Party Activists In Southern Politics Mirrors And Makers Of Change

M.V. Hood, III, Seth C. McKee

Party Activists In Southern Politics Mirrors And Makers Of Change:

Party Activists in Southern Politics Charles D. Hadley, Lewis Bowman, 1998 The implications of these and other significant realignments especially as reflected among grassroots activists in the two major parties are the focus of this valuable new book

Southern Political Party Activists John Clark, 2004-09-10 The South continues to be the most distinctive region in American politics Over the last half century Democratic dominance in the South has given way to the emergence of a truly competitive two party system that leans Republican in presidential elections In some ways the region is increasingly like the rest of the country yet even the degree of change and the speed with which it occurred give the South a distinctive air The contributors to Southern Political Party Activists examine both the development of American political party organizations and the changing political character of the South focusing on grassroots party activists those who are involved in party organizations at the county level John A Clark is associate professor of political science at Western Michigan University Charles L Prysby is professor of political science at the University of North Carolina at Greensboro

Writing Southern Politics Robert P. Steed, Laurence W. Moreland, 2021-12-14 Scholars journalists writers and pundits have long regarded the South as the nation's most politically distinctive region Its culture history and social and economic institutions have fostered unique political ideas that intrigue observers and have had profound political consequences for the nation's citizens politicians and policymakers Writing Southern Politics is the most comprehensive review of the large body of post World War II literature on southern politics Since the publication of V O Key Jr's landmark work Southern Politics in State and Nation 1949 scholars have produced an astounding number of books monographs professional journal articles and research papers addressing elements of continuity and change in southern politics The contributors to this book sort through the literature identifying major themes examining areas of scholarly disagreement and making the key dimensions and contours of the region's politics understandable Individually the essays in this volume identify and clarify the key writing and research in selected subfields of southern politics including religion race women and political parties Collectively the essays identify and discuss the major components of and trends in southern politics over the past half century The contributors some of the foremost scholars in the field have been heavily involved in researching and writing about southern politics during the past three decades and have observed the development of many of the research projects that form the foundation of southern political literature In many instances their own writings are included in the body of literature they discuss bringing unique skills research and perspectives to their original essays In addition to reviewing existing literature Writing Southern Politics also includes suggestions for a future research agenda Not all aspects of the region's dramatic fifty year transformation have been fully explored and the continuation of this development ensures new avenues to examine The discussion of past research and writing is an invaluable tool for understanding the trends in southern politics over the past half century By examining these trends and developing an agenda for future research the authors provide a roadmap for identifying the

changes that will likely shape the region over the next half century *Party Organization and Activism in the American South* Robert P. Steed, John A. Clark, Lewis Bowman, Charles D. Hadley, 2012-10-29 Maps the ways political parties remain vital components in the American political system especially in the eleven states in the South As Tocqueville noted more than 100 years ago No countries need associations more than those with a democratic social state Although some contemporary observers see a decline in associations especially in the political sphere the contributors in this volume argue not only that political parties remain an essential component of the American political system but also that grassroots political groups have revitalized the political process especially in the South Using data gathered from local party officials in the eleven southern states the authors examine such key issues as Who becomes involved in local party organizations and why How do parties recruit and retain workers What are the ideological and issue orientations of these activists How does intraparty factionalism affect local party organizations What is the connection between the party organization and its external environment The large regional database provides these contributors with the opportunity to extend the study of local party organization and activists thus addressing some of the significant gaps in previous research The additional data enable them to clarify the nature of local party organizations and in a larger sense the role of the parties in the contemporary American political system

