Managing Classroom Behavior A Reflective Case Based Approach

Kerry C. Williams

Managing Classroom Behavior A Reflective Case Based Approach:

Managing Classroom Behavior James M. Kauffman, 2011 For courses in Classroom Management and Behavior Management This popular case based text applies behavior management principles to classroom teaching with an emphasis on analyzing behavior management as an instructional problem Managing Classroom Behavior summarizes principles of good instruction the acting out cycle and how to work with students other teachers and parents Based on empirical research and illustrated with numerous examples this text gives students practice in applying principles of behavior management through the analysis of actual case studies self questioning and reflection The fifth edition features a new chapter on planning for the school year and managing the physical environment a new feature which makes direct and explicit links between chapters in Part I and specific cases in Part II revised and updated case studies with the inclusion of all case descriptions now in the text reorganized inclusion of APA references and the APA Style Guide and all chapters have gone through a thorough revision process This concise clearly written case based text is appropriate for both general and special educators in training or in service

Managing Classroom Behavior James M. Kauffman, Mark P. Mostert, Daniel P. Hallahan, 1997-11 Classroom management is the number one concern of all new teachers Faced with large classes increased numbers of students and more demands on time and requirements teachers are experiencing the heightened need for increased effectiveness in motivating and managing their classes Principles and best practices in classroom behavior management are succinctly presented in teacher friendly language Topics include identifying and analyzing behavior problems basic behavior change strategies talking with students using the peer group and working with other educators Part 2 contains 16 cases 7 new ones describing actual experiences in both general and special education classrooms from primary grades through high school New and experienced teachers and day care providers

Managing Classroom Behavior Kauffman, Mostert, 2001-10

Elementary Classroom Management Kerry C. Williams, 2009 Elementary Classroom Management A Student Centered Approach to Leading and Learning provides the information and resources that teachers need to design a classroom management system that incorporates the principles of autonomy belonging competency democracy and motivation This text includes stories strategies research and reflection tools to help teachers effectively manage the spaces procedures and pedagogy of the classroom environment

Brighter Beginnings for Teachers Patty Pullen, 2004 In Brighter Beginnings for Teachers Patty Pullen identifies the issues that send teachers screaming from the profession including the primary problem of behavior management The U S Department of Education reports that between 30 to 50 percent of teachers quit the profession within the first five years and that lack of preparation in classroom management is the primary cause for this flight In this proactive book Pullen addresses the essential elements that compose good behavior management which includes Finding a good match for teacher and school Determining who the tough kids are and how to plan for them Collaborating with parents even difficult parents Formulating a behavior management program before the students arrive

Written in question and answer format this book will be valuable to special education teachers and regular education teachers kindergarten through high school It can also be used as a supplementary text in teacher education programs and for induction programs in school systems

On Educational Inclusion James M. Kauffman, 2020-02-18 Combining examination of policy with primary research and analysis of up to date literature On Inclusive Education explores the various interpretations of inclusion its history in education and a range of its applications internationally With an international complement of authors this book features detailed yet accessible chapters on a range of topics including inclusion in law academically gifted students students with severe sensory and multiple impairments and case studies from Germany Portugal the Netherlands and the Russian Federation The book also examines the impact of the Convention on the Rights of Persons with Disabilities and Article 24 in particular and the likely legacies and future implications of recent inclusion movements For postgraduate students and academics researching in the field of inclusive education and also for school administrators and policy makers On Inclusive Education is an essential resource
