Coe,Irene Gordon,American Federation of Arts,Bobby Hansson,1988 **Lost and Found Traditions** Ralph T. Coe,1988 The Early Years of Native American Art History Janet Catherine Berlo,1992 This collection of essays deals with the development of Native American art history as a discipline rather than with particular art works or artists It focuses on the early anthropologists museum curators dealers and collectors and on the multiple levels of understanding and misunderstanding a Department of the Interior and Related Agencies Appropriations for 1989: Justification of the budget estimates, Department of Energy United States. Congress. House. Committee on Appropriations. Committee on Appropriations. Subcommittee on Department of the Interior and Related Agencies,1988 **Crafting Gender** Eli Bartra,2003-10-01 Analyzes Latin American and Caribbean folk art from a feminist perspective considering the issue of gender in the production and circulation of popular art produced by women *The Death of Authentic Primitive Art* Shelly Errington,2023-09-01 In this lucid witty and forceful book Shelly Errington argues that Primitive Art was invented as a new type of art object at the beginning of the twentieth century but that now at the century s end it has died a double but contradictory death Authenticity and primitivism both attacked by cultural critics have died as concepts At the same time the penetration of nation states the tourist industry and transnational corporations into regions that formerly produced these artifacts has severely reduced supplies of primitive art bringing about a second death Errington argues that the construction of the primitive in the nineteenth and twentieth centuries and the kinds of objects chosen to exemplify it must be understood as a product of discourses of progress from the nineteenth century European narrative of technological progress to the twentieth century narrative of modernism to the late twentieth century narrative of the triumph of the free market In Part One she charts a provocative argument ranging through the worlds of museums art theorists mail order catalogs boutiques tourism and world events tracing a loosely historical account of the transformations of meanings of primitive art in this century In Part Two she explores an eclectic collection of public sites in Mexico and Indonesia a national museum of anthropology a cultural theme park an airport and a ninth century Buddhist monument newly refurbished to show how the idea of the primitive can be used in the interests of promoting nationalism and economic development Errington s dissection of discourses about progress and primitivism in the contemporary world is both a lively introduction to anthropological studies of art institutions and a dramatic new contribution to the growing field of cultural studies Department of the Interior and Related Agencies Appropriations for 1990: Justification of the budget estimates United States. Subcommittee on Department of the Interior and Related Agencies, 1989 Native North American Art Janet Catherine Berlo, Ruth Bliss Phillips, 2015 This lively introductory survey of indigenous North American arts from ancient times to the present explores both the shared themes and imagery found across the continent and the distinctive traditions of each region Focusing on the richness of artwork created in the US and Canada Native North American Art Second Edition discusses 3 000 years of architecture wood and rock carvings basketry dance masks clothing and more The expanded text discusses twentieth and twenty first century arts in all media including works by James Luna Kent Monkman Nadia Myre Jaune Quick to See Smith Will Wilson and many more Authors Berlo and Phillips incorporate new research and scholarship examining such issues as art and ethics gender representation and the colonial encounter By bringing into one conversation the seemingly separate realms of the sacred and the secular the political and the domestic and the ceremonial and the commercial Native North American Art shows how visual arts not only maintain the integrity of spiritual and social systems within Native North American societies but have long been part of a cross cultural experience as well **Alaska Native Art** Susan W. American Folk Art Kristin G. Congdon, Kara Kelley Hallmark, 2012-03-19 Folk art is as varied as it is indicative of person and place informed by innovation and grounded in cultural context The variety and versatility of 300 American folk artists is captured in this collection of informative and thoroughly engaging essays American Folk Art A Regional Reference offers a collection of fascinating essays on the life and work of 300 individual artists Some of the men and women profiled in these two volumes are well known while others are important practitioners who have yet to receive the notice they merit Because many of the artists in both categories have a clear identity with their land and culture the work is organized by geographical region and includes an essay on each region to help make connections visible There is also an introductory essay on U S folk art as a whole Those writing about folk art to date tend to view each artist as either traditional or innovative One of the major contributions of this work is that it demonstrates that folk artists more often exhibit both traits they are grounded in their cultural context and creative in the way they make work their own Such insights expand the study of folk art even as they readjust readers understanding of who folk artists are

Crafting an Indigenous Nation Jenny Tone-Pah-Hote, 2019-01-10 In this in depth interdisciplinary study Jenny Tone Pah Hote reveals how Kiowa people drew on the tribe s rich history of expressive culture to assert its identity at a time of profound challenge Examining traditional forms

such as beadwork metalwork painting and dance Tone Pah Hote argues that their creation and exchange were as significant to the expression of Indigenous identity and sovereignty as formal political engagement and policymaking These cultural forms she argues were sites of contestation as well as affirmation as Kiowa people used them to confront external pressures express national identity and wrestle with changing gender roles and representations Combatting a tendency to view Indigenous cultural production primarily in terms of resistance to settler colonialism Tone Pah Hote expands existing work on Kiowa culture by focusing on acts of creation and material objects that mattered as much for the nation s internal and familial relationships as for relations with those outside the tribe In the end she finds that during a time of political struggle and cultural dislocation at the turn of the twentieth century the community s performative and expressive acts had much to do with the persistence survival and adaptation of the Kiowa nation *North, South, East, West* Marsha C. Bol, 1998-05-01 Vibrant photographs and moving quotes give tangible expression to a rich heritage of Native American beliefs and customs and demonstrate how Native groups maintain viable cultures within modern day America