The 2000 Presidential Election in the South Robert P. Steed, Laurence W. Moreland, 2002-03-30 This volume is the fifth in a series of analyses of elections in the South beginning with the 1984 general elections and continuing in 1988 1992 and 1996 While the presidential election has been the focus other important aspects of contemporary Southern electoral politics have also been examined including congressional and state elections as well as the overall status of party development and competition in each Southern state Steed and Moreland continue the general organization plan of the previous publications in this volume beginning with an introductory chapter on general issues and background a chapter on presidential primaries an examination of the particular issues of the 2000 presidential election and a look at religion and Southern politics Experts on the individual states then analyze the contests in each state and the volume concludes with a summary of the lessons to be gained from the 2000 election cycle An definitive work for all scholars students and researchers involved with contemporary Southern politics and presidential elections *The Republican South* David Lublin, 2021-03-09 This comprehensive and in depth look at southern politics in the United States challenges conventional notions about the rise of the Republican Party in the South David Lublin argues that the evolution of southern politics must be seen as part of a process of democratization of the region s politics The Voting Rights Act of 1965 provided a sharp jolt forward in this process by greatly expanding the southern electorate Nevertheless Democrats prevented Republicans from capitalizing rapidly on these changes The overwhelming dominance of the region s politics by Democrats and their frequent adoption of conservative positions made it difficult for the GOP to attract either candidates or voters in many contests However electoral rules and issues gradually propelled the Democrats to the Left and more conservative white voters and politicians into the

arms of the Republican Party Surprisingly despite the racial turmoil of the civil rights era economic rather than racial issues first separated Democrats from Republicans Only later did racial and social issues begin to rival economic questions as a source of partisan division and opportunity for Republican politicians The New Politics of North Carolina Christopher A. Cooper, H. Gibbs Knotts, 2012-09-01 Political scientist V O Key in 1949 described North Carolina as a progressive plutocracy He argued that in the areas of industrial development public education and race relations North Carolina appeared progressive when compared to other southern states Reconsidering Key s evaluation nearly sixty years later contributors to this volume find North Carolina losing ground as a progressive leader in the South The new politics of the state involves a combination of new and old new opportunities and challenges have forced the state to change but the old culture still remains a powerful force In the eleven essays collected here leading scholars of North Carolina politics offer a systematic analysis of North Carolina s politics and policy placed in the context of its own history as well as the politics and policies of other states Topics discussed include the evolution of politics and political institutions the roles of governors the judicial branch interest groups and party systems and the part played by economic development and environmental policy Contributors also address how geography affects politics within the state region and nation Designed with students and interested citizens in mind this collection provides an excellent introduction to contemporary North Carolina politics and government Contributors Hunter Bacot Elon University Christopher A Cooper Western Carolina University Thomas F Eamon East Carolina University Jack D Fler Wake Forest University Dennis O Grady Appalachian State University Ferrel Guillory University of North Carolina at Chapel Hill Sean Hildebrand Western Carolina University Jonathan Kanipe Town Manager Catawba North Carolina H Gibbs Knotts Western Carolina University Adam J Newmark Appalachian State University Charles Prysby University of North Carolina at Greensboro Ruth Ann Strickland Appalachian State University James H Svava Arizona State University Timothy Vercellotti Rutgers University *The Oxford Handbook of Southern Politics* Charles S. Bullock III, Mark J. Rozell, 2012-02-17 The unique political history of the Southern United States is rooted in the fact that it is the only region to have ever taken up arms against the national government While the resources of the North prevailed after the four bloody years of the Civil War the consequences of the practice of slavery and the bitter loss experienced by the South continue to shape southern politics a century and a half later The twenty three essays included in *The Oxford Handbook of Southern Politics* present a definitive view of the factors that contribute to this region s distinctive politics examining these factors in the context of the South s political development since World War II Following an introductory essay by editors Charles Bullock III and Mark Rozell five chapters survey the past seventy five years of the region s political history looking in particular at the Civil Rights Movement urbanization of the South and the area s economy and changing demographics Four chapters will then take a closer look at the influence of particular demographics including religious conservatives women and Latinos This will be followed by chapters on the rise of the Republican Party southern political attitudes and political and

economic development in the Southern Black Belt Subsequent chapters will examine political parties voting and elections including party organizations and activists the mainstreaming of the Republican Party realignment party building and Deep South politics The five chapters of the final section will look at the South's impact on national politics at the executive and congressional levels legislatively and on the nation more generally

