Mental Health Professions And Homosexuality International Perspectives:

The Mental Health Professions and Homosexuality Jack Drescher, Vittorio Lingiardi, 2003-06-02 Get a unique insight into the attitudes of mental health professionals working outside the United States The Mental Health Professions and Homosexuality International Perspectives examines historical and contemporary attitudes toward homosexuality in the theory and practice of mental health professionals working in Europe and Asia Edited by two noted authors educators and practitioners Drs Vittorio Lingiardi and Jack Drescher the book s unique insights are an important step in keeping pace with current international mental health literature about homosexuality The Mental Health Professions and Homosexuality addresses the relationship between psychiatric institutions and homosexuality the history of current theoretical frameworks for thinking about homosexuality the emergence of an international gay lesbian and bisexual psychiatric movement and how changes in psychoanalytic theory and practice both mirror and are influenced by the changing legal and societal status of homosexuality The Mental Health Professions and Homosexuality International Perspectives asks three questions of practitioners working in China India Italy Germany Switzerland Finland Norway and the United Kingdom 1 what are the prevailing theoretical models about homosexuality found in professional literature in your country 2 what is known about the actual clinical experiences of gay and lesbian clients and 3 what is the status of openly gay and lesbian mental health practitioners in your country The responses reveal insights on a variety of topics including the changing views within British psychiatry a survey of German psychoanalytic institutes regarding their admission policies toward gay and lesbian applicants a detailed review of anti homosexual biases in Italian scientific literature from 1930 to present the struggle for civil rights of the Chinese tongzhi community the emergence of gay and lesbian civil rights in India efforts to open the World Psychiatric Association and the International Psychoanalytical Association to gay and lesbian mental health professionals The Mental Health Professions and Homosexuality International Perspectives provides first hand perspectives on how different cultures have created different ways to view homosexuality and different ways to include or exclude gays and lesbians from social and public health policy The book is an essential resource for psychiatrists psychologists psychoanalysts physicians social workers anthropologists and historians

American Psychiatry and Homosexuality Jack Drescher, Joseph P. Merlino, 2012-10-12 Interviews and first hand accounts of an historic decision that affected the mental health profession and American society and culture Through the personal accounts of those who were there American Psychiatry and Homosexuality An Oral History examines the 1973 decision by the American Psychiatric Association APA to remove homosexuality from its diagnostic and statistical manual of mental disorders DSM This unique book includes candid one on one interviews with key mental health professionals who played a role in the APA s decision those who helped organize gay lesbian and bisexual psychiatrists after the decision and others who have made significant contributions in this area within the mental health field American Psychiatry and Homosexuality presents an insider s view of how homosexuality was

removed from the DSM the gradual organization of gay and lesbian psychiatrists within the APA and the eventual formation of the APA allied Association of Gay historians and LGBT readers in general *Ex-Gay Research* Jack Drescher, Kenneth J Zucker, 2013-04-03 Defenders and critics of the controversial Spitzer study analyze its methodologies and findings In 2001 Robert L Spitzer MD presented his study on sexual conversion therapy with its controversial findings that some homosexuals can change their sexual orientation The resulting media sensation and political firestorm enraged the study's critics and emboldened its supporters *Ex Gay Research Analyzing the Spitzer Study and Its Relation to Science Religion Politics and Culture* presents leading experts examining Spitzer's research methodology and findings to discern whether the study itself deserves deeper consideration or outright dismissal Every facet of the study is reviewed to discuss the positive or negative aspects of the results its significance in political and social terms and the implications for the future Dr Spitzer himself was an instrumental figure in the American Psychiatric Association's decision in 1973 to remove homosexuality as a mental illness listing from the Diagnostic and Statistical Manual III His later study that states that in some individuals homosexuality may be more fluid than previously thought stirred controversy in the psychiatric community and society at large His study is presented here to allow the reader to evaluate and consider it for themselves Leading experts then voice their own pro or con views on the methodology and findings *Ex Gay Research Analyzing the Spitzer Study and Its Relation to Science Religion Politics and Culture* fearlessly illustrates the sometimes fuzzy boundary between science and politics courageously spotlighting the culture wars now dividing our society *Ex Gay Research Analyzing the Spitzer Study and Its Relation to Science Religion Politics and Culture* discusses the ex gay movement the nature of scientific inquiry the relationship between science and politics the results of sexual conversion therapies gay and lesbian rights *Ex Gay Research Analyzing the Spitzer Study and Its Relation to Science Religion Politics and Culture* is essential reading for sex researchers mental health professionals pastoral counselors political activists and any person asking if one can truly change his or her homosexuality

