Rattling Chains:

Monsters John Michael Greer, 2021-10-31 An Investigator's Guide to Magical Beings that takes you on a harrowing journey into the realm of monsters and the reality of the impossible. Monsters brings together folklore, Western magical philosophy, and field experience. This book is required reading for both active and armchair monster hunters. Between these covers, you will find a chilling collection of fiendish facts and folklore such as why true vampires are the least attractive, five different kinds of ghosts, the magical origins of the werewolf legends, hidden connections between faery lore and UFOs, and where dragons are found today. This is an essential field guide to monsters from angels to zombies with advice on monster investigation and magical self-defence. This latest edition not only has a new chapter on tulpas but the chapters on vampires and chimeras are significantly expanded with new material. Plus, the section on monster investigation has been thoroughly updated with details on new technology and the approach of the media to monster hunting. *The Westminster Review*

, 1882 **Seek Her Like Gold** Caitlyn Callery, 2024-10-23 On the trail of gold for the government, Freddy Finch surreptitiously searches the area around Rotherton. He is distracted by the widowed Eliza Rawlins who seems to be searching for something herself. Could she be after the gold too? Spinster Eliza's niece has been stolen. She must find her before she is taken abroad and lost forever. Posing as a widow to make searching easier, she cannot allow her growing feelings for Freddy to get in her way. **Awesome Tales from the Fringe** J. Aussem, 2016-06-20 THERE'S NO TELLING WHAT MIGHT

HAPPEN ON THE FRINGE UNTIL Suddenly you may find yourself in a situation from which you cannot escape on the Fringe. Beware! Who knows? Except you. Your fate may be unknown. Be careful as you tread. Someone may or may not be able to come to your rescue. You may become a character in a horrible story, your own tale. That no one knows about. You realize to your horror and astonishment that you shouldn't have stepped over the Edge. But if you're adventurous enough, come and walk the line of the Fringe with the characters of these chilling tales. Some of those have crossed over into the unknown. For example, meet Rick Misfort who finds himself locked up in a Medieval Torture Chamber, or Chester van Stillmort who's frozen in a Cryogenic Deep Freeze and can't get out. Or how you'll discover that you cannot deplane off of Flight 136. Only Ms. Faith Foundered can see the Green Ghost Gremlins who are running all about taking apart the plane and bringing it down. You may also find yourself up against the likes of a lady named Gretchen who you didn't realize is a Witch. Or you may find yourself beyond help like Duke Skywatcher who soon finds himself aboard an alien spaceship, soon to be whisked away and never heard from again. Or risky and unpredictable time travel with Chico Hernandez in his time machine. It all remains a mystery who or what you may soon find on the Fringe. **Ghosted** Alice Vernon, 2025-09-11 A social, historical, and scientific

exploration of ghost hunting and why our fascination with the paranormal is as timeless as the ghosts we hope to find. The history of ghosts is ancient, but the history of active ghost hunting is relatively recent, and investigations into the paranormal have developed hand in spirit hand with scientific discoveries from radio waves to smartphone apps. Now more than ever we

want to find our own ghosts Is it to help process grief Become influencers Or ease our fears of death Ghosted follows the story of paranormal investigations from the Victorian era to the modern day examining how our fascination with ghost hunting has changed alongside technology and culture Where we once gathered around tables observing and recording every movement of the medium we now take electronic equipment and app laden phones around haunted locations to catch ghosts digitally Where theatres and concert halls held sold out performances by conjurers recreating the tricks of fraudulent mediums we now delight in picking apart and exposing the evidence presented on reality television programmes In this book Alice Vernon embarks on a journey to encounter a ghost travelling to some of the UK s most haunted locations and encouraging readers to interrogate their own scepticism and belief Ghosted examines what we are looking for why we are looking for it and why have we never given up the ghost

If Forever Is The End: 2 Clint Lowe, 2024-09-10 An arrow of steel and wood severs the sky And from it breeds a mystery of the deadliest order A perilous journey of turmoil and madness looms for Lincoln and Zamora as they struggle in the epic search for the Heart The journey goes spiraling into forbidding shores where wild men and squallier women rule to a concealed city built for those who should never be seen All scrap to find the Heart and the power it will wield to the beholder and falling into the wrong hands the threat to the province grows Outcasts plot against royals and those who are something else ascent to take all by the darkness An empress charades as anything she is not and a disgraced scum prepares for vicious revenge Amongst a milieu of lust and murder mad science and mayhem the Heart may fall into the hands of the men and women possessed of the reddest of blood or the blackest of hearts For when honor is tested the hearts of even the strong shudder The search for forever continues

The Right to a Fair Trial Thom Brooks, 2017-07-05 The right to a fair trial is often held as a central constitutional protection It nevertheless remains unclear what precisely should count as a fair trial and who should decide verdicts This already difficult issue has become even more important given a number of proposed reforms of the trial especially for defendants charged with terrorism offences This collection *The Right to a Fair Trial* is the first to publish in one place the most influential work in the field on the following topics including the right to jury trial lay participation in trials jury nullification trial reform the civil jury trial and the more recent issue of terrorism trials The collection should help inform both scholars and students of both the importance and complexity of the right to a fair trial as well as shed light on how the trial might be further improved