The Rational Southerner M. V. Hood III, Quentin Kidd, Irwin L. Morris, 2014-05-29 What drove the transformation of post World War II politics in the South In *The Rational Southerner* M V Hood Quentin Kidd and Irwin L Morris develop a theory of relative advantage to explain why whites fled the Democratic Party and what propelled black political mobilization Collating decades of data the authors demonstrate that race was and is the chief force behind political change in the region

Southern Politics in the 1990s Alexander P. Lamis, Associate Professor of Political Science Alexander P Lamis, 1999-08 During the 1990s the Republican party surged to majority status in the South after two decades of struggling unevenly to become established in the formerly one party Democratic section of the country In this comprehensive up to date study seasoned observers tell the fascinating story of the GOP's remarkable advance at the regional level and in each of the eleven states of the former Confederacy effectively capturing the current partisan dynamics at work throughout Dixie In *Southern Politics in the 1990s* eleven teams of political scientists and journalists all of them long time observers of the political scene in their own states offer individual chapters that closely examine partisan and electoral developments in each southern state Alexander P Lamis frames the state discussions with introductory and concluding chapters that highlight the evolution of the two party South and the political transformation the region as a whole underwent during the decade of the 1990s Together the authors show that the amazing Republican spurt was fueled by many factors including the ongoing entrenchment of the partisan competition begun three decades earlier the national Republican sweep of 1994 that affected all regions of the country equally and the successful efforts of Republicans to paint the Democrats as hopelessly mired in a corrupt political system and themselves as untainted reformers who represent the future However as the separate state chapters illustrate the pace of change differed from state to state For example South Carolina was an early Dixie leader in the GOP's growth in the 1990s but Arkansas caught the wave only in the middle of the decade Offering in depth political analysis on both the state and the regional level *Southern Politics in the 1990s* reveals that the 1990s revolution in southern politics gave the country for the first time since the 1850s a truly national party system The book will prove essential to anyone interested in southern politics at the dawn of the twenty first century

Rural Republican Realignment in the Modern South M.V. Hood, III, Seth C. McKee, 2022-07-05 An inside look at why the Republican Party has come to dominate the rural American South Beginning with the Dixiecrat Revolt of 1948 and extending through the 2020 election cycle political scientists M V Hood III and Seth C McKee trace the process by which rural white southerners transformed from fiercely loyal Democrats to stalwart Republicans While these rural white southerners were the slowest to affiliate with the Grand Old Party they are now its staunchest supporters This transition and

the reasons for it are vital to understanding the current electoral landscape of the American South including states like Georgia Florida North Carolina Texas and Virginia all of which have the potential to exert enormous influence over national electoral outcomes In this first book length empirically based study focusing on rural southern voters Hood and McKee examine their changing political behavior arguing that their Democratic to Republican transition is both more recent and more durable than most political observers realize By analyzing data collected from their own region wide polling along with a variety of other carefully mined sources the authors explain why the initial appeal of 1950s Republicanism to upscale white southerners in metropolitan settings took well over a half century to yield to and morph into its culturally conservative variant now championed by rural residents Hood and McKee contend that it is impossible to understand current American electoral politics without understanding the longer trajectory of voting behavior in rural America and they offer not only a framework but also the data necessary for doing so

The Oxford Handbook of State and Local Government Donald P. Haider-Markel, 2014-04 The Oxford Handbook of State and Local Government covers the main areas of study in subnational politics by exploring the central contributions to the comparative study of institutions behaviour and policy in the American context

State & National Parties & American Democracy Joel Paddock, 2005 During the past fifty years American democracy has been transformed by the collapse of non ideological and decentralized traditional party organizations and also by the emergence of more ideologically distinct and integrated service vendor parties and their allied groups In this book Joel Paddock uses several original data sets to provide new insights into the ways parties adapt to politics in the telecommunications age growing interparty ideological differences the changing relationship between parties and interest groups and party nationalization Well suited for either graduate or undergraduate courses on political parties or linkage institutions this book provides a fresh perspective on party transformation and the American democratic process