Sexualities Alessandra Lemma, Paul Lynch, 2015-06-05 *Sexualities Contemporary Psychoanalytic Perspectives* presents a broad selection of contemporary psychoanalytic thinking on sexuality from a wide range of psychoanalytic traditions Sexuality remains at the heart of much psychoanalytic theory and practice but it is a complex and controversial subject Edited by Alessandra Lemma and Paul E Lynch this volume includes a range of international contributions that examine contemporary issues and trace common themes needed to understand any sexuality including the basics of sexuality and the myriad ways in which sexuality is lived The clinical examples provided here demonstrate contemporary psychoanalytic techniques that uncover meanings that are both fresh and enlightening and address heterosexuality homosexuality gender and perversion from a psychoanalytic perspective Divided into four parts the book includes the following Historical context Foundational concepts Contemporary elaborations Homosexuality Perversion revisited Throughout *Sexualities Contemporary Psychoanalytic Perspectives* the reader will find psychoanalytic wisdom that is transferrable to work with patients of all

sexualities and will see that the essentials of sexuality may be more similar than they are different for homo and hetero sexuality Psychoanalysts and psychoanalytic psychotherapists as well as academics interested in the subjects of psychoanalysis gender sexuality or homosexuality will find this book an invaluable resource Alessandra Lemma PhD is Director of the Psychological Therapies Development Unit at the Tavistock and Portman NHS Foundation Trust She is a Fellow of the British Psychoanalytic Society and Visiting Professor in the Psychoanalysis Unit University College London She is a Consultant Adult Psychotherapist at the Portman Clinic where she specializes in working with transsexuals She has published extensively on psychoanalysis the body and trauma Paul E Lynch MD is on the faculty of the Boston Psychoanalytic Society and Institute the Massachusetts Institute for Psychoanalysis and the China American Psychoanalytic Alliance He teaches about psychoanalysis gender and sexuality and has been a popular speaker on issues of homosexuality and psychoanalysis He is also a Clinical Instructor of Psychiatry at the Tufts University School of Medicine

Cold War Freud Dagmar Herzog, 2017 This book provides a panoramic history of psychoanalysis at its zenith as human nature was rethought in the wake of war and the global transformations that followed

Critical Issues in Clinical and Health Psychology Poul Rohleder, 2012-04-20 This book extends the ongoing discussion on critical approaches within clinical and health psychology In particular it emphasises the need to consider the importance of social and cultural factors in understanding health illness and disability With detailed examination of a wide range of empirical studies it demonstrates the vibrancy of contemporary critical psychological research Michael Murray Keele University Provides an original overview of areas within health and clinical psychology that are frequently overlooked in other textbooks It is distinctive in three major ways first it takes an explicitly critical approach and therefore locates our current psychological understandings of issues within health and clinical psychology within their broader social and cultural contexts Second it considers both physical and mental health simultaneously which is a major strength Third it is unique in its scope and focus In achieving these distinctive features this text competently draws on up to date research and literature across a range of disciplines and fields in an accessible and engaging manner I personally think it should be a must read for all those studying and working within the health psychology field Antonia Lyons Massey University This textbook gives a clear and thought provoking introduction to the critical issues related to health illness and disability in clinical and health psychology Challenging some of the preconceptions of ill health of the biomedical approach the book explores how health and illness is often shaped by factors such as culture poverty gender and sexuality and examines how these influences impact on the experience and treatment of physical and mental illness as well as disability Students are introduced to literature from disciplines other than psychology to provide multiple perspectives on these complex issues Critical Issues in Clinical and Health Psychology is a key textbook for undergraduate and postgraduate students taking courses in health or clinical psychology as well as for students from other disciplines related to health and mental health care

