**United States. Congress. Senate.
Committee on the Judiciary**

Razvedchiki I Shpiony:

Soviet Intelligence and Security Services: 1964-70 Library of Congress. Congressional Research Service, 1972

Russia and the Cult of State Security Julie Fedor, 2013-03-01 This book explores the mythology woven around the Soviet secret police and the Russian cult of state security that has emerged from it Tracing the history of this mythology from the Soviet period through to its revival in contemporary post Soviet Russia the volume argues that successive Russian regimes have sponsored a cult of state security whereby security organs are held up as something to be worshipped The book approaches the history of this cult as an ongoing struggle to legitimise and sacralise the Russian state security apparatus and to negotiate its violent and dramatic past It explores the ways in which during the Soviet period this mythology sought to make the existence of the most radically intrusive and powerful secret police in history appear natural It also documents the contemporary post Soviet re emergence of the cult of state security examining the ways in which elements of the old Soviet mythology have been revised and reclaimed as the cornerstone of a new state ideology The Russian cult of state security is of ongoing contemporary relevance and is crucial for understanding not only the tragedies of Russia s twentieth century history but also the ambiguities of Russia s post Soviet transition and the current struggle to define Russia s national identity and future development The book examines the ways in which contemporary Russian life continues to be shaped by the legacy of Soviet attitudes to state society relations as expressed in the reconstituted cult of state security It investigates the shadow which the figure of the secret policeman continues to cast over Russia today The book will be of great interest to students of modern Russian history and politics intelligence studies and security studies as well as readers with an interest in the KGB and its successors

Near and Distant Neighbors Jonathan Haslam, 2015-09-22 A revelatory and pathbreaking account of the highly secretive world of the Soviet intelligence services A uniquely comprehensive and rich account of the Soviet intelligence services Jonathan Haslam s *Near and Distant Neighbors* charts the labyrinthine story of Soviet intelligence from the October Revolution to the end of the Cold War Previous histories have focused on the KGB leaving military intelligence and the special service which specialized in codes and ciphers lurking in the shadows Drawing on previously neglected Russian sources Haslam reveals how both were in fact crucial to the survival of the Soviet state This was especially true after Stalin s death in 1953 as the Cold War heated up and dedicated Communist agents the regime had relied upon Klaus Fuchs the Rosenbergs Donald Maclean were betrayed In the wake of these failures Khrushchev and his successors discarded ideological recruitment in favor of blackmail and bribery The tactical turn was so successful that we can draw only one conclusion the West ultimately triumphed despite not because of the espionage war In bringing to light the obscure inhabitants of an undercover intelligence world Haslam offers a surprising and unprecedented

portrayal of Soviet success that is not only fascinating but also essential to understanding Vladimir Putin's power today