Twilight of the Texas Democrats Kenneth Bridges, 2008 In 1978 Republican William P Clements won the race for governor of the Lone Star State marking the start of an interlude of two party competition in the state Eventually Republican ascendancy would once again make Texas a safe place for a single party but not the party that had dominated the state since the end of Reconstruction At the time observers asked whether the election of a Republican governor was a mere flash in the pan For the previous twenty years other races at every level from national to local had made inroads into Democratic strongholds but that party's dominance by and large had held In 1978 the situation changed Now historian Kenneth Bridges drawing on polling data newspaper reports archival sources and extensive interviews both confirms the significance of the election and explains the many and complex forces at work in it He analyzes a wide range of factors that includes the disaffection among Mexican American voters fanned by La Raza Unida miscalculations by Democrat John Hill and his campaign staff the superior polling techniques used by Clements the unpopularity of the Democratic president Jimmy Carter the changing demographics of the state and the unprecedented spending by the Clements team In the process Bridges

describes not an ideological realignment among Texas voters but a partisan one Twilight of the Texas Democrats illuminates our understanding of both political science and regional history

Guide to U.S. Elections Deborah Kalb, 2015-12-24 The CQ Press Guide to U S Elections is a comprehensive two volume reference providing information on the U S electoral process in depth analysis on specific political eras and issues and everything in between Thoroughly revised and infused with new data analysis and discussion of issues relating to elections through 2014 the Guide will include chapters on Analysis of the campaigns for presidency from the primaries through the general election Data on the candidates winners losers and election returns Details on congressional and gubernatorial contests supplemented with vast historical data Key Features include Tables boxes and figures interspersed throughout each chapter Data on campaigns election methods and results Complete lists of House and Senate leaders Links to election related websites A guide to party abbreviations

Partisan Linkages in Southern Politics Michael A. Maggiotto, Gary D. Wekkin, 2000 Interpreting extensive data gathered in eleven southern states during the 1992 presidential election this book addresses a critical question about the democratic process Do political parties still have a meaningful role to play in linking government and the governed While some observers have written off modern parties arguing that they have been supplanted by political action committees social movements candidate organizations and the like Michael Maggiotto and Gary Wekkin find that parties remain viable mediators between the wishes and values of the electorate and the policy behavior of those whom they elect The authors base their conclusions on surveys conducted among a wide range of southern political participants in the 1992 election from the eligible electorate to those constituting the various party elites such as chairs and members of party committees and delegates to the national conventions In analyzing the data the authors proceed in three steps First they define party masses by party identification and expected vote and compare them to party elites using demographic socioeconomic and ideological factors Second they identify issue and ideological connections between party elites and masses Third they contextualize their findings by exploring the various political and socioeconomic environments within which elite mass interaction occurs This study is valuable for several reasons Its southern focus adds to our understanding of a dynamic political culture in which patterns of party competition and loyalty have changed rapidly in recent decades Also it is the first such study to take into account the influence of demographic institutional and cultural variables on the ways in which parties cohere on issues Finally it reaches some intriguing conclusions The authors find for example that issue congruence within parties often has as much to do with internal factors such as the strength of the party organization as it does with external variables such as race religion or level of education In illuminating the continuing vitality of partisanship in American political life this book will be studied and debated for years to come The Authors Michael A Maggiotto is professor of political science and dean of the School of Letters and Sciences at the State University of New York Brockport He is co editor with Gary D Wekkin Donald E Whistler and Michael A Kelley of Building Democracy in One Party Systems Gary D Wekkin is professor of political science at the

