Lost Debate German Socialist Intellectuals And Totalitarianism:

The Lost Debate William David Jones, 1999 Brings to light critiques of modern tyranny written by German socialist intellectuals before and during World War II about the definition origins nature and means of overcoming totalitarianism

French Intellectuals Against the Left Michael Scott Christofferson, 2004 Christofferson argues that French anti totalitarianism was the culmination of direct democratic critiques of communism revisions of the revolutionary project after 1956 He offers an alternative interpretation for the denunciation of communism Marxism by the French intellectual left in the late 1970s

Hannah Arendt, Totalitarianism, and the Social Sciences Peter Baehr, 2010-03-11 This book examines the nature of totalitarianism as interpreted by some of the finest minds of the twentieth century It focuses on Hannah Arendt's claim that totalitarianism was an entirely unprecedented regime and that the social sciences had integrally misconstrued it A sociologist who is a critical admirer of Arendt Baehr looks sympathetically at Arendt's objections to social science and shows that her complaints were in many respects justified Avoiding broad disciplinary endorsements or dismissals Baehr reconstructs the theoretical and political stakes of Arendt's encounters with prominent social scientists such as David Riesman Raymond Aron and Jules Monnerot In presenting the first systematic appraisal of Arendt's critique of the social sciences Baehr examines what it means to see an event as unprecedented Furthermore he adapts Arendt and Aron's philosophies to shed light on modern Islamist terrorism and to ask whether it should be categorized alongside Stalinism and National Socialism as totalitarian

German Scholars in Exile Axel Fair-Schulz, Mario Kessler, 2011-05-26 German Scholars in Exile deals with intellectuals who fled Nazi Germany and found refuge in either the United States or in American Services in Great Britain and post WWII Germany The volume focuses on scholars who were outside the commonly known Max Horkheimer Hannah Arendt circles who are less well known but not less important Their experiences ranged from an outstanding career at an Ivy League university to a return to the German Democratic Republic and a position as an economic advisor to East Berlin's party leadership None had actual political power but many asserted some degree of influence Their intellectual legacies can still be seen in today's political culture

Intellectuals and their Publics Christian Fleck, 2016-05-23 How do intellectuals engage with and affect their publics What is the role of the public intellectual in the new age of political uncertainties What challenges face female intellectuals and those speaking from an ethnic national or class position This exciting collection responds to these questions by offering a broad ranging account of the changing role of intellectuals in public life The volume opens with provocative essays on the idea and role of the public intellectual from Alexander Evans and Zulaika Chapters from Rabinbach on intellectuals responses to totalitarianism Outhwaite on what it means to be a European intellectual and Auer's discussion of the dissident intellectual in the collapse of communism lead onto vigorous debate of earlier points discussed through specific intellectual case studies from Tocqueville to Hayek Intellectuals and their Publics will attract a broad readership interested in the role of the intellectual with particular appeal for sociologists political

theorists and historians of ideas *The Global Revolution* Silvio Pons,2014-08-28 The Global Revolution A History of International Communism 1917 1991 establishes a relationship between the history of communism and the main processes of globalization in the past century Drawing on a wealth of archival sources Silvio Pons analyses the multifaceted and contradictory relationship between the Soviet Union and the international communist movement to show how communism played a major part in the formation of our modern world The volume presents the argument that during the age of wars from 1914 to 1945 the establishment of the Soviet state in Russia and the birth of the communist movement had an enormous impact because of their promise of world revolution and international civil war Such perspective appeared even more plausible in the aftermath of the Second World War and of revolution in China which paved the way for the expansion of communism in the post colonial world Communism challenged the West in the Cold War by means of anti capitalist modernization and anti imperialist mobilization showing itself to be a powerful factor in the politicization of global trends However the international legitimacy of communism declined rapidly in the post war era Soviet power exposed its inability to exercise hegemony as distinct from domination The consequences of Sovietization in Europe and the break between the Soviet Union and China were the primary reasons for the decline of communist influence and appeal Since communism lost its political credibility and cultural cohesion its global project had failed The ground was prepared for the devastating impact of Western globalization on communist regimes in Europe and the Soviet Union **Counter-Enlightenments** Graeme Garrard,2004-08-02 This book discusses the Counter Enlightenment from its origins in Rousseau s Discourse on the Arts and Sciences through to contemporary debates about postmodernism and the relationship between liberalism and Enlightenment

Beyond Totalitarianism Michael Geyer,Sheila Fitzpatrick,2009 These essays rethink the nature of Stalinism and Nazism and establish a new methodology for viewing their histories that goes well beyond outdated twentieth century models of totalitarianism ideology and personality They offer a new understanding of the intertwined trajectories of socialism and nationalism in European and global history Iron Lazar E. A. Rees,2013-10-15 The first English language biography of Lazar Kaganovich one of Stalin s leading deputies Iron Lazar investigates the life of a man of key importance to the shaping of the Stalinist state With its insight into the political and personal relations of the Stalin group as well as its examination of this aspiring politician s policy making role during the Stalinist regime Iron Lazar investigates the previously undocumented life of Lazar Kaganovich the last surviving member of the Stalin government and one time heir apparent to the Soviet Union

Toward a Concrete Philosophy Mikko Immanen,2020-11-15 Toward a Concrete Philosophy explores the reactions of Theodor Adorno Max Horkheimer and Herbert Marcuse to Martin Heidegger prior to their dismissal of him once he turned to the Nazi party in 1933 Mikko Immanen provides a fascinating glimpse of the three future giants of twentieth century social criticism when they were still looking for their philosophical voices By reconstructing their overlooked debates with Heidegger and Heideggerians Immanen argues that Adorno Horkheimer and Marcuse saw Heidegger s 1927 magnum opus

Being and Time as a serious effort to make philosophy relevant for life again and as the most provocative challenge to their nascent materialist diagnoses of the discontents of European modernity Our knowledge of Adorno's Frankfurt discussion with Frankfurt Heideggerians remains anecdotal even though it led to a proto version of Dialectic of Enlightenment's idea of the entwinement of myth and reason Similarly Horkheimer's enthusiasm over Heidegger's legendary post World War I lectures and criticism of Being and Time have escaped attention almost entirely And Marcuse's intriguing debate with Heidegger over Hegel and the origin of the problematic of being and time has remained uncharted until now Reading these debates as fruitful intellectual encounters rather than hostile confrontations Toward a Concrete Philosophy offers scholars of critical theory a new thought provoking perspective on the emergence of the Frankfurt School as a rejoinder to Heidegger's philosophical revolution