Human Rights and the Third World Subrata Sankar Bagchi, Arnab

Das,2012-12-06 Human Rights and the Third World Issues and Discourses deals with the controversial questions on the universalistic notions of human rights It finds Third World perspectives on human rights and seeks to open up a discursive space in the human rights discourse to address unresolved questions citing issues and problems from different countries in the Third World 1 Whether alternative perspectives should be taken as the standard for human rights in the Third World countries 2 Should there be a universalistic notion of rights for Homo sapiens or are we talking about two diametrically opposite trends and standards of human rights for the same species 3 How far these Third World perspectives of human rights can ensure the protection of the minorities and the vulnerable sections of population particularly the women and children within the Third World 4 Can these alternative perspectives help in fighting the Third World problems like poverty hunger corruption despotism social exclusion like the caste system in India communalism and the like 5 Can there be reconciliation between the Third World perspectives and the Western perspective of human rights **Patterns of Desire**

William G. Herron,Rafael Art Javier,2006 This new and important book reformulates the importance of sexuality in psychoanalysis through an integrated theory reflecting contemporary multiculturalism The disappearance of sex as a drive has been a function of the focus on sex as a relationship This focus has been a useful antidote to the lack of intersubjectivity that seemed to dominate drive theory but relational theory has unduly diminished the role of sexual desire Self theory has made an attempt to retain a drive like character for sexuality and in the process made a case for psychic energy personal agency and libidinal motivation but appears to stumble in an excessive emphasis on the power of agency as well as the need to eliminate instinctive causality This book challenges the prevailing paradigm in psychology in general and psychoanalysis in particular That is the over reliance on specific theoretical formulations that do not provide adequate opportunities to understand and truly appreciate the dilemma that patients normally bring to a practice British Lesbian, Gay, and Bisexual Psychologies Jack Drescher,Elizabeth Peel,Victoria Clarke,2020-07-24 Gain insight into crucial British mental health approaches for LGB individuals There is very little collaborative literature between LGB affirmative psychologists and psychotherapists in the United States and the United Kingdom British Lesbian Gay and Bisexual Psychologies Theory Research and Practice may well be a crucial beginning step in building dialogue between these two countries on important LGB psychotherapy developments Leading authorities comprehensively examine the latest studies and effective therapies for LGB individuals in the United Kingdom Practitioners will discover an extensive survey of the most current developments to supplement their own work while educators and students will find diverse expert perspectives on which to consider and broaden their own viewpoints This unique book offers an informative introduction to British psychosocial perspectives on theory research and practice British Lesbian Gay and Bisexual Psychologies provides a critical exploration of the recent history of LGB psychology and psychotherapy in the United Kingdom focusing on key publications and outlining the current terrain Other chapters are organized into two thematic sections The first section explores theoretical frameworks in United

Kingdom therapeutic practice while the second section examines sexual minority identities and their needs for support and community Topics in British Lesbian Gay and Bisexual Psychologies include similarities and differences between LGBT psychology and psychotherapy in the United States and United Kingdom gay affirmative therapy GAT as a positive framework existential phenomenological approach to psychotherapy core issues in the anxiety about whether or not to come out object relations theory exploring homo negativity in the therapeutic process aspects of psychotherapy that lesbians and gay men find helpful research into how the mainstreaming of lesbian and gay culture has affected the lives of LGB individuals a study into LGB youth issues difficulties of gay men with learning disabilities with suggestions on how to offer the best psychological service a study on gay athletes experiences of coming out in a heterosexist world British Lesbian Gay and Bisexual Psychologies takes a needed step toward sharing valuable psychosocial perspectives between countries This useful enlightening text is perfect for educators students psychologists psychotherapists and counselors working in the field of sexuality

Childhood Gender Nonconformity and the Development of Adult Homosexuality Robin M Mathy, Jack Drescher, 2020-07-24 This book presents leading experts on the scientific study of gender providing their views on what we know today about the relationship between gender nonconformity in childhood and future adult sexual identities or behaviors This book explores the topic from a wide range of perspectives including historical sociological psychological social and developmental and psychiatric viewpoints Parents parent educators therapists and counselors who work with gay lesbian and bisexual adolescents or adults and or gender atypical children will find this resource insightful and very useful It presents highly respected authorities offering their own expertise and perspectives on a subject of much cultural controversy Chapters explore historical and cultural examples which suggest that homoerotic relationships during adolescence or early adulthood do not necessarily lead to homosexuality the difficulty in identifying an example of a pattern of childhood behaviors that is predictive of outcome a review of empirical retrospective and prospective literature whether there is a causal link between childhood gender nonconformity and sexual orientation and the diagnostic category of Gender Identity Disorder in the most recent DSM This book was published as a special issue of the Journal of Gay Lesbian Mental Health

