Vanderbilt, 1999-01-01 Writer F Scott Fitzgerald s career itself is a metaphor for the vagaries of book publishing If Fitzgerald would have had his way we would today refer to The Great Gatsby as either Gold Hatted Gatsby Trimalchio in West Egg or The High Bouncing Lover A few years before Gatsby Fitzgerald had become a literary sensation at the age of 23 Helen Hooven Santmyer a contemporary of Fitzgerald s would not have a successful novel published until she was 88 and living in a nursing home In this book the author explores that mysterious place in publishing where art and commerce can either clash mesh or both Along the way a wide range of authors from the literary greats to today s commercial superstars editors agents and publishers share their thoughts insights and experiences What inspires writers John Steinbeck for example wrote every novel as if it were his last as if death were imminent Why are some books successful and appreciated while others fall into oblivion The answers are often elusive never absolute but the stories and anecdotes are always fascinating **The Triumph of the Thriller** Patrick Anderson, 2007-02-06 There s been a revolution in American popular fiction The writers who dominated the bestseller lists a generation ago with blockbuster novels about movie stars and exotic foreign lands have been replaced by a new generation writing a new kind of bestseller one that hooks readers with crime suspense and ever increasing violence Patrick Anderson The Washington Post s man on the thriller beat calls this revolution the triumph of the thriller and lists among its stars Thomas Harris Michael Connelly George Pelecanos Dennis Lehane Sue Grafton and Elmore Leonard In his provocative caustic and often hilarious survey of today s popular fiction Anderson shows us who the best thriller writers are and the worst He shows how Michael Connelly was inspired by Raymond Chandler how George Pelecanos toiled in obscurity while he mastered his craft how Sue Grafton created the first great woman private eye and how Thomas Harris transformed an insane cannibal into the charming man of the world who made FBI agent Clarice Starling his lover Anderson shows Scott Turow inventing the modern legal thriller and John Grisham translating it into a stunning series of bestsellers He casts a cold eye on Tom Clancy s militaristic techno thrillers and praises Alan Furst and Robert Littell as world class spy novelists He examines

the pioneering role of Lawrence Sanders the offbeat appeal of Dean Koontz the unprecedented success of *The Da Vinci Code* and the emergence of the literary thriller Most of all Anderson demands that the best of these novelists be given their due not as genre writers but as some of the most talented men and women at work in American fiction Don't trust the literary elites to tell you what to read he warns make up your own minds *The Triumph of the Thriller* will convince many readers that we've entered an important new era in popular fiction This book can be your guide to it **The Presidents We Imagine**

Jeff Smith, 2009-03-19 In *The Presidents We Imagine* Jeff Smith examines the presidency's ever changing place in the American imagination Ranging across different media and analyzing works of many kinds some familiar and some never before studied he explores the evolution of presidential fictions their central themes the impact on them of new and emerging media and their largely unexamined role in the nation's real politics **The War on Terror and American Popular Culture**
