Missing Bodies Monica Casper, Lisa Jean Moore, 2009-07 We know more about the physical body how it begins how it responds to illness even how it decomposes than ever before Yet not all bodies are created equal some bodies clearly count more than others and some bodies are not recognized at all In *Missing Bodies* Monica J Casper and Lisa Jean Moore explore the surveillance manipulations erasures and visibility of the body in the twenty first century The authors examine bodies both actual and symbolic in a variety of arenas pornography fashion sports medicine photography cinema sex work labor migration medical tourism and war This new politics of visibility can lead to the overexposure of some bodies Lance Armstrong Jessica Lynch and to the near invisibility of others dead Iraqi civilians illegal immigrants the victims of HIV AIDS and natural disasters *Missing Bodies* presents a call for a new engaged way of seeing and recovering bodies in a world that routinely often strategically obscures or erases them It poses difficult even startling questions Why did it take so long for the United States media to begin telling stories about the falling bodies of 9 11 Why has the United States government refused to allow photographs or filming of flag draped coffins carrying the bodies of soldiers who are dying in Iraq Why are the bodies of girls and women so relentlessly sexualized By examining the cultural politics at work in such disappearances and inclusions of the physical body the authors show how the social medical and economic consequences of visibility can reward or undermine privilege in society

The Mystery of the Holy Innocents and Other Poems Charles Peguy, 2018-02-28 CHARLES P GUY is the only poet of consequence during the last fifty years in France whose work has failed to arouse the smallest critical interest in this country Compared with Claudel or Valéry to mention two of his contemporaries he has simply fallen flat It almost seems as though the term poetry were out of place or as though and this is perhaps nearer the truth the conception of poetry his work implied placed it outside the pale of contemporary criticism There seems to be nothing for criticism to get its teeth into Everything is plain sailing There is no shell to crack no secret to explore no difficulty of language no impenetrable thought no interplay of images to be unraveled In whatever direction the critic looks whether at the technique the ideas the images of the psychological sphere there is nothing to be done or at any rate nothing worth doing From the Introduction
