Military Neck Medallions H. Lee Culp, *Army* ,1962 **Commanding Professionalism** William Stuart Nance,2023-10-03 When one thinks of influential World War II military figures five star generals such as Dwight D Eisenhower and Omar Bradley instantly come to mind As important as these central figures were to the Second World War the conflict produced equally effective lower profile leaders whose influence had an undeniable impact Among these leaders are William Simpson commander of the US Ninth Army and James Moore his chief of staff Working in tandem the pair helmed a unit that gained recognition as uncommonly normal an affectionate designation driven by their steadfast professionalism in all endeavors It was their unobtrusive leadership style that relegated these career military men to the footnotes of military history *Commanding Professionalism* Simpson Moore and the Ninth US Army corrects this historical oversight by examining the achievements of these overlooked heroes Focusing on Simpson and Moore s careers from 1940 through the end of World War II author William Stuart Nance recounts the pair s working relationship Together they successfully maneuvered through the squabbling of the American and British forces and developed an army admired for its consistency of conduct and military prowess capable of resisting the complex external and political machinations of the time Simpson and Moore s unflinching devotion to the greater good and their steady handle on the dynamics of command staff relationships proved essential to the war effort and its ultimate success Their example Nance argues remains aspirational and worthy of emulation in the military command structure of today Congressional Record United States. Congress,1965 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are

recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 **A General's Life: An Autobiography** Omar Bradley, 2019-07-29 In this autobiography Omar N Bradley 1893 1981 recounts his youth in Missouri his years at the US Military Academy at West Point he graduated in 1915 alongside Dwight D Eisenhower his assignments on the US Mexico border and in Montana guarding copper mines during World War I his tours teaching mathematics at West Point and in 1941 commanding of the US Army Infantry School at Fort Benning his active duty during World War II in North Africa Sicily Normandy and eventually commanding 43 divisions and 1 3 million Americans in Europe linking up with Soviet forces on the Elbe in April 1945 sealing the defeat of Nazi forces Bradley provides vivid descriptions of key figures in the liberation of Europe including Marshall Eisenhower Patton Churchill and Montgomery Back in Washington Bradley describes his years heading the Veterans Administration his tenure as Army Chief of Staff and as first Chairman of the Joint Chiefs of Staff starting in 1949 After being promoted to the rank of General of the Army five stars in 1950 Bradley was the senior military commander when the Korean War started he supported President Truman s wartime policy of containment and was instrumental in persuading Truman to dismiss General MacArthur in 1951 after MacArthur resisted administration attempts to scale back the war s strategic objectives The narrative deals skillfully with the planning and execution of campaigns that changed history an unmatched panorama of 40 years of American military history A great many writers have taken a crack at describing the 1944 Allied landings in Normandy but no overall description of that long bitter battle on the American beaches Utah and Omaha is better than the one in this book Drew Middleton The New York Times The most unassuming of the WW II military chiefs has in recompense the last stinging word a vigorous accomplished exceptionally unconstrained narrative Explosive yet likable Kirkus Reviews A surprisingly candid account from a man long reputed to be mild mannered discreet and uncritical of the figures of his time General Bradley has given us a very informative autobiography Especially interesting are the sections on American military participation in the North African and Sicilian campaigns and Eisenhower s role there the Normandy landings and subsequent breakout the Battle of the Bulge and President Truman s removal of General MacArthur from command in Korea He is very frank in his comments on Eisenhower s weaknesses as Allied commander in North Africa and Sicily and of Patton s ill advised behavior and remarks during that period and later He is also harshly critical of Montgomery s prima donna like behavior and his continual efforts to push Eisenhower into giving him the supreme command of all Allied ground troops With the loss of General Bradley there are unlikely to be any more top rank firsthand accounts of this period in US military history Bradley s book therefore may have the last word but he hasn t abused that privilege He was too fair a man for that Howard C Thomas The Christian Science Monitor A superb book a remarkably smooth flowing account of the life of one of this country s most distinguished military leaders Bradley s candid appraisals of his superiors subordinates and peers notably Patton Montgomery Eisenhower Simpson and Hodges make fascinating reading

this is a first rate addition to the growing number of biographies of prominent World War II military personalities Besides being eminently enjoyable reading for casual consumption it is of significant value to the student of military history