Global Perspectives on the LGBT Community and Non-Discrimination Arimoro, Augustine Edobor, 2022-06-17 In at least seventy one countries in the world there are national laws that criminalize same sex relationships between consenting adults In at least nine countries around the globe national laws target and criminalize transgender and gender non conforming persons In some jurisdictions the penalty for identifying as a part of the LGBT community is death The debate in jurisdictions where being an LGBT person is a crime is typically that same sex sexual relationships are unnatural In jurisdictions where anti gay laws persist the rights of LGBT persons are not considered as human rights and the rationale for criminalizing same sex sexual activity is that it is immoral and sinful Global Perspectives on the LGBT Community and Non Discrimination offers perspectives on the rights of sexual minorities and discrimination In several countries consensual sexual activity in private

amongst adults of the same gender is still criminalized This book seeks to examine the social cultural religious and political issues that influence anti gay laws in juxtaposition with the need to protect the rights of the LGBT community Covering topics such as LGBT child adoption rights minority stress and freedom from discrimination this premier reference source is a dynamic resource for sociologists anthropologists government officials policymakers lawmakers human rights advocates non profit organizations libraries students and faculty of higher education researchers and academicians Historicising Gender and Sexuality Kevin P. Murphy, Jennifer M. Spear, 2011-09-07 Historicising Gender and Sexuality features a diverse collection of essays that shed new light on the historical intersections between gender and sexuality across time and space Demonstrates both the particularities of specific formulations of gender and sexuality and the nature of the relationship between the categories themselves Presents evidence that careful and contextualised analysis of the shifting relationship of gender and sexuality illuminates broader historical processes **Making HERstory: Womyn Working It Out!** Denalerie Johnson-Faniel, Ph.D., Handbook of LGBT Issues in Community Mental Health Jack Drescher, Ronald Hellman, 2005-02-17 Take your knowledge of the mental health issues that affect LGBT people to the next level The Handbook of LGBT Issues in Community Mental Health provides reliable up to date information on clinical issues administrative practices and health concerns related to the provision of public sector mental health services to LGBT people The handbook presents clinical case material and describes various current clinical programs with details about how they were developed and fostered as well as their unique role in the provision of mental health services to this population Contributors share their experiences developing two of the largest public LGBT programs in the United States and offer practical strategies for developing LGBT mental health programming in any community This single source brings together mental health clinicians administrators and advocates whose work involves public sector issues that concern the LGBT community These seasoned experts provide in depth information for those who need to know about the current state of mental health care in public psychiatry for LGBT individuals The book also explores the professional and popular literature on the subject providing a broad overview of the issues in this expanding clinical area The Handbook of LGBT Issues in Community Mental Health contains five chapters that target policy administrative and programmatic issues providing a neglected perspective for clinicians program developers administrators advocates and funders In addition you ll find two case studies that vividly demonstrate the relevance of culturally appropriate services and highlight the reasons why services in this area are so sorely needed a psychiatrist s recollections of the changes he faced while working in a homophobic environment within the Veterans Administration system fascinating interviews with Francis Lu and Barbara Warren that probe the thoughts experience and opinions of these leaders in the development of public sector mental health programs for LGBT people an examination of the role of gender identity in the treatment of a male to female transgender person with major mental illness In the Handbook of LGBT Issues in Community Mental Health you ll also find practical how they did it information that shows how LGBT organizations in New

York State organized to gain public funding for mental health and other human services and how a new advocacy strategy that consolidated LGBT human service organizations into a statewide network was pioneered in that state how mental health care for sexual minority teens was incorporated into the medical clinic setting at a major metropolitan hospital how a culturally sensitive program for LGBT people with major mental illness was developed in New York State's largest community mental health center how a small volunteer community health agency developed into a multi million dollar facility that provides comprehensive health care to New York City's LGBT community

Worldwide Perspectives on Lesbians, Gays, and Bisexuals Paula Gerber Ph.D., 2021-01-26 This three volume set is a rich resource for readers in any discipline interested in understanding the global regional and domestic experiences of LGB people This interdisciplinary set makes a vital contribution to understanding how LGB rights are progressing and in some cases regressing around the globe The three volumes look at the lived experiences of LGB people from varied perspectives and provide comprehensive coverage on a wide variety of topics ranging from LGB youth and LGB aging to the approaches to LGB people of different religions including Islam Judaism and Christianity Chapters focus on topics including the ongoing criminalization of same sex sexual conduct and how international human rights law can be used to improve the lives of LGB people Particular attention is paid to the rights of bisexuals a group often ignored in works focusing on sexual orientation Volume 1 focuses on history politics and culture relating to LGB people Volume 2 focuses on the laws domestic and international governing LGB people and Volume 3 provides snapshots of the current state of LGB experience in countries worldwide presented by geographical region Europe the Americas Africa the Middle East and the Asia Pacific region

