The Lost Pre-Raphaelite Nigel Daly,2014-08-11 When the author bought a falling down fortified house on the Staffordshire moorlands he had no reason to anticipate the astonishing tale that would unfold as it was restored A mysterious set of relationships emerged amongst its former owners revolving round the almost forgotten artist Robert Bateman a prominent Pre Raphaelite and friend of Burne Jones He was to marry the granddaughter of the Earl of Carlisle and to be associated with Benjamin Disraeli William Gladstone and other prominent political and artistic figures But he had abandoned his life as an artist in mid career to live as a recluse and his rich and glamorous wife to be had married the local vicar already in his sixties and shortly to die The discovery of two clearly autobiographical paintings led to an utterly absorbing forensic investigation into Bateman's life The story moves from Staffordshire to Lahore to Canada Wyoming and then via Buffalo Bill to Peru and back to England It leads to the improbable respectability of Imperial Tobacco in Bristol and then less respectably to a car park in Stoke on Trent En route the author pieces together an astonishing and deeply moving story of love and loss of art and politics of morality and hypocrisy of family secrets concealed but never quite completely obscured The result is a page turning combination of detective story and tale of human frailty endeavor and love It is also a portrait of a significant artist a reassessment of whose work is long overdue Nigel Daly is an antique dealer and house restorer **Mind in health**

William Lauder Lindsay,1880 **Jim Harrison: Complete Poems** Jim Harrison,2021-12-20 Starred Review from Booklist This robust volume is a testament to the fortitude of a great American poet's work a landmark collection From the Introduction by Terry Tempest Williams Jim Harrison was among the great ones an elevated soul in all his unruliness who favored his senses and courted the wild on the page and in the world His was a storied life that loomed large and we are the beneficiaries Such a powerful wounded poet wrote as if he had to sing with a cut throat and he did have to sing said Jorie Graham Jim Harrison Complete Poems is the definitive collection from one of America's iconic writers Introduced by activist and naturalist writer Terry Tempest Williams this tour de force contains every poem Harrison published over his fifty year career as well as a section of previously unpublished Last Poems Here are the nature based lyrics of his early work the high velocity ghazals a harrowing prose poem correspondence with a Russian suicide the riverine suites fearless meditations inspired by the Zen monk Crazy Cloud and a joyous conversation in haiku like gems with friend and fellow poet Ted Kooser

Weaving throughout these 1000 pages are Harrison's legendary passions and appetites his love songs and lamentations and a clarion call to pay attention to the life you are actually living Jim Harrison Complete Poems confirms that Jim Harrison is a talented storyteller with a penetrating eye for details or as Publishers Weekly called him an untrammelled renegade genius a poet talking to you instead of around himself while doing absolutely brilliant and outrageous things with language NOTE Jim Harrison Complete Poems also appears as a three volume box set Print run limited to 750 copies Each volume is introduced by a different writer Colum McCann Joy Williams and John Freeman The box set retails for 85 and ISBN is 9781556596414

Glimpses of animal life William Jones (F.S.A.),1889 **The Peregrine Falcon** Derek Ratcliffe,2010-06-30 The first edition of The Peregrine Falcon was widely recognised as a classic of its kind documenting not only the species biology but also the sad tale of its decline due to the impact of pesticides This extensively revised and enlarged second edition takes full account of important new developments in the story of this bird during the intervening 12 years It reports one of the few notable successes in wildlife conservation the full restoration of British and Irish Peregrine populations and their appreciable recovery in other countries where numbers had also been greatly reduced by the impact of organochlorine pesticides The pattern of increase in Britain has been extremely varied from districts where numbers are now far higher than at any time in recorded history to others where the bird is now at its lowest ebb The examination of the reasons for these differences helps us to understand the most recent developments in the Peregrine saga Particular attention has been paid to the recent major advances in our knowledge of Peregrine biology such as its movements population turnover food and nesting habits Many of the tables and figures have been revised and brought up to date so that this volume like its predecessor is once again by far the most detailed and readable reference on this most evocative of birds Donald Watson's colour paintings monochrome washes and line drawings and the original photographs illustrate the book as before Cover illustration by Donald Watson
