Marlowe,2022-05-02 Nine year old Luisa Maria thought she was

dreaming when she heard her father whisper very softly and calmly Honey get up stay low and do not say a word He held her hand and in a crouched position led her to the top of the stairs where she saw her mother holding Luisa Maria s newborn brother Her twelve year old brother was kneeling next to her mother She thought this was not the way she would usually wake up every morning Where was the unique sound of the tocororo bird letting her know that it was a brand new day Instead she woke up listening to whispers sounds of bombs going off and faces full of fear What is going on Luisa Maria

thought to herself She saw her family all gathered by the large wooden mahogany door that guided the entrance to the grand front balcony of their home located in the suburb of Alturas de Belén the Heights of Bethlehem which was just outside Marianao Cuba Maria Luisa asked Where am I She thought in her semi asleep state She did not know what was happening Was it real or all part of a terrible nightmare She became frightened It was an overwhelming fear one that she had never experienced before in her life It was not the fear that she had when her older brother would play tricks or pranks on her It was not the fear she experienced when she would hear her Aunt Isabel's ghost stories from the old days It was not the fear of the crazy woman that would walk the streets throwing stones at houses It was not even the fear caused by the famous El Caballero de París the Count of París a very well known harmless transient that roamed the streets of Havana This time it was different This fear was one that left her speechless For it was more than fear it was sheer terror

The First Day Of Many recounts the journey of a young Cuban girl coming to America and the trials and tribulations she endured along the way to reunite with her family in a foreign land which came to be known as home for them Democracy and Time in Cuban Thought María de los Ángeles Torres, 2024-01-30 In this analysis of political discourse in Cuban culture María de los Angeles Torres focuses on how the concept of time has been employed by different political projects arguing that an emphasis on human actions in the present is important for a democratic political culture

From Bananas to Buttocks Myra Mendible, 2010-06-03 From the exuberant excesses of Carmen Miranda in the tutti frutti hat to the curvaceous posterior of Jennifer Lopez the Latina body has long been a signifier of Latina identity in U S popular culture But how does this stereotype of the exotic erotic Latina bombshell relate if at all to real Latina women who represent a wide spectrum of ethnicities national origins cultures and physical appearances How are ideas about Latinidad imagined challenged and inscribed on Latina bodies What racial class and other markers of identity do representations of the Latina body signal or reject In this broadly interdisciplinary book experts from the fields of Latina o studies media studies communication comparative literature women's studies and sociology come together to offer the first wide ranging look at the construction and representation of Latina identity in U S popular culture The authors consider such popular figures as actresses Lupe Vélez Salma Hayek and Jennifer Lopez singers Shakira and Celia Cruz and even the Hispanic Barbie doll in her many guises They investigate the media discourses surrounding controversial Latinas such as Lorena Bobbitt and Marisleydis González And they discuss Latina representations in Lupe Solano's series of mystery books and in the popular TV shows *El Show de Cristina* and *Laura en América* This extensive treatment of Latina representation in popular culture not only sheds new light on how meaning is produced through images of the Latina body but also on how these representations of Latinas are received revised and challenged

Edad de Oro, la , *Las cien mejores poesías cubanas* José María Chacón y Calvo, 1922

Entre hombres Ana Peluffo, Ignacio M. Sánchez Prado, 2025-02-20 Dentro de un campo crítico dominado por un debate sobre la construcción de feminidades los contribuyentes proponen desviar la mirada hacia la forma en que también la

masculinidad fue un constructo cultural y performativo que se dio en el marco de los debates sobre la construcción y modernización de las naciones. A través de un recorrido continental que se detiene en diferentes poses masculinas: dandis, flaneurs, masculinidades domésticas, heroicas, homo sociales, sentimentales, los autores exploran cómo estas categorías de identidad entran en conflicto con algunos de los paradigmas críticos que han dominado los estudios del siglo XIX: civilización, barbarie, público, privado, tradición, modernidad, campo, ciudad. Es por eso que los ensayos que constituyen este volumen tienen orientaciones teóricas muy diferentes aunque comparten una visión sociohistórica del género que busca apartarse de esencialismos, binarismos y biologismos. En este sentido, hace hincapié en que no existen conceptos unívocos o monolíticos de la masculinidad en el siglo XIX. Más que pensar la identidad masculina como el espacio de la autoridad simbólica en la cultura occidental y como tal genéricamente invisible, llama la atención sobre la forma en que ésta se resiste en sus múltiples poses a ser encasillada dentro de un concepto normativo de la identidad sexual.
