Ray Campbell Smiths Watercolour Landscapes:

Ray Campbell Smith's Watercolour Landscapes Ray Campbell Smith, 2003-09 This teaching guide features 50 of the author's watercolours accompanied by explanatory text, working sketches and details. He describes the methods and materials he uses to paint them and demonstrates how he employs fluent brushwork and a limited palette to distil a scene down to its essentials. *Landscapes in Watercolour* Ray Campbell Smith, 2000 Lively skies, misty woodlands, country lanes, quiet harbours and soft reflections: these and more are presented by well-known artist Ray Campbell Smith as he shows how to capture the freshness and beauty of watercolours in his own distinctive style. Ray Campbell Smith's Way with Watercolour Ray Campbell Smith, 1997 The soft atmospheric hues of watercolor could entice any painter. If you're thinking of putting brush to paper, artist Ray Campbell Smith can show you the best approach to this beautiful and expressive medium. Each layout contains a black and white sketch of the project. Campbell explains what makes the subject interesting and the painting's intended mood. Close-up sections detail particular techniques and choices. Every page has recommended colors and brushes and hints on composition. The gorgeous projects include a Scottish Fishing Port, a boathouse by a lake, an English market and a French village. **Watercolour Landscapes Step-by-Step** Kersey, 2020 **Watercolour Work-out** Ray Campbell Smith, 1995 Terry Harrison's Complete Brush with Watercolour Harrison, 2017 In this comprehensive guide to painting watercolor landscapes, two of Terry Harrison's bestselling books, *Painting Watercolour Landscapes The Easy Way* and *Brush With Watercolour*, are seamlessly combined into a single volume. Beginning with basic perspective, he covers the eye level line, vanishing points, basic constructions and shadows. We then progress to ellipses, curves and curvilinear objects such as boats, with plenty of advice on how to simplify difficult shapes. The section on reflections will be invaluable to landscape artists. There is then a section on aerial perspective, detailing the use of tone and colour to create depths in a painting. The final section on stretching the rules shows how unconventional perspective can produce dramatic compositions. There are exercises along the way to help artists to improve their accuracy and plenty of painted and drawn