Questioning Identities Mary Lynne Ellis, Noreen O'Connor, 2018-03-29 This book offers a revision of psychoanalytic theory It highlights how philosophical perspectives on language embodiment time history and conscious unconscious experiences can contribute to clinical interpretations of gender sexuality race age culture and class

After Eunuchs Howard Chiang, 2018-08-07 For much of Chinese history the eunuch stood out as an exceptional figure at the margins of gender categories Amid the disintegration of the Qing Empire men and women in China began to understand their differences in the language of modern science In *After Eunuchs* Howard Chiang traces the genealogy of sexual knowledge from the demise of eunuchism to the emergence of transsexuality showing the centrality of new epistemic structures to the formation of Chinese modernity From anticastration discourses in the late Qing era to sex reassignment surgeries in Taiwan in the 1950s and queer movements in the 1980s and 1990s *After Eunuchs* explores the ways the introduction of Western biomedical sciences transformed normative meanings of gender sexuality and the body in China Chiang investigates how competing definitions of sex circulated in science medicine vernacular culture and the periodical press bringing to light a rich and vibrant discourse of sex change in the first half of the twentieth century He focuses on the stories of gender and sexual minorities as well as a large supporting cast of doctors scientists philosophers educators reformers journalists and tabloid writers as they debated the questions of political sovereignty national belonging

cultural authenticity scientific modernity human difference and the power and authority of truths about sex Theoretically sophisticated and far reaching After Eunuchs is an innovative contribution to the history and philosophy of science and queer and Sinophone studies

Crystal Meth and Men Who Have Sex with Men Drescher Jack, Milton L. Wainberg, Andrew Kolodny, 2006-10-19 Could crystal meth use in the gay community be responsible for a resurgence in the AIDS epidemic According to recent studies gay men who use crystal methamphetamine were twice as likely to have unprotected sex as those who did not and more than three times as likely to be HIV positive Crystal Meth and Men Who Have Sex with Men is an unflinching look at this dangerous threat to the gay community addressing the health and mental health needs of Tina users who are lost in a downward spiral of addiction and high risk sexual behaviors This vital book is the product of a unique collaboration between the New York City Department of Health and Mental Hygiene and researchers clinicians and community activists Crystal Meth and Men Who Have Sex with Men contains the published proceedings of two important community events that took place in 2004 in New York City The Crystal Meth HIV Connection A Public Forum with Harvey Fierstein and Crystal Methamphetamine Understanding and Treatment an Emerging Health Crisis Each article whether drawn from personal account research study or online survey reinforces the reality for the gay community that wherever crystal meth is increases in sexual risk behaviors for HIV and other sexually transmitted infections STIs are sure to follow This powerful book will help you to identify approach and treat clients who use meth examining the physical medical and psychological effects and consequences of its widespread abuse Topics addressed in Crystal Meth and Men Who Have Sex with Men include the medical complications associated with methamphetamine use in HIV infected patients including hypertension hyperthermia rhabdomyolysis and stroke the alarming rise in the number of emergency room visits related to crystal meth use the psychiatric consequences of methamphetamine use sexual history taking and screening for sexually transmitted infections creative educational interventions and clinical strategies substance abuse treatment interventions cognitive behavioral therapy motivational interviewing gay identified community based treatment programs club drugs and the increase of HIV incidence harm reduction and much more Crystal Meth and Men Who Have Sex with Men is an essential resource for health and mental health professionals including psychiatrists psychologists social workers counselors primary care physicians nurse practitioners and physician assistants It s equally beneficial for staff and administrators of community based organizations that serve gay men

Mental Health Evaluations in Immigration Court Virginia Barber-Rioja, Adeyinka M. Akinsulure-Smith, Sarah Vendzules, 2022-08-16 This book provides an overview of relevant issues at the intersection of mental health and immigration law including the legal context of immigration court and cultural and forensic mental health assessment considerations serving a resource to mental health and legal professionals as well as academics wishing to pursue scholarship in this area
