## Ray On Wine:

**Ray on Wine** Cyril Ray,1979-01-01      **The Wine Pioneers** Anton Massel,2008 At first there were the horticulturists and wine growers then came the wine makers the coopers and the cellar masters Inevitably there were wine shippers and wine merchants Chemists and biologists added their skills in the past two centuries and only very recently came the oenologists and the professional wine tasters Wine writers play an important role in today s wine trade and there were always wine connoisseurs and wine snobs From 5000BC to the modern day this book provides a chronological history of the wine pioneers through the ages      **The Makers of American Wine** Thomas Pinney,2012-05-07 Americans learned how to make wine successfully about two hundred years ago after failing for more than two hundred years Thomas Pinney takes an engaging approach to the history of American wine by telling its story through the lives of 13 people who played significant roles in building an industry that now extends to every state While some names such as Mondavi and Gallo will be familiar others are less well known These include the wealthy Nicholas Longworth who produced the first popular American wine the German immigrant George Husmann who championed the native Norton grape in Missouri and supplied rootstock to save French vineyards from phylloxera Frank Schoonmaker who championed the varietal concept over wines with misleading names and Maynard Amerine who helped make UC Davis a world class winemaking school      **A Treatise on the Origin, Nature, and Varieties of Wine** John Louis William Thudichum,August Dupré,1872      How to Launch Your Wine Career Liz Thach,Brian D'Emilio,2009-09-01 Written by successful and respected industry professionals How to Launch Your Wine Career gives practical real world advice on how to land develop and succeed in a career in wine making and production vineyard management marketing and sales public relations writing education winery management and administration direct to consumer sales and more Featuring interviews with some of wine s most prominent figures including winemaker Heidi Barrett and wine writer James Laube of Wine Spectator the book builds a career from the ground up explaining job descriptions educational and skill requirements the career ladder how to get started and job hunting strategies Each chapter ends with a helpful resource guide of available conferences books and websites The appendix provides a detailed action plan worksheet to help the prospective applicant plan plot progress and nail that killer wine industry job      All about Wine Jonathan Ray,ALAN WILLIAMS,2005-08 Knowing what to expect from a bottle of wine and a little of where it is from and how it is made adds immensely to its enjoyment All About Wine will enable wine enthusiasts to approach any bottle with confidence      The Accidental Connoisseur Lawrence Osborne,2004-03-15 Witty sometimes withering learned and often loopy musings on the world of fine wine an excellent drinking companion Adam Sachs Newsday What is taste Is it individual or imposed on us from the outside Why are so many of us so intimidated when presented with the wine list at a restaurant In The Accidental Connoisseur journalist Lawrence Osborne takes off on a personal voyage through a little known world in pursuit of some answers Weaving together a fantastic cast of eccentrics and obsessives industry magnates and small farmers

the author explores the way technological change opinionated critics consumer trends wheelers and dealers trade wars and mass market tastes have made the elixir we drink today entirely different from the wine drunk by our grandparents In his search for wine that is a true expression of the place that produced it Osborne takes the reader from the high tech present to the primitive past From a lavish lunch with wine tsar Robert Mondavi to the cellars of Marquis Piero Antinori in Florence from the tasting rooms of Chateau Lafite to the humble vineyards of northern Lazio Osborne winds his way through Renaissance palaces 27 million wineries tin shacks and garages opulent restaurants world famous chais and vineyards renowned villages and obscure landscapes as well as the great cities which are the temples of wine consumption New York San Francisco Paris Florence and Rome On the way we will be shown the vast tapestry of this much desired little understood drink who produces it and why who consumes it who critiques it Enchanting delightful entertaining and above all down to earth this is a wine book like no other
