Jazz à la Creole Caroline Vézina,2022-11-29 Winner of the 2023 Award for Excellence for Best Historical Research in Recorded Jazz from the Association for Recorded Sound Collections During the formative years of jazz 1890 1917 the Creoles of Color as they were then called played a significant role in the development of jazz as teachers bandleaders instrumentalists singers and composers Indeed music penetrated all aspects of the life of this tight knit community proud of its French heritage and language They played and or sang classical military and dance music as well as popular songs and cantiques that incorporated African European and Caribbean elements decades before early jazz appeared In *Jazz la Creole* French Creole Music and the Birth of Jazz the author describes the music played by the Afro Creole community since the arrival of enslaved Africans in La Louisiane then a French colony at the beginning of the eighteenth century emphasizing the many cultural exchanges that led to the development of jazz Caroline V zina has compiled and analyzed a broad scope of primary sources found in diverse locations from New Orleans to Quebec City Washington DC New York City and Chicago Two previously unpublished interviews add valuable insider knowledge about the music on French plantations and the danses Cr oles held in Congo Square after the Civil War Musical and textual analyses of cantiques provide new information about the process of their appropriation by the Creole Catholics as the French counterpart of the Negro spirituals Finally a closer look at their musical practices indicates that the Creoles sang and improvised music and or lyrics of Creole songs and that some were part of their professional repertoire As such they belong to the Black American and the Franco American folk music traditions that reflect the rich cultural heritage of Louisiana **Selected Bibliography of Street Cries** ,1983 *Black Stereotypes in Popular Series Fiction, 1851-1955* Bernard A. Drew,2015-04-28 Even well meaning fiction writers of the late Jim Crow era 1900 1955 perpetuated racial stereotypes in their depiction of black characters From 1918 to 1952 Octavus Roy Cohen turned out a remarkable 360 short stories featuring Florian Slappey and the schemers romancers and ditzes of Birmingham s Darktown for The Saturday Evening Post and other publications Cohen said I received a great deal of mail from Negroes and I have never found any resentment from a one of them The black readership had to be satisfied with any black presence in the popular literature of the day The best known white writers of black characters included Booth Tarkington Herman and Verman in the Penrod books Irvin S Cobb Judge Priest s houseman Jeff Poindexter Roark Bradford Widow Duck the plantation matriarch Hugh Wiley Wildcat Marsden the war veteran who traveled the country in the company of his goat and Charles Correll and Freeman Gosden radio s Amos n Andy These writers deservedly declined in the civil rights era but left a curious legacy that deserves examination This book focusing on authors of series fiction and particularly

of humorous stories profiles 29 writers and their black characters in detail with brief entries covering 72 others **Dixie Bohemia** John Shelton Reed, 2012-09-17 In the years following World War I the New Orleans French Quarter attracted artists and writers with its low rents faded charm and colorful street life By the 1920s Jackson Square had become the center of a vibrant if short lived bohemia A young William Faulkner and his roommate William Spratling an artist who taught at Tulane University resided among the artful and crafty ones of the French Quarter In Dixie Bohemia John Shelton Reed introduces Faulkner s circle of friends ranging from the distinguished Sherwood Anderson to a gender bending Mardi Gras costume designer and brings to life the people and places of New Orleans in the Jazz Age Reed begins with Faulkner and Spratling s self published homage to their fellow bohemians Sherwood Anderson and Other Famous Creoles The book contained 43 sketches of New Orleans artists by Spratling with captions and a short introduction by Faulkner The title served as a rather obscure joke Sherwood was not a Creole and neither were most of the people featured But with Reed s commentary these profiles serve as an entry into the world of artists and writers that dined on Decatur Street attended masked balls and blatantly ignored the Prohibition Act These men and women also helped to establish New Orleans institutions such as the Double Dealer literary magazine the Arts and Crafts Club and Le Petit Theatre But unlike most bohemias the one in New Orleans existed as a whites only affair Though some of the bohemians were relatively progressive and many employed African American material in their own work few of them knew or cared about what was going on across town among the city s black intellectuals and artists The positive developments from this French Quarter renaissance however attracted attention and visitors inspiring the historic preservation and commercial revitalization that turned the area into a tourist destination Predictably this gentrification drove out many of the working artists and writers who had helped revive the area As Reed points out one resident who identified herself as an artist on the 1920 federal census gave her occupation in 1930 as saleslady real estate reflecting the decline of an active artistic class A charming and insightful glimpse into an era Dixie Bohemia describes the writers artists poseurs and hangers on in the New Orleans art scene of the 1920s and illuminates how this dazzling world faded as quickly as it began [Creating Jazz Counterpoint](#) Vic Hobson, 2014-03-19 The book Jazzmen 1939 claimed New Orleans as the birthplace of jazz and introduced the legend of Buddy Bolden as the First Man of Jazz Much of the information that the book relied on came from a highly controversial source Bunk Johnson He claimed to have played with Bolden and that together they had pioneered jazz Johnson made many recordings talking about and playing the music of the Bolden era These recordings have been treated with skepticism because of doubts about Johnson s credibility Using oral histories the Jazzmen interview notes and unpublished archive material this book confirms that Bunk Johnson did play with Bolden This confirmation in turn has profound implications for Johnson s recorded legacy in describing the music of the early years of New Orleans jazz New Orleans jazz was different from ragtime in a number of ways It was a music that was collectively improvised and it carried a new tonality the tonality of the blues How early jazz

musicians improvised together and how the blues became a part of jazz has until now been a mystery Part of the reason New Orleans jazz developed as it did is that all the prominent jazz pioneers including Buddy Bolden Bunk Johnson Louis Armstrong Sidney Bechet Johnny Dodds and Kid Ory sang in barbershop or barroom quartets This book describes in both historical and musical terms how the practices of quartet singing were converted to the instruments of a jazz band and how this in turn produced collectively improvised blues inflected jazz that unique sound of New Orleans