University of Central Arkansas and author of Democrat versus Democrat The National Party's Campaign to Close the Wisconsin Primary **Stealth Reconstruction** Glen Browder, 2010-06-01 America seems to have little sense of how the Civil Rights Movement actually played into southern politics over the remainder of the twentieth Century The common vision is a monolithic struggle between heroes and villains depicted literally and figuratively in black and white Unfortunately this conception provides incomplete explanation for subsequent progress in the southern political system This book reveals that amid all the heroic history of that time there is a fascinating story of stealth reconstruction i e the unheroic quiet practical biracial work of some white politicians and black leaders a story untold and unknown until now The Presidency of Bill Clinton Mark White, 2012-05-15 The presidency of Bill Clinton has an intrinsic historical significance a marker of generational change as he was the first baby boomer to reach the White House the first president whose personal life received no less attention than his policies and the first elected Democrat President to win re election since Franklin Roosevelt This book provides wide ranging coverage of Clinton's career addressing the salient aspects of Clinton's life in politics his governorship the 1992 presidential campaign the battle for health care reform his economic policies the issue of character including the Monica Lewinsky scandal his foreign policy specifically his role in the peace process in Northern Ireland and in authorizing an aerial war in Kosovo his handling of the issue of gay rights and his relationship with the Hollywood film industry Based on the latest research this volume provides important new perspectives on Clinton's life in politics It will be essential reading for anyone interested in American History Politics and International Relations *Crossing the Aisle* Antoine Yoshinaka, 2016 This book is the first systematic study of the causes and consequences of legislative party switching in the US It provides a sophisticated analysis combining quantitative data from Congress and state legislatures with elite interviews with switchers non switchers and a party leader including a real time look into the decision **The Southern Quarterly** , 1998

Party Activists In Southern Politics Mirrors And Makers Of Change Introduction

In today's digital age, the availability of Party Activists In Southern Politics Mirrors And Makers Of Change books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Party Activists In Southern Politics Mirrors And Makers Of Change books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Party Activists In Southern Politics Mirrors And Makers Of Change books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Party Activists In Southern Politics Mirrors And Makers Of Change versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Party Activists In Southern Politics Mirrors And Makers Of Change books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Party Activists In Southern Politics Mirrors And Makers Of Change books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Party Activists In Southern Politics Mirrors And Makers Of Change books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer

academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Party Activists In Southern Politics Mirrors And Makers Of Change books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Party Activists In Southern Politics Mirrors And Makers Of Change books and manuals for download and embark on your journey of knowledge?

FAQs About Party Activists In Southern Politics Mirrors And Makers Of Change Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Party Activists In Southern Politics Mirrors And Makers Of Change is one of the best book in our library for free trial. We provide copy of Party Activists In Southern Politics Mirrors And Makers Of Change in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Party Activists In Southern Politics Mirrors And Makers Of Change. Where to download Party Activists In Southern Politics Mirrors And Makers Of Change online for free? Are you looking for Party Activists In Southern Politics Mirrors And Makers Of Change PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always

Party Activists In Southern Politics Mirrors And Makers Of Change

to check another Party Activists In Southern Politics Mirrors And Makers Of Change. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this. Several of Party Activists In Southern Politics Mirrors And Makers Of Change are for sale to free while some are payable. If you arent sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories. Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You will also see that there are specific sites catered to different product types or categories, brands or niches related with Party Activists In Southern Politics Mirrors And Makers Of Change. So depending on what exactly you are searching, you will be able to choose e books to suit your own need. Need to access completely for Campbell Biology Seventh Edition book? Access Ebook without any digging. And by having access to our ebook online or by storing it on your computer, you have convenient answers with Party Activists In Southern Politics Mirrors And Makers Of Change To get started finding Party Activists In Southern Politics Mirrors And Makers Of Change, you are right to find our website which has a comprehensive collection of books online. Our library is the biggest of these that have literally hundreds of thousands of different products represented. You will also see that there are specific sites catered to different categories or niches related with Party Activists In Southern Politics Mirrors And Makers Of Change So depending on what exactly you are searching, you will be able to choose ebook to suit your own need. Thank you for reading Party Activists In Southern Politics Mirrors And Makers Of Change. Maybe you have knowledge that, people have search numerous times for their favorite readings like this Party Activists In Southern Politics Mirrors And Makers Of Change, but end up in harmful downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they juggled with some harmful bugs inside their laptop. Party Activists In Southern Politics Mirrors And Makers Of Change is available in our book collection an online access to it is set as public so you can download it instantly. Our digital library spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one. Merely said, Party Activists In Southern Politics Mirrors And Makers Of Change is universally compatible with any devices to read.
