Sleepy Lagoon , **Making Black Los Angeles** Marne L. Campbell,2016-09-27 Black Los Angeles started small The first census of the newly formed Los Angeles County in 1850 recorded only twelve Americans of African descent alongside a population of more than 3 500 Anglo Americans Over the following seventy years however the African American founding families of Los Angeles forged a vibrant community within the increasingly segregated and stratified city In this book historian Marne L Campbell examines the intersections of race class and gender to produce a social history of community formation and cultural expression in Los Angeles Expanding on the traditional narrative of middle class uplift Campbell demonstrates that the black working class largely through the efforts of women fought to secure their own economic and social freedom by forging communal bonds with black elites and other communities of color This women led black working class agency and cross racial community building Campbell argues was markedly more successful in Los Angeles than in any other region in the country Drawing from an extensive database of all African American households between 1850 and 1910 Campbell vividly tells the story of how middle class African Americans were able to live work and establish a community of their own in the growing city of Los Angeles [The Great Depression on Film](#) David Luhrssen,2022-08-23 This book presents the Great Depression through the lens of 13 films beginning with movies made during the Depression and ending with films from the 21st century and encourages readers to examine the various depictions of this period throughout history The Great Depression on Film is a unique guide to how the Great Depression was represented and is remembered making it an excellent resource for students or anyone interested in film history or U S history Each film is set in a different sector of American life focusing on such topics as white supremacy political protest segregation environmental degradation crime religion the class system and popular culture in the U S during the 1930s This book is indispensable for clearing away misconceptions fostered by the movies while acknowledging the power of film in shaping public memory The book separates fact from fiction detailing where the movies are accurate and where they depart from reality and places them in the larger context of historical and social events Eyewitness or journalistic accounts are referenced and quoted in the text to help readers differentiate between ideas attitudes and events presented in the films as well as the historical facts which inspired those films **A Day in the Season of the Los Angeles Dodgers** ,1990 [City of Dreams](#) Jerald Podair,2019-07-09 A vivid history of the controversial building of Dodger Stadium and how it helped transform Los Angeles When Walter O Malley moved his Brooklyn Dodgers to Los Angeles in 1957 with plans to construct a new ballpark he ignited a bitter half decade dispute over the future of a rapidly changing city For the first time City of Dreams tells the full story of the controversial building of Dodger Stadium and how it helped create modern Los Angeles In a

vivid narrative Jerald Podair tells how the city was convulsed over whether where and how to build the stadium Eventually it was built on publicly owned land from which the city had uprooted a Mexican American community raising questions about the relationship between private profit and public purpose Indeed the battle over Dodger Stadium crystallized issues with profound implications for all American cities Filled with colorful stories City of Dreams will fascinate anyone who is interested in the history of the Dodgers baseball Los Angeles and the modern American city *On Gold Mountain* Lisa See, 2014-08-20 From the bestselling author of *The Island of Sea Women* here is the true story of the one hundred year odyssey of the author's Chinese American family combining years of research with fascinating family anecdotes imaginative details and the historical details of immigrant life Amy Tan bestselling author of *The Joy Luck Club* As engagingly readable as any novel Los Angeles Times Book Review In 1867 Lisa See's great great grandfather arrived in America where he prescribed herbal remedies to immigrant laborers who were treated little better than slaves His son Fong See later built a mercantile empire and married a Caucasian woman in spite of laws prohibiting interracial marriage Lisa herself grew up playing in her family's antiques store in Los Angeles's Chinatown listening to stories of missionaries and prostitutes movie stars and Chinese baseball teams See's family history encompasses secret marriages entrepreneurial genius romance racism and much more as two distinctly different cultures meet in a new world in this lovingly rendered vivid tableau of a family and an era People
